Ozarka Receives First Donation Toward Amphitheater

The Ozarka College Mountain View Expansion project is underway and construction is progressing as scheduled. The Ozarka College Foundation Board launched a capital campaign in conjunction with the building project and is pleased to report phase one has been completed.

Phase one of the new 10,500 square foot facility included naming opportunities for classrooms, nursing classroom/lab, lecture hall, student center, and a conference room. Phase two of the expansion is an outdoor amphitheater which will be available to the community. Ozarka is seeking a combination of grant funding and community support for the amphitheatre at this time.

The first Gold Level donation of \$1,000 for Phase Two has been provided by Joe and Maxine Wyatt. The Wyatt's wanted to donate to this unique feature of the Mountain View site and hope that others will follow with support. The proposed amphitheatre will seat up to 150 people

and will be available for scheduled community use as well as for student organizations and other campus events and ceremonies.

The permanent home of Ozarka College - Mountain View opened in August of 2005 after ten acres of land was purchased by the college in May of 2003. Enrollment has grown each year since the facility opened and the Ozarka College Board of Trustees approved a resolution to provide construction funding through institutional bond restructure at the quarterly meeting last Fall after recognizing the need for additional space. Bond sales were finalized in early December of 2009 and planning the facility began immediately.

The architectural firm of Polk, Stanley and Wilcox worked with Ozarka College administrators to design a state-of-the-art educational facility incorporating the culture of Mountain View and Stone County

while meeting the needs of the community. The contract was awarded to NOACON, Inc. from Fairfield Bay. Tentative plans for a grand opening is scheduled for Fall 2011.

For more information about the opportunity to support Ozarka College through this building campaign in Stone County, contact Gin Brown at 870-269-5200 or Suellen Davidson, the Director of Advancement at 870-368-2059.
