2012-2013 CATALOG

Welcome to Ozarka College – we are excited that you have chosen us to serve your higher education needs. Whether you are a recent high school graduate beginning your college experience, or a more seasoned student who has made the decision to enhance your work skills or to prepare you for new opportunities. Ozarka College is the right place for you. You'll find that we take great pride in our

mission of "providing life-changing experiences through education."

As you browse the catalog, you will learn more about how our dedicated faculty, staff, and administration can help you achieve your academic and career goals. We can assist you with degree and course selection, financial aid, scholarships, and many other additional services to make your educational journey as productive and enjoyable as possible. I encourage you to carefully review this catalog; to go to our website www.ozarka.edu; "friend" us on Facebook, or contact us directly to make an appointment for a personal meeting.

I thank you for choosing Ozarka College and promise you a very supportive and enriching college experience. Students are far more than just a number at Ozarka, and you'll quickly learn that you will never be 'lost in the crowd.' I encourage you to contact us for further assistance, and I wish you much success in your academic journey!

A handwritten signature in black ink that reads "Richard L. Dawe". The signature is written in a cursive, flowing style.

Richard L. Dawe, Ph.D.

Accreditation

Ozarka College is accredited by the Higher Learning Commission, a commission of the North Central Association of Colleges and Schools, 30 North LaSalle Street, Suite 2400, Chicago, IL 60602-2504; (312) 263-0456 or www.ncahlc.org.

Ozarka is approved by the Veterans Administration for individuals eligible for educational benefits under the GI Bill. The Basic EMT program is approved by the Arkansas Department of Health, Division of Emergency Medical Services. Ozarka Kid's Academy is licensed by the Arkansas Department of Human Services, Division of Child Care and Early Childhood Education. The Registered Nursing and Licensed Practical Nursing programs are approved by the Arkansas State Board of Nursing. The Certified Nursing Assistant program is approved by Arkansas Office of Long Term Care. The Automotive Service Technology program is accredited by the National Automotive Technicians Education Foundation. The Culinary Arts program is a member of the Arkansas Hospitality Association.

Equal Opportunity/Affirmative Action Statement

Ozarka College does not discriminate against any individual on the basis of race, color, gender, religion, ethnic origin, age, marital status, sexual preference, or mental or physical disability in any of its programs or activities. Questions about this policy should be addressed to Human Resources.

The provisions of this publication are not to be regarded as a contract between the student and Ozarka College. The College reserves the right to change any provision or requirement when such action will serve the interest of the College or its students. The College further reserves the right at any time to ask a student to withdraw when it considers such action to be in the best interest of the College. Policies and procedures set forth by this catalog pertain to all Ozarka students. Any student falsifying information will not receive credit for that semester.

Mission, Vision and Values

Mission

Ozarka College provides life-changing experiences through education.

Vision

Ozarka College will be the educational resource of choice in our community providing a quality, learning-centered environment that is innovative, responsive, adaptive, and caring.

Values

Our values are the principles, standards, and ideals that form the foundation of our actions. They are the things to which we, as a community of educators, ascribe worth. Our values reveal what we strive for and give us our identity as a college.

- **Learning**

Ozarka College values learning and scholarship for our students, our employees, and the community. We value personal growth and provide access to diverse learning experiences in a technological, supportive environment so that our students can achieve their educational goals. We seek to learn continuously as an organization, to promote life-long learning, and to be responsive to our changing environment.

- **Caring**

Ozarka College values people and ideas. We respect the dignity and potential of each individual, expressed through fairness, responsiveness, and just treatment for all. We value individual diversity and recognize the unique contributions of all individuals. We promote open and respectful communications and the free exchange of thoughts and ideas.

- **Quality**

Ozarka College strives for excellence and integrity in all we do. We are committed to provide a quality, educational environment, to be innovative in our course and program offerings, and to maintain quality in all aspects of our work.

We continuously assess to determine avenues for improvement.

- **Community**
Ozarka College values community – both the community we serve and the community we create within. As students, faculty, and staff, we have a responsibility to our community that is expressed through involvement. We actively pursue collaborative partnerships with the community, providing cultural learning opportunities, business outreach, and facilities usage. We value our college community and encourage engagement through participation, collaboration, and communication.

Priorities of Ozarka College

- **Access to Education:** Ozarka College will ensure access to life changing educational opportunities.
- **Student Success:** Ozarka College will be a learning centered college preparing students for transfer, workforce, and life enhancement.
- **Management of Resources:** Ozarka College will ensure effective and efficient management of resources in support of the College Mission.
- **Continuous Improvement:** Ozarka College will utilize assessment as a catalyst for continuous improvement.
- **Community Engagement and Service:** Ozarka College will promote engagement and dialogue within the service region that will result in strong and mutually supportive community relationships.
- **Collaborative Partnerships:** Ozarka College will develop and maintain supporting partnerships to provide opportunities throughout the service area.

- **Workforce and Economic Development:** Ozarka College will provide leadership and opportunities to enhance economic viability within the service region.

Diversity at Ozarka College

As an institution of higher learning, Ozarka College acknowledges the strength that comes from diversity. Bringing differences and variety to the educational experience enhances the quality of the educational experience for students, faculty, staff, and community. The College recognizes many forms of diversity including but not limited to ethnicity, educational philosophy and background, gender, sexual orientation, religion, age, economic background, political philosophy, geographic origins, past experiences, and physical, mental and sensory capabilities. By celebrating diversity, the College provides educational opportunities for all to increase diversity awareness and sensitivity to others so that all may gain understanding and the ability to cooperate with each other. It is through understanding and cooperation that we as a people have the greatest chance to work together to positively influence the future for all mankind, whether living and working in the Ozarka College service area or in the wider global society.

Admissions and Registration

Ozarka College's admission policy reflects the institution's philosophy of providing educational opportunities for citizens within the geographic area it serves. Admission to the college does not ensure admittance to a particular course or program of study. Students may be required to remove deficiencies before enrolling in certain courses of study or curricula.

Communications concerning admission should be addressed to the Office of Admissions, Ozarka College, P.O. Box 10, Melbourne, AR 72556, or call (870) 368-2013 or 1-800-821-4335 Ext. 2013 or admissions@ozarka.edu.

Admissions (Student Checklist)

The following documents should be submitted to the Admissions Office prior to enrollment at Ozarka College.

1. A formal application for admission.
2. An official high school transcript including date of graduation, or official General Education Development (GED) score report, and/or official transcripts from previous colleges or universities. (A tentative admission decision can be made on the basis of a seven-semester high school transcript).
3. An official copy of the ACT Student Profile Report or the official result from the COMPASS or official transcript of all prior college work is due at time of registration. Placement will be based on test results or prior college course work. Tests must be taken within the last four years.
4. Proof of immunization against measles, mumps and rubella including a measles booster, unless born prior to 1957.
5. Acceptable photo identification. Copy of photo identification must be made in person. Students, who cannot submit a copy in person, may send a notarized copy of identification.
6. Valid student ID picture must be taken for all on-campus students.
7. Release of Information Authorization Form.
8. Free Application for Federal Student Aid (FAFSA) for Pell Grant application and all other financial aid requirements should be completed and turned in to the Financial Aid Office.

Students who misrepresent facts on an application for admission will be dropped from the college and their admission canceled immediately.

⇒NOTE: Applicants for the LPN, RN, Automotive Service Technology, and Culinary Arts are admitted to those programs only after meeting specific selection criteria. Information about these criteria is available from the Ozarka College Office of Admissions.

Some technical programs limit enrollment. Recommended maximum numbers are as follows:

Automotive Service Technology.....	18 students per class
Culinary Arts.....	21 students per class (10 new, 11 returning)
Licensed Practical Nursing.....	20 students per class
Registered Nursing	40 students per class

Admissions Documents

Immunization Records: The state of Arkansas requires that all students must provide the college with:

- Immunization records dated after 1968 and after the first birthday against measles, mumps and rubella and a measles booster signed by the appropriate official, or.
- An authorized waiver (religious or health reasons only) signed by the appropriate official is required each semester.

Immunization records may be available from the student's family physician, the student's public school records, or the county health departments. Specific programs may require additional immunizations. Check the program area listing for more details.

Transcripts: A transcript is deemed official only when it bears the school seal and/or the signature of a school official in ink and is received in a sealed envelope, or is received electronically from the school.

Because the original source of documents received through a facsimile transmission cannot always be accurately determined, the Office of the Registrar will accept academic transcripts by FAX transmission ONLY as working documents, pending the receipt of an official transcript from the sending institutions.

Submission of Documents: All students, including those enrolled part-time, must submit the required documents unless notified otherwise by the admissions office. All documents must be received and be OFFICIAL copies before a student will be considered an on-going student. A student may be accepted only as a provisional student until the necessary documents are received. (Necessary documents include the application, official high school transcripts indicating date of graduation or GED score report, official transcripts from all previous colleges attended, immunization record, placement test scores, and photo ID verified by College personnel).

Any student who has not submitted all of the above documents within the first 10 days of a fall or spring term and within the first week of a summer term will be placed on registration hold for the following semester and not have access to mid-term or final grades.

Registration

New Student Orientation and Registration: All new students are encouraged to attend an orientation, which prepares a student for college entry. In addition, all first-time, full-time students are required to enroll in a College Success Orientation course. This course will provide pertinent information that will facilitate students' orientation to Ozarka College and future academic success.

College Success Course Policy: It is Ozarka College's policy that all degree seeking students must complete COLL1001, College Success Orientation, with a grade of "C" or better during the first semester of full-time enrollment.

Exceptions to this policy are:

- Students who are pursuing a Certificate of Proficiency.
- Transfer students who have at least 24 credit hours of accepted transfer credit.
- Students who have successfully completed a comparable student success course with a “C” or higher.
- Graduates of any certificate or degree program.

Students who do not successfully complete the course with a “C” or better will be allowed one additional subsequent semester to enroll and successfully complete this course while simultaneously being allowed to take other courses. After two semesters of unsuccessful completion of COLL1001, registration in subsequent semesters will be limited to registration for COLL1001 only. Upon completion of the course, students can resume taking other college courses.

➡**NOTE:** Academic advisors reserve the right to recommend the course to students who may be exempt if they feel the course is in the student’s best interest.

Registration: Students are required to register during the scheduled registration periods. The student is responsible for the accuracy of the registration schedule, which should correspond with planning a program of study and meeting the requirements of graduation.

No credit will be granted for courses for which the student has not been duly registered.

It is the student’s responsibility to complete the prerequisites for every credit course before enrolling.

Enrollment

First-Time Entering Freshmen: Admission to Ozarka College is open to any qualified individual. A qualified individual is a person that has a high school or GED diploma and meets required ACT or COMPASS test score requirements. Refer to Placement Standards for more

information on ACT or COMPASS test score requirements. Application forms may be obtained from the Office of Admissions in Ozarka College - Melbourne, Ozarka College - Ash Flat, Ozarka College - Mountain View, and Ozarka College - Mammoth Spring, or may be found on the Ozarka College website at www.ozarka.edu.

College Preparation Core and Unconditional and Conditional Admissions

Unconditional Acceptance: Act of 1997 as amended ACT 520 of 1999 requires students graduating from public school after May 1, 2002 to have completed the core curriculum for unconditional college admission. GED recipients, out-of-state high schools, home-schooled, and private high school graduates who score 19 or above on the ACT composite or equivalent COMPASS will be granted unconditional college admission.

Ability to Benefit: Applicants without a high school diploma or GED who have acceptable ACT, COMPASS, or SAT test scores may schedule a time to meet the Registrar to be considered for conditional admissions to Ozarka College. However, it is recommended that most students should complete a high school diploma or GED prior to enrolling in college, and applicants seeking conditional admission through Ability to Benefit will be considered on a case-by-case basis. The Ozarka College Adult Education Program provides free instruction and testing for individuals who are seeking the completion of the GED.

Conditional Acceptance: A public school student who graduates after May 1, 2002 and has not completed the core curriculum will be admitted conditionally. GED recipients, out-of-state high schools, home schooled and private high school graduates who score 18 or less on the ACT composite or equivalent COMPASS will be granted conditional admission.

To change to unconditional status, a student must successfully complete the required hours of core academic courses and/or technical courses and any remedial courses with a 2.00 cumulative GPA within the first 30 semester hours.

Placement Standards: State law requires that all new students must present placement scores (usually ACT, or COMPASS), or previous college credit in proficiency courses before enrolling so that they may be placed in English, mathematics, or reading courses at a level which promotes their academic success.

Students should contact the Admission's office for the COMPASS test schedule. One of the following forms of photo identification must be presented at check-in, or you will not be allowed to test: city, state, federal, school or yearbook picture published within the last two years. If you have any questions, please contact the Admission's office.

If a student has placement scores on the ACT or COMPASS that are more than four years old, the student must retest. A student may retest after 30 days unless an exception is made by the Vice President for Student Services. In some cases the ASSET Assessment may be used in place of the ACT or COMPASS Test. Exception to placement score requirement: upon completion of a development course.

Mathematics

Students scoring 20 or above on the mathematics section of the ACT or 41 or above on the COMPASS Algebra may enroll in college-level mathematics courses (College Algebra and higher level courses). Students not meeting the standard must successfully complete a developmental (pre-college level) mathematics course with a "C" or higher or be enrolled in an accelerated math sequence in order to be enrolled in College Algebra. College Algebra is required for college transfer students and will satisfy graduation requirements for some other programs as well, if the student chooses to take this course.

All students with an ACT math score 0-15 or 0-35 on the COMPASS must enroll in Fundamentals of Arithmetic and/or Foundations of Math, a developmental course in general mathematics covering fractions, decimal fractions, percent, ratio and proportions, and measurement. Completion of this course with a grade of "C" or better qualifies a student to enroll

in Mathematics with Business Applications or Fundamentals of Algebra.

