Good Day to everyone,

We (the safety committee) hope that yesterday's fire drill was not a major interruption during your class time. Ozarka considers this to be a matter of utmost importance---saving lives. Drills such as this are the test to see if everyone involved has studied their lesson (Crisis Manual, fire routes, tornado safe places, gathering places, etc.), Ozarka *is* **all about learning**.

Please help improve future activities such as this by taking this short survey.

___1. Were the exit routes clearly indicated on the maps located near the classroom door?
a. Yes b. No

___2. Were you aware of where to gather after leaving the building?
a. Yes b. No

___3. Do you consider this drill effective in making Ozarka a safe campus?
a. Yes b. No

___4. Will you please offer suggestions in how to keep up with students other than taking roll each class period and then in the event of a drill or acutal fire taking roll at the gathering place:

___5. Please add comments that would improve the next drill:
