

Automotive Advisory Committee Meeting

Minutes

11/4/2010

6:20 p.m.

Attendees: Chris Layne (Instructor), Jason Howell, Greg Fletcher, Larry Wilkes

The Advisory Committee discussed locating later model vehicles for training purposes for shop instruction. Chris will check with local insurance companies about donating wrecked cars that still run.

The Advisory Committee discussed purchasing a wheel alignment machine. Theory of alignment is taught in the class and the current machine is sufficient for this purpose at this time. They decided against purchasing the machine at this time.

The Advisory Committee discussed purchasing a vehicle lift to replace an old lift. There are currently three lifts in the shop, one of which is very old. Chris will look at budgeting for a new lift.

Meeting adjourned at 7:25 p.m.