Students enrolling in a technical program that have an ACT math score of 16 or higher or COMPASS Pre-Algebra score of 36 or higher may enroll in Mathematics with Business Applications, which emphasizes applications of mathematics in technical areas. This course is required in the Business Technology program and meets the graduation requirements for most other technical certificate and AAS programs (see individual program requirements).

Students in a college transfer program who have an ACT math score of 16-17 or 36 or above in the Pre-Algebra on COMPASS or 21-30 in Algebra on COMPASS may take Fundamentals of Algebra, a review of basic algebraic concepts. This course is considered developmental for these students, who will have to complete an additional course or courses to meet graduation requirements. Completion with a grade of "C" or better qualifies a student to enroll in Intermediate Algebra.

Students in a college transfer program who have an ACT math score of 18 - 19 or an Algebra score of 31-40 on COMPASS may take Intermediate Algebra, a review of such concepts as polynomials, rational expressions, inequalities, quadratic equations, and graphic functions. Intermediate Algebra is considered developmental for college transfer students. Completion with a grade of "C" or better and successful post-testing qualifies a student to enroll in College Algebra.

Mathematics Placement

ACT Score	COMPASS Score	Course
0-15	Pre-Algebra 0-35	Fundamentals of Arithmetic & Foundations of Mathematics
16-17	Pre-Algebra 36-41 or Algebra 21-30	Fundamentals of Algebra & Foundations of Mathematics
16+	Pre-Algebra 36+	Math with Business Applications
18-19	Algebra 31-40	Intermediate Algebra & Foundations of Mathematics
20+	Algebra 41+	College Algebra
16+	Pre-Algebra 36+ & Algebra 14+	Math for Nurses

Students may enroll in any level of mathematics by meeting the placement requirements outlined above. They may choose to enroll in a lower level course if they feel they are not ready for the course which their placement scores indicate. During the first week of class, an instructor may determine that a student might perform better in either a higher or lower level course and will advise the student of that determination. Some students may be referred to the Student Success Center for one-on-one assistance or computerized tutorial work. Students should consult their academic advisor or the registrar about enrollment options.

English

Students scoring 19 or above on the English section of the ACT and 19 or above on the Reading section of the ACT or 80 or above on the COMPASS writing test and 82 or above on the Compass Reading test may enroll in English Composition I. Students not meeting the standards must successfully complete a developmental course or be enrolled in an accelerated English sequence in order to enroll in English Composition I. Students in technical certificate programs with placement scores in this range may complete English Composition I to meet their graduation requirements instead of Technical Writing. English Composition I is the first of two courses required for the AAS and college transfer programs.

Students must complete English Composition I with a grade of "C" or better before they can enroll in English Composition II or Technical and Business English. Satisfactory completion of English Composition II or Technical and Business English requires that a student earn a grade of "C" or better. Students making less than "C" must repeat the course and earn a higher grade in order to meet the graduation requirements.

All students with an ACT English score of 0-16 or a COMPASS score of 0-50 must enroll in Beginning Writing, a review of grammar and sentence structure as applied to student writing. Completion of this developmental course with a grade of "C" or better qualifies students to enroll in Practical Writing.

Students in an AAS degree program or a college transfer program who have an ACT English score of 17-18 or a COMPASS score of 51-79 must take Practical Writing, a review of mechanics and usage in conjunction with writing exercises. It is regarded as a developmental course for these students and carries no credit toward any associate degree. Technical Writing satisfies graduation requirements for technical certificates. Completion with a grade of "C" or better qualifies a student to enroll in English Composition I.

Writing Placement

ACT Score	COMPASS Score	Course
0-16	0-50	Beginning Writing
17-18	51-79	Practical Writing
17-18	32-79	Technical Writing
19+	Writing 80+ and Reading 82+	English Composition I

Students may enroll in any level of English by meeting the placement requirements outlined above. They may choose to enroll in a lower level course if they feel they are not ready for the course which their placement scores indicate. During the first week of class, an instructor may determine that a student would perform better in a higher or lower level class and will advise the student of that determination. Students should consult their academic advisor or the registrar about enrollment options.

Reading

Students scoring 19 or above on the English section of the ACT and 19 or above on the Reading section of the ACT or 80 or above on the Writing section and 82 or above on the COMPASS Reading test will be considered to have met minimal reading skill requirements.

Students who score 0 –18 on the Reading Section of the ACT or 0-81 on the COMPASS Reading test must enroll in Reading Improvement during their first semester in college and each subsequent semester (if necessary) until the course is successfully completed. Students may not enroll in English Composition I until they have completed any required remediation in reading.

Reading Placement

ACT Score	COMPASS Score	Course
0-18	0-81	Reading Improvement
19+	82+	College Level

Other Students

Former Students: Students who wish to return to Ozarka College after an absence of one academic semester (fall or spring semester) must:

- Re-apply by completing a new Application for Admissions form.
- Have a complete admissions file including official transcripts reflecting any additional credit earned from schools attended during their absence from Ozarka College.
- Meet terms and conditions (graduation, attendance, deadlines, etc.) of the catalog under which they re-enrolled.

Homeschooled Students: Homeschooled students must meet the same requirements as those listed for beginning freshman with one exception. The homeschooled student may submit an official transcript from a homeschool which indicates the equivalent of a completed high school transcript or a GED.

To be eligible to enroll in college credit classes, a homeschooled student must achieve the required ACT or COMPASS scores.

Transfer Students: Students who have *completed fewer than 24 semester hours* at a regionally accredited college or university will be admitted on the same basis as an entering freshman.

To receive credit for courses taken at another institution, the transfer student must submit an official transcript sealed by the sending institution.

Students who have *completed 24 or more semester hours* at a regionally accredited college or university must submit the following:

1. A formal application for admission.
2. Official transcripts from all colleges attended.
3. Documentation (required by Arkansas statute) of immunization for measles, mumps and rubella (State Health Department required immunization be dated 1968 or later to be valid and including a measles booster.
4. Transferring Nursing students must submit a letter of good standing from their previous nursing program.

In the event that receipt of a student's transcript is unavoidably delayed, a transfer student may be admitted provisionally pending receipt of the transcript, but the institution reserves the right to require immediate withdrawal if the previous record does not meet admission requirement.

Transfer students applying to some technical programs with limited enrollments may have to wait to be admitted until openings are available.

Arkansas Course Transfer System (ACTS): The Arkansas Course Transfer System (ACTS) contains information about the transferability of courses with Arkansas public colleges and universities. Students are guaranteed the transfer of applicable credits and the equitable treatment in the application of credits for the admissions and degree requirements. Course transferability is not guaranteed for courses listed in ACTS as "No Comparable Course."

Additionally, courses with a "D" frequently do not transfer and institutional policies may vary. ACTS may be accessed on the Internet by going to the ADHE website and selecting Arkansas

Course Transfer System under the Students tab (<http://adhe.edu>).

Transfer credits: Before transfer credit can be applied toward any certificate or degree a Transfer Credit Evaluation must be completed. Transfer credits will be evaluated by the Office of the Registrar and added to the permanent record only for students enrolled as certificate or degree seeking students. Each department may determine credit as fulfillment of specific degree requirements. Course work earned at another college will be transferred to Ozarka College if the institution is regionally accredited by one of the six regional accrediting agencies recognized by the Higher Learning Commission. Grades for developmental courses may be used as prerequisites to college-level courses only and are not transferable credit. Only those courses with earned credit of "C" or better will be accepted for transfer. Credit earned at other institutions will not be calculated in grade points earned at Ozarka College. Transfer students may be asked to submit course descriptions in addition to official transcripts.

Online Students: Students enrolling in online courses must meet all admission requirements.

Concurrent Enrollees: A student who has completed the eighth grade and is enrolled in an accredited public or private secondary school or homeschool may be eligible to enroll concurrently at Ozarka College, provided the student otherwise meets the normal requirements for admission set forth for entering freshmen. The student must also present a recommendation from his or her high school counselor, principal or superintendent each semester of attendance. The recommendation is made on the Concurrent College Credit Enrollment Form.

Homeschooled students must provide a copy of the Notification of Intent to Homeschool Form, which is on file with the local school district.

To be eligible to enroll in college credit Algebra or English Composition classes, a concurrent student must achieve the following minimum ACT or ACT equivalent or COMPASS scores:

- ENGL1013 English Composition I ACT English 19+; COMPASS Writing 80; 19+ ACT Reading; COMPASS Reading 82+.
- MATH1203 College Algebra ACT 20+; COMPASS Algebra 41.

The course load may not include developmental courses.

Concurrently enrolled students who make less than a “C” in a course must normally wait one semester before being eligible to re-enroll. Concurrently enrolled students are not eligible for financial aid.

Non-Degree-Seeking Students: A non-degree seeking student is a student holding a high school diploma or a GED enrolled for the single purpose of personal enrichment and does not plan to receive an Associate Degree or Certificate from Ozarka College. Non-degree seeking students are not eligible to participate in federally funded student assistance programs. A non-degree seeking student must meet all placement test requirements.

All non-degree seeking students applying for admission to Ozarka College must submit the following:

1. Complete application and any personal data forms that may be requested by the college.
2. All students must submit proof of measles, mumps, and rubella immunization including a measles booster.

Alternative Ways to Earn Credit

Credit for Military Training: Ozarka awards appropriate college credit based on recommendations published by the American Council on Education. Students must submit an Army/ACE Registry Transcript or equivalent documentation to the Office of the Registrar for evaluation of credit to be awarded.

Advanced Placement: The Advanced Placement program of the College Board enables high school students to earn college credits for successful completion and testing in particular subjects. The results of the test(s) may also be used for placement in certain subjects, such as foreign language.

Ozarka College awards credit for scores of three or higher in the following subjects:

AP Test	Ozarka Course	Credits Awarded
Art History	FAVI1003	3
Biology	BIOL1004	4
Chemistry	CHEM1014	4
Economics	ECON2313	3
English Language	ENGL1013	3
Government and Politics	PLSC2003	3
Psychology	PSYC2003	3
Spanish Language	SPAN1013	3
US History	HIST2003 or 2013	3
World History	HIST1003 or 1013	3

NOTE: Although an AP test score of 3 allows credit for several courses to be awarded at Ozarka, students planning to transfer should check with the particular four-year institution they plan to attend. Some colleges and universities do not award credit for Advanced Placement, and those which do may require a score of 4 or higher.

CLEP Credit: The College Level Examination Program (CLEP) of the College Board enables students to earn college credit by examination in areas where they already possess college-level knowledge.

CLEP examinations will be offered at Ozarka before students enroll in the equivalent courses. Credit earned through CLEP examinations will be recorded on the transcript only after the student has successfully completed a minimum of 12 hours of credit at Ozarka.

Ozarka College awards credit for the following examinations:

CLEP Exam	Ozarka Course	Sem. Hours	Required Score
College Composition	ENGL 1013	3	50
College Algebra	MATH 1203	3	50
Pre-Calculus	MATH 1303	3	50
American History I	HIST 2003	3	50
American History II	HIST 2013	3	50
World Civilization I	HIST 1003	3	50
World Civilization II	HIST 1013	3	50
American Government	PLSC 2003	3	50
Intro Psychology	PSYC 2003	3	50
Intro Sociology	SOCI 2013	3	50
Human Growth & Development	PSYC 2313	3	50

Total cost for a CLEP examination is \$92. A credit card or check for \$77 per test should be made payable to CLEP, and a service fee of \$15 should be made payable to Ozarka College. Students should register for CLEP tests with the Testing Coordinator.

Credit by Examination: College credit may be granted for acceptable results on tests or projects identified by Ozarka College faculty provided the credit does not duplicate previous college credit, and has been approved by the VPAA.

Students who feel qualified through previous work experience, course work, or placement test scores to take such tests must contact their advisors and the Office of the Registrar before signing up for the relevant course. The examination may require written or verbal tests, performance tests, portfolio review, or other forms of evaluation.

Course Cancellation

Normally, any section of a course which does not have at least ten students enrolled by the end of the registration period will be canceled. Those students who have attempted to enroll will be notified, and any tuition directly applied to that course will be refunded. The College President must approve any exception to the cancellation policy (such as to provide a required course for students in their last semester before graduation).

Time Required to Complete Programs

Technical certificate programs normally require two semesters for completion, with the exception of Licensed Practical Nursing, which is a three-semester program. Associate degree programs normally require four semesters. Students must, however, average 15-17 hours per semester of course work carrying credit toward their certificates or degrees to graduate within these time frames.

Students who must complete developmental/transitional courses in mathematics, English, or reading before entering some college-level courses should expect that completion of degree requirements may take longer or include attendance during one or more summer terms.

Student Identification Numbers

In compliance with Act 108 of 2003, House Bill 1034, student Social Security numbers will not appear on students' identification cards in print nor be available by reading the magnetic strip or other encoded information on the identification card. Social security numbers are used for record purposes only.

Senior Citizen Tuition Waiver

Citizens of Arkansas who are at least 60 years of age are exempt from paying tuition for courses carrying college credit. They are still responsible for any required fees and for the cost of textbooks. This policy does not extend to short, non-credit courses offered for job training or personal enrichment.

Refund Policy

Refunds of tuition are made according to the following schedule for the Fall and Spring semesters:

First week of semester	100 percent
Second week of semester	75 percent
Third week of semester	50 percent
After third week	No Refund

Refunds of tuition and fees are made according to the following schedule for the summer terms:

Prior to first day of class	100 percent
First two class days	75 percent
Third and fourth days	50 percent
After fourth day of class	No Refund

Refunds will be mailed approximately two weeks after the date the class is dropped.

Ozarka College follows the guidelines of the Federal Refund policy or Pro-Rata Refund policy for a student who has received federal financial aid funds and who has withdrawn on or after the first day of class. A portion of the student's award may need to be refunded to the Title IV programs and/or the student may need to repay a portion of the award funds received.

Refund and repayment amounts must be distributed according to a specific order of priority mandated in the law and regulations.

