The Campus Preparedness and Safety Committee met on the following dates during the 2008 – 2009 Fall Semester:

   October 16, 2008
   November 21, 2008

The primary focus of the meetings was to continue the efforts started the previous year with regard to the Campus Crisis Manual. Employees were given a draft copy of the manual at the August staff meeting. Other efforts focused on signage indicating emergency exit routes, mass communication options, planning and implementation of training drills, and building safety inspections. Committee members ended the year by developing a series of quizzes for staff training. These quizzes will cover material in the Campus Crisis Manual and testing is expected to begin in February 2009.
