General Education Philosophy

Ozarka College provides core classes to instill general education knowledge, skills, and attitudes which are then reinforced throughout the academic and technical curriculum. The goal of general education is to give students the ability to:

1. Communicate accurately and convincingly in written, spoken, and nonverbal forms;
2. Apply perspective, collect relevant information, and weigh evidence to develop solutions to the problems and complexities of life;
3. Demonstrate how physical and cultural history has shaped the present and points to the future;
4. Apply higher-level mathematical reasoning and/or the scientific method to solve problems;
5. Use technology to discover, organize, and manage knowledge for academic, personal, and/or technical purposes; and
6. Recognize and expand awareness of global multicultural viewpoints.