Refunds on behalf of student financial aid recipients must be distributed in the following order:

1. Unsubsidized Federal Direct Loans
2. Subsidized Federal Direct Loans
3. Federal Pell Grants
4. Other Student Financial Aid Programs
5. Other federal, state, private, or institutional sources of aid
6. The student

Repayments from student financial aid recipients must be distributed in the following order:

1. Federal Pell Grants
2. Other Student Financial Aid Programs
3. Other federal, state, private, or institutional sources of aid

The Financial Aid Officer calculates a refund if the student received student financial aid funds and withdraws on or before the 60% point in time of the enrollment period for which he or she was charged.

SPECIAL NOTE FOR VETERANS: The College maintains a refund policy for veterans or other eligible persons (war orphans, children of disabled veterans, etc.) that is consistent with all students studying at Ozarka College. This policy does not extend to books, supplies, and consumables which are purchased by the student and remain the property of the student.

Withdrawal from Classes with Outstanding Account Balance

Students who withdraw from all scheduled classes prior to their balance being paid in full will be responsible for any remaining balance and any refunds due to federal financial aid programs. Payment arrangements may be made through the Finance Office. If no payment arrangements have been made and the account is over six months old, collection will be pursued through the garnishment of income tax returns.

Students with account balances from prior semester charges will not be allowed to register for subsequent classes until the account is paid in full. Students with account balances that have been charged off through the abatement process will not be allowed to register until the abatement charge-off has been reinstated to the students account by the institution and paid in full.

Payment Policy

Cash, check, and money orders are accepted at the Cashier's window. Credit cards are accepted at the Cashier's window and on the Web under myOzarka. Currently we accept Visa, MasterCard, Discover, and American Express. Payment plans are available using Nelnet. For more information concerning Nelnet, please contact the Finance Office. Students who have not made adequate financial arrangements will be administratively dropped from courses.

All tuition, fees, and applicable charges will be deducted from financial aid prior to a refund being issued. Students are encouraged to receive financial aid refund checks via the use of direct deposit. For students not using direct deposit, financial aid refund checks will be issued once a week and will be available for pickup in the Finance Office on Thursdays after 12:00 pm. Students will be notified through myOzarka when their financial aid refund checks are available.

Midterm and final grades will not be released until the account is paid in full or payment arrangements through Nelnet have been completed.

Federal and State Financial Aid

For the purpose of determining financial aid eligibility, 12 semester hours is considered to be full time.

NOTE: A student is eligible for financial assistance through the Pell Grant and Federal Direct Loan programs if the following criteria are met:

1. The applicant is a U.S. citizen or eligible non-citizen.
 2. The applicant demonstrates financial need.
 3. The applicant is enrolled at Ozarka College in an eligible certificate or degree program.
 4. The applicant maintains minimum standards of academic progress.
 5. The applicant signs a statement of educational purpose and Selective Service certification.
 6. The applicant is not in default on a Guaranteed Student Loan and/or does not owe a refund to a Title IV program at any institution.
-

Pell Grant: This is a federal student financial aid program designed to assist students in their postsecondary education. Its purpose is to provide eligible students with a "foundation" of financial aid to help defray the costs of their education. All undergraduate students are eligible to apply for Pell Grant assistance. Student eligibility is based on financial need and is determined by a formula applied consistently to all applicants. The formula is developed by the Office of Education and reviewed by Congress on an annual basis. These grants are to be used solely for educational purposes.

Federal Direct Loan Program: This is a program designed to make low-interest loans available to students for their educational expenses. The funds come through the federal government.

Student Loan Amount: Students can borrow up to the following amounts for an academic year:

1st year (0-29 hours toward degree)

Dependent student: \$5500 (sub and unsubsidized amounts);

Independent student: \$9500 (sub and unsubsidized amounts).

2nd year (30 hours toward degree)

Dependent student: \$6500 (sub and unsubsidized amounts);

Independent student: \$10,500 (sub and unsubsidized amounts).

Amount eligibility cannot exceed student's cost of attendance budget (all financial aid including Pell, scholarships, waivers, etc.).

Arkansas Governor's and Other State Scholarships and Grants:

The Arkansas Department of Higher Education sponsors financial assistance programs that are available to eligible students in the state. Students must contact the Arkansas Department of Higher Education at 1-800-54-STUDY for requirements and applications for these programs. Apply at the ADHE website: www.adhe.edu.

Arkansas Police Corps Scholarships: Students pursuing the Associate of Applied Science in Law Enforcement Administration are eligible to apply for these scholarships, which are administered by the Criminal Justice Institute and funded by the U.S. Department of Justice. Recipients are required to complete a specified term of service as a law enforcement officer after completing the degree. Dependent children of law enforcement officials are also eligible to apply for scholarship assistance but do not have to meet the service requirement. Selection of winners is competitive, based on academic, career, and civic accomplishments. Applications are available from the Criminal Justice Institute, 7723B Asher Avenue, Little Rock, AR 72204.

Arkansas Tourism and Hospitality Education Foundation Scholarship:

Arkansas residents enrolled full-time in the Culinary Arts program are eligible to apply for this scholarship. Amounts awarded may vary. Selection is competitive, based on leadership abilities and desire to be part of the hospitality

industry in Arkansas. All applicants must submit at least two letters of recommendation from persons in the hospitality industry and/or hospitality instructors. Current students must submit college transcripts. Entering freshmen must submit high school transcripts and the letter of acceptance by Ozarka into the Culinary Arts program. Applications are available from the Arkansas Hospitality Association, P. O. Box 3866, Little Rock, AR 72203.

Department of Veterans Affairs: VA education benefits are authorized to veterans and qualified dependents under specific chapters of Title 38, US Code. Eligibility for benefits can only be determined by the U.S. Department of Veteran Affairs. Ozarka College is an approved institution for assistance to veterans, their beneficiaries, or dependents. Students may contact the Veteran's Affairs representative at Ozarka College for information.

- Federal Veteran's Educational Benefits:
- Montgomery GI Bill - Active Duty Educational Assistance Program (Chapter 30).
- Vocational Rehabilitation & Employment (Chapter 31)
Post 9/11 G.I. Bill (Chapter 33).
- Montgomery G.I. Bill Selected Reserve (Chapter 1606).
- Reserve Educational Assistance Program (Chapter 1607).
- Post-Vietnam Era Veteran's Educational Assistance Program (Chapter 32).
- Survivors' and Dependents' Educational Assistance Program (Chapter 35).

Enrollment forms are available at www.gibill.va.gov.

It is the student's responsibility to notify the office that serves veterans at their campus regarding any change in enrollment, address, program of study, enrollment at another institution, or any other change that may impact their veteran's educational benefits. Those students receiving benefits must follow the VA academic progress policy to continue to receive benefits.

Academic Progress Policy for Students Receiving Veteran's Educational Benefits: Department of Veterans Affairs regulations require that all persons using any type of

veteran education assistance program be making satisfactory academic progress toward achievement of their educational objective. A student who does not meet the minimum standards will be placed on probation for a maximum of two (2) consecutive semesters.

At this point, if satisfactory academic progress has not been demonstrated, veteran educational benefits will be terminated. Benefits may be resumed when the student raises the cumulative grade point average to the required minimum standards or demonstrates the ability to meet these standards through the approval of a written appeal. For appeal procedures, contact the office that serves veterans at your campus.

Federal Supplemental Educational Opportunity Grant:

This program is for students with exceptional need and gives priority to those who have also received Pell Grants. If sufficient federal funds are available to the College, eligible students may receive \$150 a semester. This money will generally be paid directly to the student.

Federal Work-Study: The Federal Work-Study (FWS) program provides part-time employment to students attending institutions of higher education who need the earnings to help meet their costs of post-secondary education. It encourages students receiving FWS assistance to participate in community service activities.

Nurses: Nursing students may be eligible for loans and/or scholarship through the Arkansas State Board of Nursing. See www.arsbn.org.

Programs Using Survivor's/Disability Benefits: Generally, those eligible for education benefits from the VA are survivors of deceased veterans, spouses of living veterans, or children between the ages of 18 and 26 years, when the death or permanent and total disability was the result of service in the military.

Rehabilitation Services: In certain situations, students may be eligible to attend school under the sponsorship of Rehabilitation Services. To qualify for this program, the

applicant must have a physical or mental disability. Rehabilitation Services may pay for all fees, books, and supplies for the students, as well as most of their medical bills.

Financial Aid Satisfactory Progress

Federal regulations require a student to be making measurable academic progress toward completion of his/her program in order to receive federally funded student financial aid. This policy applies to all students that receive financial aid.

Students are considered to be making satisfactory academic progress as long as they meet the following criteria:

1. All students must complete two-thirds of all attempted course work each semester and maintain a 2.0 semester or cumulative grade point average. All withdrawals count towards attempted course work.
2. Students must complete their educational program within 150 percent of the normal time frame. For example: 18 months for a 12 month program.
3. Students' academic progress will be evaluated at the end of each fall and spring semester.

If at the end of a semester a student is not maintaining satisfactory progress, he/she will be placed on financial aid suspension and no further Federal or State aid will be awarded.

If placed on financial aid suspension due to GPA or completion rate, a student must complete a minimum of 6 credit hours during a fall/spring/summer semester with his/her own finances and complete all six hours with at least a 2.0 GPA to regain eligibility.

A student may be reinstated to financial aid eligibility when he/she achieves academic standing consistent with the institutional grading policy and graduation requirements.

It is possible that exceptions can be made to this policy under extenuating circumstances. Students removed from financial aid eligibility may file an appeal with the Financial Aid Officer. The appeal must be in writing, and extenuating circumstances must be well documented. Appeals will be responded to within three weeks of submission.

The suspension appeal form and all documentation must be submitted to the Financial Aid office by the Wednesday before the first day of classes each semester.

Transfer students may be placed on probation upon evaluation of their college transcripts from other institutions.

Payment of Financial Aid

1. Upon receipt of valid Student Aid Report (SAR) (and completion of verification process, if required), a student's account may be credited for tuition and fees, at the request of the student.
2. Pell Grant and other financial aid checks will be issued by the Business Office beginning the fourth week of classes and after the student has submitted all required verification documents. Students selected for verification must submit a copy of his or her federal tax transcript. In addition, students may be required to submit information related to social security, retirement, unemployment, child support, etc.
3. Any questions about payment of financial aid should be referred to the Financial Aid Office. Students should contact the Financial Aid Officer for deadlines for applying for loans and scholarships.

Ozarka College and Other Local Scholarships

Ozarka College Scholarships: Ozarka College offers various institutional scholarship programs, including academic and need-based awards. A complete list of Ozarka scholarships will be available at www.ozarka.edu as will the general scholarship application form. All scholarship applications received by March 1 will be considered by the scholarship committee for awards in the next academic year.

Academic Excellence Scholarships: These scholarships are awarded to Arkansas high school seniors who plan to enroll as first-time, full-time students at Ozarka within one year of graduation. Applicants must have at least an ACT Composite score of 24 or an SAT cumulative math and verbal score of 1010. Students whose scores fall below these can still qualify if they were named National Merit Semifinalists or if they graduate in the top ten percent of their high school class and have an overall high school grade point average (GPA) of 3.00 or higher on a 4.00 scale.

These scholarships pay full tuition and are renewable each fall and spring semester (not to exceed four semesters) provided the recipient completes at least 12 credit hours per semester (does not include developmental courses) with a GPA of at least 3.00 or a cumulative GPA of 3.25.

Students should submit an Academic Excellence Scholarship application along with their ACT or SAT scores, a copy of their National Merit Semifinalist notification letter, or an official high school transcript along with a letter from the high school counselor stating their class rank and GPA.

➡NOTE: Students who retain this scholarship for at least two semesters may qualify under certain conditions for an Academic Distinction Transfer Scholarship at Arkansas State University-Jonesboro. Students who would like more information on this possibility should contact the Ozarka Office of Admissions or the Financial Aid Office at Arkansas State University.

New Horizon Scholarship: Applicants enrolling as first-time, full-time students after earning a GED at Ozarka with an average score of at least 600 are eligible for full-tuition scholarships. Qualified persons must submit a New Horizon Scholarship application along with an official copy of their GED score report. Applicants must have completed the GED at Ozarka within the five years preceding their enrollment in a technical certificate or associate degree program at Ozarka College.

These scholarships are also renewable each semester (not to exceed four semesters) as long as the recipient completes at least 12 credit hours per semester (may include developmental courses) with a GPA of at least 3.00 or a cumulative GPA of 3.25.

Ozarka College Student Ambassador Program: Ozarka College will receive nominations from local high school counselors for participants in the Ambassador Program. Each local high school counselor may submit the name of one graduating senior who plans to attend Ozarka College in the subsequent fall semester. The counselor should discuss the value and responsibilities of the Ambassador Program with the student, have them fill out an Ozarka College Scholarship Packet, and notify the Admissions office of whom they have nominated. The school counselor will need to sign the application to authenticate their nomination.

The responsibilities of the Ambassador include: attending an on-campus student ambassador orientation, serving as a liaison between Ozarka College and their high school alma-mater by assisting the Ozarka College Admissions staff in recruiting activities and providing materials for prospective students or counselor, submitting names of potential students to the Ozarka College admissions staff, assisting with on-campus activities such as the annual "College Planning Day," campus tours, and graduation. Ozarka College Ambassadors will conduct themselves in a manner which reflects well on their high school alma-mater, community, and Ozarka College.

The benefits of the Ambassador position include: 1) a \$250 stipend to be credited to the Ambassador's student account

(*may be used for tuition, fees, or books*) 2) Priority pre-registration for classes through the registrar's office 3) Paraphernalia to assist the student in promoting Ozarka College 4) Upon request the Ambassador will receive a formal letter of appreciation or reference from the Ozarka College President 5) Upon request the Ambassador will receive referral letters from the Offices of Student Services, Registrar, or Admissions 6) Certificates of participation suitable for framing 7) A valuable volunteer experience.

