## President's Perspective

I hope everyone is as happy to have the fall weather upon us as I am. With the fall, comes crisp cool nights, turning leaves and the anticipation of the holiday season. I am pleased to report enrollment is up this semester, our current programs and students are doing very well and we are preparing for additional new degrees such as Agricultural Business. As it turned out, we are the only two year college in the state that did not raise tuition. We take every opportunity to keep the costs of higher education as low as possible for our students.

Many of us returned from the ACC conference in Hot Springs yesterday and I think it's safe to say it was enjoyed by those who could attend and there was a lot learned in the various sessions. We were also very proud to celebrate our annual awardees in this statewide event! Enjoy the rest of our semester.

Best of Success!

Dr. Richard Dawe

Ms. Alexandra "Sasha" Rohder, is officially a pilot! Sasha is the first student to earn a pilot certificate as part of the continuing education program at Ozarka College. Sasha was required to complete a knowledge test as well as a practical examination consisting of an extensive oral exam and demonstration flight with an FAA-approved Designated Pilot Examiner (DPE). On **August 2, 2016**, Sasha travelled to Searcy, AR and completed her practical examination earning her Private Pilot Certificate.

Ozarka College director of aviation and flight instructor, Nick Lenczycki commented, "We could not be more proud of Sasha. She has worked hard and has been extremely diligent. Becoming a pilot is not something that is just given; it is earned."

Sasha began flying at the age of ten. Having already completed a number of hours prior to training at Ozarka, Sasha's goal was to complete her certification before beginning college this fall. According to Lenczycki, "This is a great example of how Ozarka College can help members of the community complete goals through the continuing education program. Sasha will receive college credit for the training completed with Ozarka College and begin one year ahead of her peers."

In addition to becoming a pilot, Sasha enlisted in the Army National Guard on **August 4, 2016** and began classes at the University of Central Missouri (UCM) on **August 15, 2016**. She plans to continue training while enrolled at UCM with hopes of becoming a Blackhawk Helicopter Pilot.