The Ozarka College Ambassador will maintain good standing by completing 12 credit hours per semester with at least a 2.0 Grade Point Average (GPA). If an Ambassador does not complete 12 credit hours with at least a 2.0 GPA, the next semester they will be placed upon probation and forfeit their \$250 stipend while maintaining the duties of an Ambassador. If a 2.0 GPA is not reached in the following semester, then the student will be relieved of their Ambassador status. A student may not exceed four semesters of participation in the Ozarka College Ambassador Program without approval from the Director of Admissions.

Each year, one Student Ambassador may be named the Ambassador of the Year and will be awarded a full tuition scholarship. The selection will be based upon their participation in ambassador activities, scholarship, work ethic, appearance, attitude, and ability to get along with others, willingness to help other students, financial need, and leadership. The Ambassador of the Year is expected to participate in all ambassador activities and be available to the Ozarka College Admissions Office.

Workforce Improvement Grant: Students 24 years of age at the beginning of the semester, an Arkansas and U. S. Resident, showing financial need, may be eligible for cost of tuition and educational fees (up to \$1000 per semester). Complete the scholarship application (located in the Admissions Office).

Ozarka College Foundation Student Aid

The Ozarka College Foundation offers financial assistance in the form of scholarships and loans. To be eligible, students must enroll in at least 12 credit hours, be degree seeking from Ozarka College, and have demonstrated financial need after completion of the federal application for student aid and for other sources of assistance for which they may be eligible. Any student receiving Foundation funds must also maintain satisfactory academic progress according to financial aid guidelines to continue to qualify for Foundation assistance.

Foundation Scholarships: The Ozarka scholarship committee selects recipients for Foundation endowments annually after the March 1st scholarship application deadline.

Ozarka College Foundation endowed scholarships include:

- Coy Ferguson Scholarship
- Dan "Wally" Pittman Scholarship
- Dick and Nola Reeves Regional Scholarship
- Dietsche/Martin Appreciation Scholarship
- Farm Bureau Scholarship
- First National Banking Company Scholarship
- Granny Bea Crofford Scholarship
- Harry Powell & Velma Fudge Dixon Scholarship
- James F. Fenton Memorial Scholarship
- Jean Jennings Memorial Scholarship
- Joe and Maxine Wyatt Scholarship
- John E. Miller Honorary Scholarship
- Judge Harold Crawford Memorial Scholarship
- Lesa Bull Memorial Scholarship
- Netta Gilbert Scholarship
- Nursing Achievement Scholarship
- Orvis & Lilbern Nix Memorial Scholarship
- Ozarka College Family Scholarship
- Paul & Treva Miller Scholarship
- Robert D. Kalischer Memorial Scholarship
- Sharp County Literacy/JaNoel Bess Scholarship
- Stone County Community Resource Council Scholarship
- Tri-County Hospice Auxiliary Board Scholarship

*Subject to availability of funds.

Endowed scholarships are one-time awards distributed to recipients over the academic year, with \$250 in the fall and spring term, for a total award of \$500 per student. Some endowed scholarships have additional criteria. For more information, view the Ozarka website.

Ozarka Foundation Regional Scholarships: Public High Schools in the Ozarka College service area are provided with two scholarships to be awarded annually to two high school seniors who plan to attend Ozarka College as a first-time, full-time student immediately upon graduation.

Qualifications include: high school GPA of 2.50 or higher on a 4.00 scale AND recommendation from the high school administration.

The Regional Scholarship is renewable up to four semesters providing recipients earn a minimum of 12 credit hours

(including transitional courses) per semester with a GPA of 2.00 OR maintains a cumulative GPA of 2.25.

Additional scholarships may come available throughout the year. Students may also submit the general scholarship application to be considered for all Foundation funding.

Foundation Loans: A student who requests a loan from the Foundation may be offered a work-study/part-time position working on campus. Students enrolled in programs requiring practicum experience or have greater than usual expenses may be offered a loan. Loan funds will be credited to student accounts and disbursed to students only after all college fiscal obligations are met. Eligibility must be reestablished each semester. These loans are available up to four semesters.

Student Services

Counseling

Two kinds of counseling are available from the student services staff. The first deals with discussing academic programs and providing basic financial aid information. The Registrar's Office can provide information pertaining to other colleges and universities and assist students who plan to transfer to or from Ozarka College.

The other offers professional personal advisement. Any student who needs assistance in exploring career possibilities, assessing personal strengths, or dealing with problems is encouraged to visit the Vice President for Student Services, who can provide information to the student regarding professional assistance on or off campus.

The office of the Vice President for Student Services is located in the main administrative building on the Melbourne campus. Office hours are Monday through Friday from 8:00 a.m. – 4:30 p.m. Other times may be arranged by appointment.

FERPA- Student Records and the Family Educational Rights and Privacy Act of 1974

In compliance with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), and as amended in 1988, Ozarka College maintains procedures pertaining confidentiality of student educational records. No one outside the institution shall have access to, nor will the institution disclose any information other than Directory Information from the student's educational records without written consent of the student except to qualified personnel within the institution, officials of other institutions in which the student seeks to enroll, to persons or organizations providing students with financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with judicial order, and to persons in an emergency in order to protect the health and safety of students or others persons. All these exceptions are permitted in the 1974 ACT and its 1988 revision.

Written consent of the student is not required for Ozarka College staff and faculty members to utilize educational records for legitimate educational purposes. These members include faculty, advisors, administrators, and classified and professional level employees. At its discretion, the institution may provide Directory Information in accordance with the provisions of the Family Educational Rights and Privacy Act to include student name, major field of study, dates of attendance, enrollment status (full-time or part-time), degree and awards received and participation in officially recognized activities and sports. Students who wish Directory Information be kept confidential must notify Student Services in writing within the official course change period. The data form is available in Student Services office or on the Ozarka website.

Ozarka College reserves to right to refuse access to the following records:

1. Financial statement(s) of the student's parents.
2. Educational records containing information about more than one student, in which case the College will permit

access only to the part of the record pertaining to the student.

3. The records excluded from the FERPA definition of education record.

Ozarka College reserves the right to deny copies of transcripts or other records (not required to be made available under FERPA) if the student has an overdue financial obligation to the College or if there is an unresolved disciplinary or academic dishonesty action against the student.

If the student believes that any information contained in their educational records is inaccurate, misleading, or in violation of their privacy rights, they may request in writing that the office containing those records amend them. Students should identify the part of the records they want changed and specify why they believe it is inaccurate, misleading, or in violation of their privacy rights. In order to be considered, requests for change must be made during or immediately following the conclusion of the course(s) involved (here "immediately" means before the beginning of another semester or summer term).

The Vice President for Student Services will reach a decision and inform students in a reasonable period of time after receiving the request. If the records custodian refused to amend the record, students have the right to a hearing. This hearing will be conducted by someone who does not have a direct interest in the outcome of the hearing but may be an official of the college.

The student will be notified of the date, place, and time of the hearing. Students will be afforded an opportunity to present evidence relevant to the issue raised. The hearing officer will make a decision in writing based on the evidence presented at the hearing. The officer will also notify the student in writing and include a summary of the evidence and the reasons for the decision.

If the hearing officer supports the complaint, the education records will be amended accordingly. If the hearing officer

does not support the complaint and decides not to amend the record, the student has the right to place a statement in the record commenting on the challenged information and stating the reasons for disagreeing with the decision. This statement will be kept as part of the record as long as the contested portion is maintained and whenever a copy of the record is sent to any party.

TRiO Student Support Services

Mission Statement

To provide TRiO participants with comprehensive academic support, financial guidance, and individual attention in a nurturing environment that improves grades, increases graduation rates, and maximizes student transfers to a four-year college or university.

The Student Support Services is a federally funded TRiO program designed to help low-income, first-generation, and those with disabilities to achieve their academic potential throughout their enrollment at Ozarka College and beyond. Some 200 students are admitted to the Student Support Services program annually and advised on academic, career, and financial matters through group and peer tutoring, workshops, computer-aided instruction, and one-on-one advising. All services are provided to qualified students free of charge. A small computer lab is available on the main campus to allow professional staff and peer tutors to assist students with assignments.

Student Support Services is here to help students make a smooth transition from Ozarka College to other educational institutions. The program sponsors transfer trips to four-year colleges and universities to help students choose the setting that best suits them and their educational plans.

In addition to on-campus services and transfer trips, Student Support Services helps broaden students' horizons by exposure to various cultural events. Several times a year, Student Support Services sponsors trips to museums, plays, art exhibits, and other events.

Interested students should consult the program director for application information. The Student Support Services office is open from 8:00 a.m. to 4:30 p.m. Monday through Friday. Other times may be arranged by appointment.

Ozarka College's TRiO Student Support Services program is funded by the U.S. Department of Education's Federal TRiO Programs. All activities and services offered to the students in SSS are made possible through these grant funds. *Announcements made in accordance with Public Law 105-78 Sec. 508.

Student Success Center

The Student Success Center is a combination of Academic Coaching/ Tutoring/Retention/Career Center. Staff is familiar with all programs and degrees offered by Ozarka and can provide assistance to students during the admissions and registration process and provide support during the advising process. Staff can also serve as a point of contact and as a liaison for students who need contact with various college programs such as TRiO, Career Pathways, Perkins, and Adult Basic Education.

Services provided in the Student Success Center include:

Career Counseling/Kuder: All students, especially those unsure of their major or future career plans, are encouraged to take the Kuder Career Planning Assessments. The success staff assists students in taking the assessments, researching careers, and developing an educational and professional plan accordingly.

Academic Tutoring: Academic tutoring is provided to all students in need of assistance, regardless of Ozarka College location. Group tutoring sessions are scheduled as well as individual tutoring sessions.

Computer Access: Students can use the computers in the lab for various academic tasks including email, resume writing, word processing, PowerPoint presentations etc.

Workshops: The success staff provides regular workshops on resume writing, job interview skills, successful study skills, emotional intelligence, etc.

Transfer Assistance: The success staff provides information on area colleges, assistance filling out applications and gathering transcripts.

Resume Writing Assistance: The success staff are knowledgeable in resume writing and assist students wishing to design a winning resume. They also assist with cover letter and thank-you note writing, setting up mock interviews and job search information.

Student Success Closet: The Student Success Closet is available to help students prepare for a job interview. The closet is open to all students to shop for interview attire. There are suits and separates available in men's and women's sizes two and up. There is no appointment necessary and no charge for the clothing.

Contact the Student Success Center at 368-2056, by email at success@ozarka.edu, or visit the Success Center blog at www.ozarka.edu/blogs/success for helpful information.

Career Pathways Initiative

The Career Pathways Initiative is a state-funded workforce development program designed to encourage parents with children living in the home to get an education and enhance job skills which will make them a more marketable employee and increase their earning potential. The Career Pathways office is designed to be a one-stop shop for helping students enroll in college, assist in applying for financial aid, academic advising, basic skills enhancement through computer software programs, career counseling, tutoring, financial assistance for books, fees, tuition, childcare, and transportation expenses.

Students who qualify for Career Pathways will have a child under the age of 21 living in the home with them and meet income guidelines. All students on campus are eligible for academic and advising services; financial assistance will be

awarded on an individual need basis and is limited to grant funding availability.

Academic Advising

Ozarka College is committed to a strong, effective academic advisement system; a system in which advisement goes beyond mere schedule building to assisting students to explore their potential, clarify their goals, and discover the best means of achieving those goals. The advisement function at Ozarka serves to assist and often initiate this process of self-exploration with trained advisors who provide general information and expertise in their fields. Advisors at Ozarka serve at least three roles: clerical, informational, and developmental.

In the routine clerical role, advisors insure that students register for courses consistent with their abilities and needs. They assist students in coping with paperwork associated with a college education.

Advisors also serve as a source of information. Using the College Catalog, the semester schedule of classes, articulation agreements, and catalogs from receiving institutions, advisors should be able to answer most questions concerning academic policies and procedures. When unable to provide needed information, advisors refer students to the office where they can obtain additional assistance.

The developmental role is closely related to some definitions of "counselor." The ability to listen with empathy when a student voices a concern is the mark of a good advisor as well as counselor. Advisors should not hesitate, however, to refer students to other alternatives when the complexity of the students' problem warrants. The developmental role also involves aiding students in improving their decision-making skills and assisting students in career planning decisions.

Responsibilities of the Advisor

1. The advisor is responsible for using myOzarka to retrieve information vital to advising a student. The information contained therein includes but is not limited to a list of advisee contacts, academic information, and assessment results.
2. The advisor creates an atmosphere of openness, caring, and concern where meaningful communication, confidence, and trust exist. The advisor serves as a faculty friend to the student by demonstrating a personal interest in the intellectual, emotional, and social growth of the student.
3. The advisor has the responsibility to articulate the College requirements as they relate to the philosophy of the College and to the student's major.
4. The advisor is the primary source for the student and must possess adequate information concerning academic policies and procedures.
5. The advisor should have knowledge of the resources available to the student in order to make appropriate suggestions and referrals to meet the student's needs and interests.
6. The advisor provides information concerning career and educational opportunities. The advisor works with the Vice President for Student Services, TRiO Student Support Services, Career Pathways, and Student Success Center to assist the student in identifying career goals. If an Associate of Arts student joins TRiO Student Support Services, the TRiO Student Support Services advisor would then be the primary advisor. Students in technical programs who are members of TRiO Student Support Services would continue to be advised by advisors in particular technical disciplines.
7. The advisor has the responsibility to refer to the Vice President for Student Services, TRiO Student Support

Services, Career Pathways or Student Services Center special groups such as transfer students, under-prepared students, older students, and students with learning disabilities, when deemed necessary and appropriate.

8. The advisor helps the student examine the course offerings in is or her major, relate these to other possible majors and understand the graduation requirements for the eventual chosen curriculum.

Assignments of Advisors

Students are generally assigned by the Office of Admissions to advisors on the basis of their academic major. Associate of Arts students who are eligible for the TRiO Student Support Services program and students who are current participants will be assigned or reassigned to one of the staff members who serve as advisors. Students who are assisted by Career Pathways will be assigned to qualified Career Pathways staff until they no longer qualify for the program. Career Pathways will work along with an academic program advisor to ensure the student receives optimum assistance and guidance. Once a student is no longer qualified for the program, they will be reassigned to an academic program advisor.

If at all possible, students will be assigned an advisor at the campus they wish to attend. If a student wishes to change advisors at a later time, they must complete a Change of Advisor request (available in their myOzarka). The Registrar is responsible for fulfilling change of advisor requests. The Vice President for Student Services, Registrar, or Campus Coordinator will serve as advisors to off-campus/ concurrent students and for students who are enrolled part-time.

Testing

Although educational and career testing cannot provide the final answer about future directions, testing is useful in helping the student explore educational and vocational choices as well as helping the student gain personal insight into individual strengths and abilities. Ozarka College has testing programs in

the areas of academic ability, aptitude, achievement, skill, interest, and personality. Students interested in testing should contact the Student Success Center.

Placement Testing Program

The American College Testing program (ACT) the Assessment of Skills for Successful Entry and Transfer and the Computerized Placement & Support Services (COMPASS) are entrance examinations, and the test results are used for guidance and placement.

Freshman students should submit their Student Profile Report from the ACT, usually taken in their junior or senior year of high school. Those who do not provide ACT results must take the ACT or COMPASS for placement purposes. Test scores must be no more than four years old. Information on testing fees is found under Financial Information.

Information and registration forms regarding the ACT or COMPASS test may be obtained from a high school counselor or the Testing Center at Ozarka College.

Test of English as a Foreign Language (TOEFL)

All classes are taught in the English language, making it necessary that students are able to read, speak, write, and comprehend the English language proficiently. All international students and students who speak English as a second language must pass a Test of English as a Foreign Language.

Insurance

Ozarka does not provide medical or liability insurance coverage for students. The Finance Office will assist students who need coverage with locating insurance options.

Job Placement

College personnel will work closely with area business and industry for the purpose of job placement. The college staff is always willing to assist students in obtaining permanent employment upon completion of their training; however, the College does not guarantee employment. Any student needing assistance with job placement should contact the Student Success Specialist at 368-2056.

Change of Name or Address

Students must inform the Office of the Registrar of any changes in their legal name, mailing address, and/or telephone number. The College is not responsible for a student's failure to receive official information due to failure to notify the College of any changes. A copy of court documents must be submitted for a legal name change other than a change due to marriage or divorce.

Change of Major

Students changing their major must submit a change of major form to the Registrar's Office so that their records can be filed correctly, new advisors can be assigned, and proper evaluation of progress toward meeting degree requirements can be completed. A Change of Major form is available from the student's academic advisor or the Ozarka College web page.

Disability Services

The Vice President for Student Services serves as Ozarka College's Coordinator of Disability Services and oversees compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. To receive services, students must request an appointment with the Vice President for Student Services and provide documentation of their disabilities *prior to registration*.

The Vice President for Student Services arranges for academic and auxiliary adjustments to be provided to qualified students (those with verified disabilities who require special services) prior to registration. A plan will be developed that best meets a student's needs, given available resources.

The Vice President for Student Services will communicate the plan with the student and instructors in a confidential manner. The Vice President for Student Services office is located in the main administrative building, and the telephone extension is 2027.

Rights of Students with Disabilities

Ozarka College, in accordance with Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act, does not discriminate in admission to, or access to, its programs and activities on the basis of handicapped status. The College is committed to observing the following guidelines:

1. The College does not exclude, on the basis of handicap, any qualified student with a disability from participation in any academic, occupational training, counseling, financial aid, physical education, recreation, transportation, other extracurricular, or other postsecondary education program.
2. The College will make appropriate modifications to academic requirements to ensure that such requirements do not discriminate or have the effect of discrimination, on the basis of handicap, against a qualified student with disabilities.
3. The College does not impose upon a student with disabilities rules such as the prohibition of tape recorders in classrooms or guide dogs in campus buildings that have the effect of limiting the participation of handicapped students in a program.
4. The College provides methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represent the student's

achievement in the course, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).

5. The College will take necessary steps to ensure that no student with disabilities is denied access to a program because of the absence of educational auxiliary aids.
6. In providing financial assistance to qualified persons with disabilities, the College does not, on the basis of handicap, provide less assistance than is provided to non-handicapped persons.
7. In providing personal, Academic, or career counseling, guidance or placement services to students, the College does not discriminate on the basis of handicap.

Any student who feels he or she has not been treated in accordance with these guidelines should seek redress under the established grievance procedures.

Conduct and Integrity

Students enrolled at Ozarka College are expected to conduct themselves as responsible individuals. Students are subject to the jurisdiction of the College on College matters during their period of enrollment, and the College reserves the right to take disciplinary action against those students who, in the opinion of the College, have not acted in the best interest of the students or the College.

Disciplinary action may consist of a verbal reprimand, payment of restitution for damages, restriction of privileges, suspension, or dismissal. Students have the right of due process if they wish to contest an action.

Students are responsible for knowing and adhering to the following standards of conduct:

- 1. Alcoholic Beverages:** Any student guilty of drinking, being under the influence of, or possessing intoxicating beverages on College property or at College functions is subject to disciplinary action and/or state and/or federal law.
- 2. Illegal Use of Drugs:** The illegal use of drugs is strictly prohibited on College property or at College functions. Any student found using, under the influence of, in possession of, or distributing illegal drugs is subject to disciplinary action and/or state and/or federal law. Ozarka College's Controlled Substance Policy is available from the office of the VPSS.
- 3. Sexual Assault, Stalking and Domestic/Dating Violence:** Ozarka College is determined to provide a campus atmosphere free of violence and unwanted sexual conduct for all students, faculty, staff, and visitors. Domestic and dating violence, sexual assault, and stalking are prohibited and will not be tolerated at Ozarka College. At Ozarka College, these acts are violations of policy regardless of race, ethnicity, or culture, gender, age, sexual orientation, or disability. The use of alcohol and other drugs in conjunction with the incident of domestic or dating violence, sexual assault, or stalking does not mitigate accountability for the commission of these acts nor diminish the seriousness of the offense. The College holds violation of Orders of Protection to also be a violation of this policy and will initiate disciplinary action without waiting for a court decision, if College officials conclude that a violation has occurred.
- 4. Smoking/Tobacco:** Ozarka College is a tobacco-free institution, including buildings, grounds and parking lots. No tobacco products of any type may be used, carried, or distributed in any buildings, parking areas, grounds, facilities, vehicles, or streets.

5. **Assembly:** No person or persons shall assemble in a manner which obstructs the free movement of persons about the campus or the free and normal use of College buildings and facilities, or prevents or obstructs the normal operations of the College.
6. **Disruptive Behavior:** No person or persons shall engage in any behavior which disrupts class activities.
7. **Signs:** With the exception of bulletin boards, students may erect or display signs or posters on the campus only on the authorization of the Vice President for Student Services. Students shall not deface, alter, tamper with, destroy, or remove any sign or inscription on College property.
8. **Solicitation of Funds:** No student or student organization may use campus facilities, solicit funds, or schedule activities unless such action has been approved by the Vice President for Student Services or the President.
9. **Arms/Deadly Weapons:** Firearms (except for those possessed by officers of the law) are strictly prohibited on College property or at any activity sponsored by the College.
10. **Cheating:** Any student caught cheating is subject to disciplinary action. Such action may be taken by the faculty member in accordance with College procedures when deemed necessary. Students are responsible for following the academic integrity statement found in each course syllabus.
11. **Counterfeiting and Altering:** Students shall not reproduce, copy, tamper with, or alter in any way, manner, shape, or form, any writing, record, document, or identification form used or maintained by the College.
12. **Theft of Property:** Any theft of personal or College property will be treated as a violation of College rules and may lead to disciplinary action and/or state and/or federal penalties.

13. **Vandalism:** The destruction or mutilation of College property is prohibited. Such action may result in required payment of restitution and/or disciplinary action.
14. **Use of College Facilities:** Students are permitted on campus during the times established in the College Calendar, during normal College hours. Students wishing to use College facilities at other than those times must request permission from the Vice President for Academic Affairs.
15. **Financial Responsibility:** Students in debt to the College in such matters as fees, fines, or loans, shall not be permitted to register for a succeeding session, nor will grades, records, degrees, etc., be awarded or released until such accounts are satisfied.
16. **Motor Vehicles:** The College provides and maintains sufficient parking areas for staff, students, and visitors. All individuals are required to adhere to College parking regulations. Speed is limited to 10 miles per hour while on College grounds. It should be noted that the College assumes no responsibility for loss, theft, or damage to vehicles parked in the College parking areas.
17. **Emergency Closing of Campus:** When it is necessary to close the College on an emergency basis, the student will be notified by College staff and/or the mass media. Information may also appear on the Ozarka College website. Students have the option of signing up for the Ozarka SMS phone texting system. Students can sign up through their myOzarka account. Immediate closing of campuses may occur due to inclement weather (or other reasons), depending upon the severity of the event.

Students are requested to listen to area radio stations, TV stations, Ozarka College's Website, Facebook or Twitter for emergency closing instructions.

18. **Telephone calls and messages for students:** Please ask family and friends to refrain from calling you while on the Ozarka College campus. EMERGENCY calls on the

Melbourne campus will be referred to the Office of Student Services where administrative staff members will evaluate the nature of the call and respond accordingly. The personnel in the offices of the Mountain View, Ash Flat and Mammoth Spring sites will make those decisions on their respective site. In a true emergency, every effort will be made to notify the student. However, the college is not responsible if the student cannot be located. Non-emergency calls will not be referred to students.

Cellular telephones, pagers, and beepers must be TURNED OFF during classes held at any Ozarka College site. They also need to be turned off in the Library and in the Computer Labs.

- 19. Children on campus:** Students are not allowed to bring their children to class on the Ozarka College campus or off-site locations. Ozarka College is dedicated to providing a learning environment that is free from unnecessary distractions for every student. Therefore, children are not permitted to stay in the Library, computer labs, science labs, classrooms, or other specialized seminars. In addition, children may not be left unattended anywhere on campus, including a parked vehicle.

Due Process for Student Conduct Violations

Cases of student misconduct and/or lack of academic integrity are to be referred to the Vice President for Academic Affairs for evaluation. The Vice President for Academic Affairs shall be responsible for all initial disciplinary procedures. All cases meriting suspension or disciplinary dismissal shall be referred to the President.

Faculty can recommend to the Vice President for Academic Affairs that a student be withdrawn from a course, program, or the College for disciplinary reasons. Students recommended for dismissal will be notified by their advisors and will be given an opportunity to be heard by the Vice President for Academic Affairs before such action is final.

Non-Academic Grievance Procedure

The following procedure will be used in case of any non-academic complaint or grievance:

1. Within five (5) working days of the alleged grievous incident, the complainant must present the complaint in written form to the Office of the Vice President for Academic Affairs, who is designated as the College Grievance Officer. The written complaint must include the specific grievance/complaint and specific remedies sought by the student.
2. The Vice President for Academic Affairs will investigate and respond to the complainant in written form within five (5) working days of receiving the written complaint.
3. If not satisfied, the complainant may appeal in writing to the President within five (5) working days of receiving the written findings of the Vice President for Academic Affairs.
4. The President will respond in written form within five (5) working days.
5. If complainant is not satisfied at this level, an appeal may be made in writing to the College Board of Trustees via the President's Office within five (5) working days. The Board will review the complaint/grievance at the next regularly scheduled meeting and render a decision within ten (10) working days. The decision of the Board shall be final.
6. Students who feel their Civil Rights have been violated may appeal to the Office of Civil Rights directly.
7. All written grievances filed by a student with the Vice President for Academic Affairs, along with any related documents, will be logged in an official register by the Vice President and maintained for a period of no less than two years after the initial filing.

Lunch Facilities

The College offers lunch daily from 11:00 - 1:00 (M-Th) for students and staff in the main Administration Building in Melbourne.

Child Care Facilities

Ozarka Kids Academy, located on the south side of the Melbourne campus, provides childcare and early childhood education for a limited number of children from six weeks to five years of age. Enrollment packets are available from the Academy Director. If no openings in a particular age group are currently available, children may be placed on a waiting list.

Kids Academy is open from 7:00 a.m. until 5:15 p.m. on weekdays. Assistance with tuition is available to qualified families, and applications for assistance may be picked up at the Academy or from the IZARD County Office of the Department of Human Services.

Campus Security

Ozarka College makes every effort to provide a safe campus for students, employees, and their property. However, students and employees are responsible for all personal items brought on the campus. The College does not provide insurance coverage.

Students and employees are encouraged to report all crimes and suspicious activities to the administration. Each semester, reports will be available on the Ozarka College website to the College community about crimes considered to be a threat to students and employees: murder, rape, robbery, aggravated assault, burglary, liquor law violations, drug abuse violations, and weapons possession.

Emergency Telephone Numbers

Izard County Sheriff's Department	368-4203
Fulton County Sheriff's Department	895-2601
Sharp County Sheriff's Department.....	994-7329
Stone County Sheriff's Department.....	269-3825
Arkansas Emergency Transport (ambulance).....	368-3660
Melbourne Fire Department	368-4333

Student Illness and Health Plan

In case of severe laceration, loss of consciousness or trauma, etc., 911 will be notified and EMS activated. CPR will be initiated if applicable and appropriate first aid measures taken. A second call notifying administration of the events will be made. Every effort will be made to notify trained personnel. Medical treatment will not be withheld awaiting notification of administration.

Parking

Any reserved parking will be clearly marked on campus.

Library Services

The Paul Weaver Library, located in the main building on the Melbourne Campus, functions as a study and research center for the college, supporting the curriculum and providing a variety of services. The main level of the library contains reference and circulating materials for research, six public access computers that support Internet access, inter-library loan services, two study rooms equipped with video and DVD players, and a small collection of children's books. Back files of journals along with printed and electronic databases are available. A balcony-level area provides twelve public access

computers that support Internet access, word processing, spreadsheet, and database applications. A small study area is also available upstairs.

The growing collection consists of 16,000 items and is catalogued using Library of Congress classification. A wide variety of academic electronic indexes and full-text databases are available on the library Web page. The library receives 14 local, state, and national newspapers and has access to more through two electronic databases.

Books, DVDs, videos and other items in the Paul Weaver Library collection are indexed on the online Public Access Catalog (OPAC), which is accessible through the library Web page.

Books from the general circulating collections are loaned for a period of 14 days, DVDs for 7 days and Videos for 7 days. Inter-library loan books are loaned for 21 days. Reference books and periodicals do not circulate outside the library. A valid college identification card is required to borrow circulating materials. The library personnel make every effort to assist students and faculty in identifying and locating needed information. The library personnel are available to receive inquiries ranging from simple directional questions, to inquiries about selecting and using electronic indexes and computers to complex questions involving research strategy.

Paul Weaver Library maintains a reference section on the Mountain View and Ash Flat sites. In addition to the reference books available, all the online databases the main library in Melbourne purchases are iconed on the Ozarka Library Web Page and are accessible to students at the Mountain View, Mammoth Spring and Ash Flat sites. Students from Mountain View, Mammoth Spring and Ash Flat may request, by e-mail or phone, any book or article owned by Paul Weaver Library housed at the Melbourne campus (Intra-library Loan) or information from other libraries (Inter-library Loan). Items are sent by courier to Ozarka College Mountain View, Mammoth

Spring and Ash Flat sites and returned to Melbourne in the same manner.

Students enrolled in the College Success class at any Ozarka College location receive a one-hour library orientation as part of that class. These sessions help make students aware of the resources available both in Melbourne and on their respective campuses.

Library hours during the fall and spring semesters are Monday through Thursday from 8:00 a.m. to 7:30 p.m. and on Friday from 8:00 a.m. to 4:30 p.m. During the summer terms, library hours are Monday through Thursday from 7:00 a.m. to 5:30 p.m.

Student Clubs and Organizations

Student Government Association: The purpose of the Ozarka Student Government Association is to involve students more directly in student issues, concerns, and needs. The SGA promotes communication among students and between students and faculty, staff, and administration; represents the members of the student body; receives student-related issues presented to the council and acts accordingly; provides leadership to the student body; makes recommendations to the Administrative Council; and plans, implements, assists, and/or participates in College functions.

Skills USA: Membership in Skills USA is open to students, former students, and other persons interested in the various career fields represented by the clubs.

The purpose of Skills USA is to help students develop social and leadership skills through such activities as competitive events between technical colleges and between students, including parliamentary procedure contests, troubleshooting contests for Automotive Service Technology students, Culinary Arts students, etc. Each club elects the following officers from its membership: President, Vice President, Secretary, Treasurer, Reporter, and Parliamentarian.

Student Honors

President's List: To be eligible, a student must:

1. Be full-time (taking at least 12 hours excluding Developmental Courses)
2. Have at least a 4.0 grade point average
3. Not be on any type of probation

The President's List is selected at the end of each semester when grades are given. The list is published in area newspapers.

Vice President's List: To be eligible, a student must:

1. Be full-time (taking at least 12 hours excluding Developmental Courses)
2. Have at least a 3.5 grade point average
3. Not be on any type of probation

The Vice President's List is selected at the end of each semester when grades are given. The list is published in area newspapers.

Phi Theta Kappa: Phi Theta Kappa is an international academic honors fraternity for students in two-year colleges. Ozarka PTK members wear honor stoles at graduation and have a special seal placed on their diplomas. Members are also eligible for scholarship opportunities through the Phi Theta Kappa International organization.

Students, both full-time and part-time, who are eligible for membership into Ozarka College's chapter of Phi Theta Kappa, must have: completed 12 semester hours of coursework that counts towards an associate degree, have an overall grade point average of 3.50, adhere to the school conduct code, and possess recognized qualities of citizenship. Credit hours for Phi Theta Kappa are limited to courses that count toward an associate degree. This does not include developmental courses such as Fundamentals of Algebra or Beginning Writing. A student does not necessarily have to complete an associate degree, as long as he or she has accumulated at least 12 hours of coursework that could be applied toward an associate degree.

Assessment Activities

Assessment Philosophy

The purpose of assessment activities at Ozarka College is to carefully examine the institution, programs, and courses as they relate directly or indirectly to student learning. Being concerned with the quality of education, the College is committed to the improvement of basic, academic, and technical skills related to the success of the individual students as well as institutional accountability. The overriding purpose of assessment, then, is to understand how educational programs are working and to determine whether they are contributing to student growth and development. In addition, there is much emphasis placed on institutional assessment and accountability by the Arkansas Legislature, the Higher Learning Commission, and the general public. The result of assessment activities is used to increase student learning, strengthen the institution, enhance credibility with constituents, and satisfy externally mandated requirements.

Ozarka College's assessment program reflects: 1) the College's Mission Statement and Priorities, 2) General Education Philosophy and outcomes, 3) individual program philosophy and goals, and 4) the individual course learning outcomes. Assessment of student learning is a collaborative process involving students, faculty, staff, and administration as well as potential employers and other constituents.

This collaborative effort assists faculty in determining the knowledge, skills, and values that graduates should possess both within and outside their disciplines. Assessment findings are analyzed and are linked to decision making and instructional and program improvement. By making adjustments in instructional methods and course content, these findings enhance student learning.

Assessment Methods

Assessment is accomplished at Ozarka College in a variety of ways using a combination of assessment methods. Cost of the program is covered in part by fees, collected each semester at registration. Students will be asked to take standardized tests, complete surveys, evaluate courses, and participate in other types of assessment activities.

Standardized placement tests required by state law include the ACT or COMPASS which must be taken before enrollment in the proper level of math, English, and reading, as determined by test scores. The SAT placement test commonly taken in other states will be accepted.

To earn the AAT degree and be eligible for seamless transfer, students must submit scores on the PRAXIS I: Pre-Professional Skills Test (PPST) that meet or exceed the levels established by the Arkansas Department of Education and the receiving institution. The exam assesses basic reading, writing, and mathematic skills. Testing dates are available from the AAT faculty advisor.

NATEF end-of-program tests for automotive technicians cover eight areas of study in Automotive Service Technology. Students take the complete battery in the last semester of their program to see how they compare with others from across the country.

Business Technology students completing the AAS degree are asked to take the Ozarka Proficiency Assessment Exam. This exam consists of ten sections including: Accounting, Computer Applications, English, Business Communications, Business Law, Business Math, Communications, Economics, Business Principles and Human Relations. Results from the OPAE are evaluated to determine success of desired student outcomes for the program and areas needing improvement.

The NOCTI Food Service test includes both objective questions and performance in food preparation. Results let students in the Culinary Arts program see how they compare to others in the state and the nation.

Professional examinations such as the NCLEX-RN for Registered Nurses and the NCLEX-PN for Practical Nurses are required before graduates can obtain licensure and practice in their perspective field.

ASE certification (Automotive Service Excellence) is strongly recommended for automotive technicians.

It is extremely important that students do their best on these tests because only valid results will help Ozarka improve student learning in the related areas. Accurate scores will also let students know how they compare to others who took the same test in Arkansas or even nationally. A high score also helps students make a positive impression on potential employers or admissions offices at four-year colleges and universities.

Students will be surveyed about their opinions at several points in their college careers. Entering students, non-returning students, and alumni will all be contacted, as well as currently enrolled students. Areas which will be measured are satisfaction with procedures, policies, facilities, and instruction.

Use of Assessment Information

Individual students will learn about their own abilities and progress by seeing the results of the standardized tests they take.

Faculty members use two forms of assessment called formative and summative assessment to determine whether learning is taking place. Formative assessment is utilized to immediately determine whether students have learned what the instructor intended. This type of assessment helps instructors identify material which needs to be clarified or re-taught and is not used to grade students. Results of formative assessment can assist instructors to determine whether curriculum or learning activities need to be modified during a class session or before the next class meets. Summative assessment is cumulative in nature and is utilized to determine whether students have met the course goals or student

learning outcomes at the end of a course or program. All of these activities are used to improve the learning environment so Ozarka College graduates are prepared to either enter the workforce or move on to the next level of their educational careers.

The greatest use of the information will be by the faculty and staff of the College, who will be able to see where improvements in academic programs or services need to be made. Ozarka College is committed to assessment practices that focus on student learning so that it can continue to meet the educational needs of the citizens of north central Arkansas for high-quality technical and academic programs in higher learning.

Academic Information

Academic Clemency is a second chance for those students who performed poorly in their early academic careers and who wish to return to college after having gained an appreciation of the benefits of higher education. Academic clemency may be granted one time to returning students who have not been enrolled in any higher education institution for at least two years. Academic clemency allows courses taken earlier with low grades to be removed from the overall Grade Point Average (GPA); however, the courses will still be listed on the official transcript with appropriate notation.

1. Returning students may petition for clemency following one semester in which the student proves their resolve to succeed academically by earning a GPA of 2.00 or higher in six or more semester hours
2. Academic clemency may be granted for up to four semesters at Ozarka College. All credit earned within the chosen semester(s) will be affected: pass or fail
3. Ozarka College reserves the right to accept or reject clemency granted by another institution
4. To start the process, students will pick up a form from the Vice President for Academic Affairs office
5. Once the finished form is returned, the Vice President for Academic Affairs has ten business days to review the form and notify students of the outcome. The VPAA is solely responsible for the decision. If a student does not get the result desired, then he/she should follow the Academic Grievance Procedure as detailed in the catalog starting at step

Academic Integrity is expected of all students. Dishonesty includes claiming credit for work others completed, lying, plagiarizing, cheating on tests, and copying other students' assignments. A single incident of violating academic standards of honesty may result in an "F" for the assignment,

an "F" in the course, or expulsion. A violation of academic standards will be reported to the Vice President for Academic Affairs, and the student(s) involved in the incident can appeal any action through the Grievance Procedure. Plagiarism is a very serious offense and includes copying from other students, purchasing completed assignments, copying from textbooks, claiming as one's own work the ideas of someone else, not giving credit to a source (whether the source was directly quoted, paraphrased, or summarized), or citing a source incorrectly.

Academic Probation: A freshman student will be placed on academic probation whenever the semester grade point falls below 1.50 unless the cumulative grade point at Ozarka College is 2.00 or higher. A sophomore student will be placed on academic probation whenever the semester grade point falls below 2.00 unless the cumulative grade point is 2.00 or higher. These criteria also apply to entering transfer students. Students in some technical programs may be placed on probation if they make a grade of "F" or "D" in any technical class. A student who is on probation must work out an individual plan with his or her advisor to improve academic performance.

A student may be removed from probation by completing a minimum of twelve semester hours with a grade point of 1.50 if a freshman and 2.00 if a sophomore or, in either case, by raising the cumulative grade point to 2.00 or higher.

A student, who in a probationary semester fails to achieve a grade point allowing removal from probation but who earns a 1.25 semester grade point if a freshman, or a 1.75 semester grade point if a sophomore, may continue on probation for the following semester.

Academic Suspension normally will be automatic for a student who in a probationary semester fails to achieve a 1.25 semester grade point if a freshman, or 1.75 semester grade point if a sophomore, or who fails to achieve a grade point allowing removal from probation within three successive full semesters. A student may combine summer term grades at the institution with those of the semester immediately

proceeding in order to establish eligibility for retention in College.

Suspension normally implies that the student may not attend Ozarka College the succeeding regular semester. After one regular semester the student may be eligible for readmission on academic probation. A student receiving a second academic suspension will be eligible to seek readmission one year from date of suspension. A student who believes extenuating circumstances exist which would justify earlier readmission must appeal to the Vice President for Academic Affairs. Students who meet the semester/year stipulation must file a request for readmission.

Generally, a student on academic suspension who wishes to transfer to Ozarka College must meet the eligibility standards for readmission to the last college/university attended before being considered for admission to Ozarka College.

Adding/Dropping Courses: A student may drop courses, change from audit to credit, or change from credit to audit during the first eleven class days of the fall and spring semesters and during the first two class days of the summer terms; thereafter, dropping a course or withdrawing from the College is the only change permissible. Failure to withdraw from a course or to withdraw from the College will result in receiving an "F" for all courses. A course may not be added after registration ends.

A student may add, drop, or change sections of courses only by following the official procedure, which requires the completion of a Schedule Change Form. The form is available on the Ozarka College Homepage. The form must be signed by the student, advisor, financial aid officer, TRiO (if student is a participant) and by the Vice President for Student Services.

Administrative Withdrawal of Individual Classes: After 11th day enrollment, if the instructor/instructors request a student to be withdrawn from class/classes for lack of attendance, the Registrar's office can withdraw the student, if the student's financial account and library account are clear. (Financial Account paid in full)

Procedure:

1. Faculty reports, in writing, to the Division Chair/Vice President for Academic Affairs the name of the student and the reason for withdrawing the student.
2. The Division Chair's office will contact the student by mail.
3. After ten working days, if the Division Chair/Vice President for Academic Affairs office has not been contacted by the student, the student will be withdrawn.
4. The faculty will be notified of the student's change of status.
5. The student will be notified.

Students cannot be withdrawn from any course after the official withdrawal date for the semester.

Auditing Courses requires official admission to Ozarka College, written approval of the Vice President for Academic Affairs and the instructor involved, and payment of any regular fee for the course. Audit will be permitted on a space-available basis only.

Cheating: In addition to taking reasonable steps to discourage cheating, the faculty must accept a responsibility to clarify and interpret for the students matters of dishonesty, such as plagiarism. The instructor's policy on cheating will be stated in each class syllabus.

If an occurrence of cheating is detected, the instructor may adjust the grade as appropriate, ranging from a grade penalty on the test or assignment involved to an "F" in the course. When a penalty for cheating is invoked, the instructor is required to submit to the Vice President for Academic Affairs immediately following the occurrence a statement of circumstances, the name of the student(s) involved, and the penalty imposed. A student involved has the right to appeal the action through the Academic Grievance Procedure.

Illegal acts, such as conspiracy or breaking and entering, are to be reported to the Vice President for Academic Affairs for appropriate action through regular college disciplinary channels.

Class Attendance Policy: Students will attend all scheduled meetings of a class or laboratory. If a student cannot attend due to illness, emergency, or College business, he/she must contact the individual course instructors to notify them and arrange for any make-up work. It is the responsibility of faculty members to specify make-up policies in their syllabi for all courses. After a student has missed the equivalent of two weeks of class or laboratory sessions, the instructor has the prerogative of assigning a grade of "F" for the course. Instructors may consider extenuating circumstances.

Class Load: Students on academic probation may enroll for no more than twelve hours during a fall or spring semester. The normal class load at Ozarka College is defined as fifteen credit hours with seventeen hours as a maximum load for the student who is making normal progress. A student with a semester grade-point average of 2.75 may enroll for eighteen hours during the next succeeding semester; with 3.25, a student may enroll for 19 hours. Any deviation from these requirements must be approved by the student's advisor and the Vice President for Academic Affairs.

Class Periods: Class periods on Monday, Wednesday, and Friday normally last 50 minutes. Class periods on Monday and Wednesday or Tuesday and Thursday last 80 minutes. Evening and night classes last 2 hours and 50 minutes.

Class Standing: Students with fewer than thirty semester hours are classified as freshmen, and those with thirty through fifty-nine semester hours as sophomores.

Computer Usage: All students, whether part-time or full-time, shall observe the following guidelines regulating use of computers and software owned by the College, any communications hardware and software provided by the College for the purpose of accessing its computers, and any computer network governed in part or whole by the College.

Persons who violate this policy may be subject to disciplinary action and possible legal action under the Federal Electronics Communications Privacy Act.

College computing resources are provided for institutional work-related, educational, and academic purposes, and access to these resources and the facilities housing them is a privilege requiring that users conduct their computing activities in a responsible manner, respecting rights of other users and abiding by all computing license agreements.

Respect for intended purposes of academic computing resources

1. Using the system in a way that deliberately diminishes or interferes with system use by others is not permitted.
2. No user may permit another person to use his/her computer account.
3. Printing of e-mail is limited to one copy of academic or work-related messages.
4. E-mail chain letters may not be sent to other users on or off campus. Sending of such letters is prohibited by federal law.
5. No computer or telecommunications device may be used to transmit obscene, vulgar, profane, lewd, lascivious, or indecent language or image or to make any suggestion or proposal of an obscene nature or to threaten any illegal or immoral act with the intent to coerce, intimidate, or harass any person or persons. Violation of this prohibition may be considered a Class I misdemeanor under Arkansas state law. Use of computing resources for the display or transmittal of sexually explicit or abusive language or images (e.g., any and all items that might be considered offensive by any person receiving or potentially viewing such items) will be handled under the College's sexual harassment policy.

6. Development or execution of programs that could harass other users or damage or alter software configurations will not be tolerated.
7. All users of College computing laboratories must abide by any and all posted regulations.
8. Academically related activity takes precedence over casual use, such as playing games, participating in on-line chats/activities, or sending and receiving e-mail.
9. College computing resources may not be used for private commercial purposes, such as sending e-mail or constructing Web pages to solicit private business.
10. Computers, public terminals, printers, and networks must be shared equitably to make the most efficient and productive use of College resources.

Respect for other persons' privacy

1. No person may intentionally use another person's account or seek information on, obtain copies of, or modify another person's files, passwords, or any type of data or programs unless specifically authorized to do so by the account owner for a specific purpose.
2. Ozarka College will make every effort to safeguard the privacy of messages transmitted by the electronic mail system. Users, however, should be aware of the following:
 - a. It may be possible for individuals to obtain unauthorized access to the mail gateway or for authorized users to obtain unauthorized access to other users' electronic mail.
 - b. Ozarka College may be ordered by a court of law to surrender communications that have been transmitted by electronic mail.
 - c. If a user is under investigation for misuse of electronic mail, his/her account may be suspended, and his/her e-mail read as it applies to the alleged offense.

- d. A user's electronic mail may be purged after an appropriate period as determined by Information Systems Staff, whether or not the messages have been read by the intended recipient.
3. Users must change their passwords on a regular basis to help maintain privacy.

Respect for copyright

1. All members of the College community shall adhere to the provisions of copyright law. Persons wishing to see full text of federal law may consult with library staff.
2. Persons who willfully disregard copyright law do so at their own risk and assume all liability.
3. The doctrine of fair use, while not specifically regulated, suggests that materials originally prepared for public consumption are more open to reproduction than materials originally developed for classroom or other more private use. Use of a small portion of a copyrighted text, as in a brief quotation or for purposes of a review, may also be permitted. Any reproduction, however, which has the potential to deprive the item's creator of profit otherwise available from a potential market and sales is unlikely to be found a fair use.
4. Ozarka College negotiates site licenses with software vendors whenever possible. Copying, therefore, is strictly limited except for backup purposes, with the backup copy not to be used at all as long as the original is functional.
5. The library may lend software for temporary use only, not for copying. Borrowers who transfer software to a hard disk must delete the program when the borrowed item is returned.

Responsibilities of Information Systems Staff

1. Information Systems Staff will provide access to the College's existing software through the general computing labs, computing classrooms, and networks.
2. Information Systems Staff will make every effort to ensure the integrity of all computer resources and information stored on the network file server. Ozarka College, however, is not responsible for any loss of information.
3. Information Systems Staff or their representatives reserve the right to ask users engaged in non-academic activities to logoff the system to allow other users to engage in academic activities.
4. Information Systems Staff will regularly instruct users to change their passwords.

Infractions of computer resource policies

1. The President will appoint a Computer Ethics Review Board which will review any infraction of computer resource policies and recommend appropriate sanctions to the Administrative Council.
2. Violators of policies other than those related to copyright law may expect to incur sanctions such as suspension of user's privileges for a specified time in the case of a first offense. Further offenses may result in permanent suspension of privileges. Continued serious offenses may result in further penalties.
3. Persons violating copyright law may be subject to the full range of legal penalties.
4. Persons who disagree with actions of the Computer Ethics Review Board may follow normal College grievance procedures.

Continuing Education Classes: Ozarka College may offer short-term continuing education classes whenever there is a need and/or interest in the service area for a vocational or personal enrichment courses. In addition, classes may be developed to meet needs of business and industry to accommodate specific or general needs for workforce training.

Delivery of continuing education classes can be provided on-site for business and industry, scheduled on campus, or in some cases offered via the Internet. Ozarka College partners with Education To Go, Inc. to offer a vast array of non-credit training online. Education to Go courses are equivalent to 24 hours of non-credit instruction and is accessible around the clock from a computer with standard Internet access at www.ed2go.com/ozarka.

Fees for continuing education depend on class length and the cost of consumable supplies. These short-term classes are not approved for financial aid and generally do not carry college credit. Certain courses may follow the same curriculum as regular Ozarka College coursework in which case effective course credit may be awarded.

The Vice President for Academic Affairs works with local businesses and industries to design courses that meet area training needs. Personal enrichment classes are offered based on demand.

Final Examinations: At the end of each semester approximately one week is set aside for final examinations. The schedule is published by the Vice President for Academic Affairs, with two hours allotted to each examination. If students have three or more final examinations scheduled for the same day, they may request an adjustment of their testing schedule from the Vice President for Academic Affairs.

Grade Appeal Procedure: The following regulations apply to the appeal of academic grades:

1. Appeal of a grade must be made by the student directly affected.

2. An appeal, in order to be heard, must be made during or immediately following the conclusion of the course involved. (here, "immediately" means before the beginning of another regular semester or summer term).
3. All appeals must begin with the student talking with the instructor involved and explaining the nature of the problem. **Evidence of attempted resolution in this direct manner must precede any further step.**
4. If the appeal is not resolved by student/instructor conference, the student wishing further consideration must take the issue to the Vice President for Academic Affairs.
5. The student may request a hearing if the Vice President/student conference does not bring resolution. At the time a student asks for a formal hearing, the student must submit a written formal presentation of the case, with all related supporting documents. The hearing committee can then either reject the grievance on the basis of its content or proceed to investigate further.
6. Each hearing committee will be an ad hoc committee sitting for an individual appeal. The committee will be composed of three faculty members. The committee members, one of whom will be a faculty member of the student's choice, will be appointed by the Vice President for Academic Affairs. The committee will select its own chair.
7. The committee will have full cooperation of all in gathering information and conducting interviews. Once an issue is before the committee, the committee will have freedom to recommend a lower grade, a higher grade, or no change.
8. The committee recommendation will be conveyed to the Vice President for Academic Affairs, who will seek resolution based on the recommendation.
9. Failing resolution in Step 8, the issue will be reviewed by the President, who will take under advisement the

recommendation of the committee in determining actions to be taken.

10. All written grievances filed by a student with the Vice President for Academic Affairs, along with any related documents, will be logged in an official register by the Vice President and maintained for a period of no less than two years after the initial filing.

Other grievances relating to an instructor will proceed through an appeal to the Division Chair, the Vice President for Academic Affairs, and the President.

Grading: Divisions will establish grading scales which will be provided to students through the syllabi for all courses.

Grades are reported to the Office of the Registrar twice during the semester, at midterm for counseling purposes, and the final grade at the end of the semester. Midterm and final grade reports are electronically accessible to the student, student services, advisor, financial aid officer, and Vice President for Academic Affairs. Midterm and final grades are available to each student through their myOzarka account.

At the end of any semester, an instructor may assign a grade of "Incomplete" ("I") only under the following circumstances:

1. The student is ill or is affected by other circumstances beyond the student's control.
2. The student has completed and received passing grades on at least 75 percent of all course requirements.
3. The student and the instructor, together, have completed and signed the Incomplete Grade Contract, with a third party witnessing the process.
4. A copy of the signed contract is given to the student, scanned to his/her electronic file, and maintained in the Registrar's Office. Once the official grade is assigned by the instructor, documentation will be placed with the contract.

A grade of "I" will not be computed in the grade point average for the semester recorded; nonetheless, the "I" will be changed automatically to a grade of "F" for grade and grade point purposes at the end of the next regular semester (fall or spring) unless course requirements are completed and the final grade is reported before the end of that semester. In determining financial aid eligibility, a grade of "I" will be computed as an "F" for grade point purposes until the "I" is removed. In the event that the instructor assigning an "I" is an adjunct or will not be returning to Ozarka for the next semester, it is that instructor's responsibility to ensure that a returning faculty member agrees to assess the students attempt to complete the coursework and to assign a final grade.

No grade other than "I" may be changed after it is recorded unless the instructor finds that an error has been made. The instructor may correct the grade by submitting a written request and explanation of the error to the Vice President for Academic Affairs.

Grade points are awarded on the following basis: A, 4 points; B, 3 points; C, 2 points; D, 1 point; F, 0 points.

Graduation Requirements: At the beginning of their last semester of enrollment, students completing all graduation requirements must complete the online Intent to Graduate form. The student's advisor and appropriate division chair must electronically approve that the student has met degree requirements. In addition, students who complete the graduation requirements during the following summer must also complete the online Intent to Graduate Form. These students may participate in the graduation ceremony. The diploma and official GPA will not be released until all graduation requirements have been satisfied.

Ozarka College students may choose to complete requirements for graduation under the provisions of the Ozarka College catalog in force at the time they first enrolled. However, students may elect to choose a catalog from a later academic year. If a student does not complete a minimum of 6 hours per semester and if the enrollment is not continuous in

the fall and spring semesters, the student will be required to complete requirements under the catalog for that year.

In order to qualify for a technical certificate, a student must complete at least nine of the last fifteen hours of work in residence. For any degree, a student must complete at least eighteen of the last twenty-four hours of work in residence. For the certificate of proficiency, the entire program must be taken at Ozarka College.

To be awarded a certificate or degree, a student must maintain a 2.00 grade-point average. If a student shifts from a degree program to a certificate program, that student must maintain a 2.00 average only in required courses. Required courses for each program are listed in the College Programs section of this catalog.

Prospective graduates must clear all charges against their accounts before noon on the day of graduation. Graduates shall contact the Finance Office to determine if an account is due. Diplomas will not be issued until all charges are cleared. Graduates must wear caps and gowns.

Graduation with honors: Students who complete course work for an associate's degree with a grade point average of at least 3.50 will be designated as graduating Cum Laude. Students with a 3.75 average or better will be designated as graduating Magna Cum Laude. An appropriate seal will be affixed to the diploma of each honor graduate.

myOzarka: Ozarka College's proprietary learning management system allows students, regardless of location, access to their records in an easy to use, manageable format. Students may log on to myOzarka using any web browser and going to <https://my.ozarka.edu>. myOzarka grants access to student records, campus announcements, class schedule, registration module, personal calendar, human resources, financial aid, and distance education (including web courses). All Ozarka College instructors update syllabi and course content in myOzarka regularly; therefore access to timely, up-to-date course information is always available online. In addition, changes to the Ozarka catalog, tuition, information,

etc., can be accessed from here. Students may log on to myOzarka at any time since the site is available 24 hours a day, seven days a week. myOzarka is a great place to communicate with classmates and instructors via the chat and discussion areas, or to download homework assignments or view content modules. The use of myOzarka in individual courses is up to the individual instructor.

Ozarka uses myOzarka as its learning platform for online classes, a supplement to traditional course curriculum, and a tool for all students and faculty to expand horizons into technology. For questions or comments regarding myOzarka or any related issue, feel free to contact Information Systems at helpdesk@ozarka.edu or computer helpdesk at 368-2021.

Office Hours: Each faculty member schedules office hours for consultation with students and colleagues. This schedule will be posted on or near the faculty member's office door, on the myOzarka course page, and on the syllabus provided to students at the beginning of each semester. Students should meet with their advisors at least twice each semester to monitor their academic progress.

Privacy Rights of Students: A student's academic record is confidential and will not be released to unauthorized persons without the student's written permission. Students may look at their own records in the administrative office. If students feel records are inaccurate or misleading, they can present their views and facts to a person who has no direct interest in the records. Copies of a student's records will be provided to the student upon written request.

Students have the following rights regarding educational records:

1. The following personally identifiable information is considered directory information and is subject to public disclosure unless the student informs the Vice President for Student Services in writing before the end of the first week of classes each semester that he or she does not want any or all of these types of information released.

- A. Name, address, and telephone number.
 - B. Date and place of birth.
 - C. Major field of study and official school activities.
 - D. Dates of attendance.
 - E. Degrees and awards received.
 - F. Most recently attended previous educational institution.
2. The student may request release of personally identifiable information other than directory information by completing a consent form. Persons other than the student who wish to request such information must complete a request form. Both forms are available from the Office of the Registrar.

Repeating Courses: A student may repeat courses taken at Ozarka College for the purpose of grade point adjustments by re-enrolling in the same courses at the College. The higher of the two grades is the only one calculated into a student's academic record.

A student must notify the Office of the Registrar upon registering for a repeated course so that appropriate adjustments to the cumulative grade point can be made when the course is completed. Financial aid will only cover the cost of a repeated course one time when the grade to be replaced is a passing grade according to the 2011-2012 FSA handbook. Adjustments to cumulative grade points are not made for courses transferred from other colleges or universities. Course repeat forms are available from academic advisors or the Office of the Registrar.

Student Responsibility: All students have access to the College catalog through Ozarka College's Web page (www.ozarka.edu). Each student is responsible for thoroughly reading the College catalog and becoming familiar with the policies, regulations, and procedures of Ozarka College.

All students must give prompt attention to communications from faculty and staff members of the institution. Most communications will be announced, posted on myOzarka, emailed, or sent through the United States mail to the student's last known address.

Transcript Requests: A student may request an official copy of their transcript in person or in writing from the Office of the Registrar. A fax or e-mail request is also acceptable provided the student's signature is provided. Students who are requesting a transcript should include in his/her request a student ID number or their social security number. No transcript will be granted unless all balances are cleared in the Business Office. There are no charges for a transcript. Transcript request forms are available on the Ozarka College web site.

**Accepted e-mail request: An e-mail request must be a signed, scanned document saved in Microsoft word format and sent as an attachment.*

Withdrawals: Withdrawal removes a student from all courses and must be completed by the end of the thirteenth week of the semester (or before the day preceding the final examination during the summer term.)

A student who wishes to withdraw from school during a semester is required to follow the official withdrawal procedure, which requires completion of a Withdrawal Form. The form must be signed by the registrar, advisor, librarian, financial aid officer, Vice President for Finance, and TRiO Student Support Services. A student who withdraws without following this required procedure will be recorded as having withdrawn unofficially, and grades will be recorded as "F." A student cannot be withdrawn unless the student has paid all bills owed to the College. The Withdrawal Form may be obtained from the office of the Vice President for Student Services, the student's academic advisor, or the Ozarka College Webpage.

If a student withdraws unofficially from school during the final two weeks of a semester, the Vice President for Academic Affairs may waive the requirement that grades of "F" be recorded if the circumstances forcing a withdrawal justify special consideration.

College Programs

General Education Outcomes

Ozarka College provides core classes to instill general education knowledge, skills, and attitudes which are then reinforced throughout the academic and technical curriculum. The goal of general education is to give students the ability to:

1. Locate, organize, and analyze information using a variety of methods, including technologies.
2. Develop effective skills for both written and oral communications.
3. Demonstrate knowledge of scientific and mathematical principles.
4. Demonstrate an understanding of self-awareness, personal and civic responsibility.
5. Demonstrate their analytical reasoning abilities to interpret, evaluate, and synthesize information across disciplines.
6. Demonstrate an awareness of and appreciation for the diverse cultural, political, social, and economic forces that significantly affect(ed) past and present society.

The general education core requirements are consistent with Ozarka College's mission, vision, and values. Requirements vary from 6 to 35 hours, depending on whether a student is in

a technical certificate program, an Associate of Applied Science degree program, or an Associate of Arts or Science degree program.

Each program, whether academic, technical, or developmental, assess its performance in one or more of these areas. All course syllabi incorporate desired general education outcomes.

Ozarka College recognizes that the General Education component of higher education is intended to provide students with the common body of knowledge, skills, and attitudes considered to be the core learning required of every educated person. This knowledge prepares students for lifelong learning and productive participation. The goals of the General Education component are clearly linked to course learning outcomes. Goals may be introduced, reinforced, or mastered in individual courses. The depth to which these goals are obtained is dependent, in part, on the general education requirements of individual program areas. In addition, each technical program will have some degree of all the elements listed within the learning outcomes of specific courses.

General Education Requirements for Technical Certificates

Students in technical certificate programs are required to complete three hours of English and three hours of mathematics. The Required course for Technical Certificates is Technical Writing. These students, however, may also meet the requirement by completing English Composition I.

Any student who expects to enroll in an associate degree program sometime after completing the technical certificate is strongly advised to take English Composition.

Students in certificate programs may complete the math requirement by taking Mathematics with Business Applications. If the technical certificate focus is Allied Health, then Math for Nurses is required.

General Education Requirements for Associate of Applied Science Degrees

General education requirements, while usually in the 15-19 hour range, vary from program to program, depending in part on what the particular technical course requirements are. All require at least six hours of English, three hours of mathematics, three hours of social science, and three hours of computer science. See individual program requirements for specifics.

General Education Requirements for the Associate of Arts or Science Degree

The Associate of Arts degree requires completion of thirty-five credit hours of general education courses. These include six credit hours of English, four credit hours of biological science, four credit hours of physical science, three credit hours of fine arts, three hours of literature, twelve credit hours of social science, and three credit hours of mathematics. Specific requirements are listed in the program section.

Developmental Education

Developmental courses are designed to assist the student who does not have the academic skills to succeed in transferable freshman-level courses. While they may meet some requirements of certificate or AAS programs, they carry no credit toward a four-year college degree.

Transitional, developmental courses include:

PCEN0003	Beginning Writing
PCEN 0013	Practical Writing
PCMA 0003	Fundamentals of Arithmetic
PCMA 0013	Fundamentals of Algebra
PCMA 0023	Intermediate Algebra
PCMA0033	Foundations of Math
PCRE 0003	Reading Improvement

Course Numbering

All courses are designated by a four-digit number. The first digit indicates the level at which the course is taught:

- 0** indicates a non-credit developmental course.
- 1** indicates a course in a one-year program or the first year of a two-year program or a freshman-level transfer course.
- 2** a course appropriate for the second year of a two-year program or a sophomore-level transfer course.

The second and third digits indicate the distinguishing number of the course. The last digit indicates the semester hour value of the course.

Ozarka College Programs

The following is an alphabetical listing of all academic programs offered by Ozarka College and where a program description can be found in this catalog:

Associate of Arts

Associate of Arts Degree (Transfer).....	147
Associate of Arts in Teaching.....	150

Associate of Science

Associate of Science in Business.....	141
Associate of Science in Criminal Justice and Corrections....	115
Associate of Science in Human Services.....	113

Associate of Applied Science

Automotive Service Technology.....	130
Business Technology.....	125
Culinary Arts.....	135
General Technology.....	139
Health Information Technology.....	103
Registered Nursing LPN/LVN to RN (ARNEC) Arkansas Rural Education Consortium.....	106

Certificate Programs

Technical Certificate:

Automotive Service Technology.....	128
Culinary Arts.....	133
Early Childhood Education.....	146
Health Professions.....	96
Licensed Practical Nursing.....	97

Certificate of Proficiency:

Accounting.....	119
Banking and Finance.....	120
Business Computer Applications.....	121
Business Management.....	122
Certified Nursing Assistant.....	94
Corrections and Criminal Justice.....	111
Early Childhood Development.....	146

Division of Allied Health

PROGRAMS OFFERED

Certificates of Proficiency

Basic Emergency Medical Technician
Certified Nursing Assistant

Technical Certificates

Health Professions
Licensed Practical Nursing

Associate in Applied Science Degrees

Health Information Technology
Registered Nurse-LPN/LVN to RN (through ARNEC)

Certificate of Proficiency

Basic Emergency Medical Technology

Philosophy

The Basic Emergency Medical Technology program serves the training needs of entry-level emergency caregivers, vital links in the chain of the health care team, who wish to meet the educational requirements set by the Arkansas Department of Health so that they can provide safe and effective pre-hospital emergency medical care.

Outcomes

Program graduates will possess the knowledge and skills needed to:

1. Identify the nature and seriousness of the patient's condition or extent of injuries to assess requirements for emergency medical care in all ages, races and socio-economic status.
2. Demonstrate appropriate emergency medical care based on assessment findings of the patient's condition ethically and professionally.
3. Plan for lifting, moving, positioning, and otherwise handling the patient using scientific knowledge to minimize discomfort and prevent further injury.
4. Perform safely and effectively through proper communication skills in both written and verbal form.

This program incorporates the U.S. Department of Transportation's National Standard Curriculum for EMT-Basic education, and upon successful completion of the course, graduates will be qualified to sit for the National Registry EMT-Basic Certification examination.

Students must register for the class through the admissions office at the beginning of the semester when the class is offered. Ride time and clinical hours are assigned by the instructor.

Required Technical Course

(7 semester credit hours)

EMT1107 Basic Emergency Medical Technology

Total Credit Hours Required 7 Hours

Estimated cost of program, excluding web and lab fees, supplies and books: \$648.00

***Tuition and fees are subject to change per Board of Trustee approval**

**Certificate of Proficiency
Certified Nursing Assistant**

Philosophy

The Certified Nursing Assistant Program (CNA) follows the curriculum and meets the requirements as set by the Office of Long Term Care in the state of Arkansas. Upon successful completion, the student receives a Certificate of Completion and is prepared to sit for state certification as a Nursing Assistant in Arkansas.

Certified Nursing Assistants are hired by all types of facilities to provide top-quality nursing care. CNAs work under the supervision of Licensed Practical Nurses and Registered Nurses. The program teaches the student the importance of the CNA as a member of the healthcare team and that the patient is the primary focus of the healthcare team's efforts.

Outcomes

Program graduates will possess the knowledge and skills needed to:

1. Distinguish their role in shaping the healthcare delivery system and providing holistic care for their clients, regardless of socio-economic status, race or beliefs.

2. Demonstrate care that shows recognition of client rights and the ethical/legal aspects of nursing while promoting client self-esteem, dignity, independence, safety and comfort.
3. Demonstrate effective written and oral communication and interaction with clients, families, peers and other professionals.
4. Interpret vital signs and perform basic nursing skills using scientific knowledge to report and document client conditions using current technological equipment.

Required Technical Courses

(6 semester credit hours)

HLTH1023	Basic Health Skills I
HLTH1033	Basic Health Skills II

Total Credit Hours Required6 Hours

Estimated cost of program, excluding web and lab fees, supplies and books: \$559.00

***Tuition and fees are subject to change per Board of Trustee approval**

Technical Certificate

Health Professions

Philosophy

The Health Professions Technical Certificate allows individuals to enter the healthcare field with a variety of knowledge for entry level positions. Students are able to use skills learned in different areas to make them a valuable asset in the healthcare workforce in areas of Physician's Offices, Community Health, Hospitals, and Emergency room/Outpatient areas and in Admissions.

Outcomes

Program graduates will possess the knowledge and skills needed to:

1. Demonstrate effective communication in various forms using proper grammar and medical terms related to health knowledge.
2. Demonstrate compassion and caring through ethical and professional practices.
3. Interpret and synthesize data using scientific and mathematical reasoning to identify needs.
4. Plan care to meet individual needs based on age, beliefs, culture, disease process and socio-economic status.
5. Use technology to enhance care and record events.

Required Technical Courses

HLTH1003	Intro to Health Professions
HIM1203	Medical Terminology I
BIOL1204	Body Structure & Function
BUS1133	Keyboarding Essentials
ENGL1103	Technical Writing or higher English composition course

MATH1103 Math with Business Applications
OR
NRSG1213 Math for Nurses
CPSI1003 Introduction to Computer Applications
HIM1213 Medical Terminology II

Plus Options:

HLTH1023 Health Skills I

AND

HLTH1033 Health Skills II (6 hours)

OR

EMT1107 Basic Emergency Medical
 Technician (7 hours)

Total Credit Hours Required31-32 Hours

**Estimated cost of program, excluding web and lab fees,
 supplies and books: \$2898.00**

***Tuition and fees are subject to change per Board of
 Trustee approval**

**Technical Certificate
 Licensed Practical Nursing**

Philosophy

Nursing practice combines the science of health and the art of caring. A humanistic blend of scientific knowledge, nursing philosophy, clinical practice, and general education, this program upholds the values and standards of nursing practice and teaches that learning is a lifelong process. General education courses, along with general education skills integrated into technical courses assist students in becoming contributing members of society, enhance career goals, and provide appropriate background to students who wish to gain further education in the profession. Through general education, students develop, synthesize, and internalize personal values; increase their awareness of the human condition; strengthen basic skills in communications and computation; and integrate general and career-specific learning. Instructors create a learning environment that allows

individual input, growth, and evaluation with a learning process proceeding from the simple to the complex. The clinical and academic experiences in the professional curriculum are interdependent and reinforce each other, with the academic setting providing an information and theory base that is integrated, expanded, and verified in the clinical setting. Because health care and nursing are constantly changing, students learn that licensed practical nurses must exhibit a flexible and holistic approach to health care delivery, understand the changing health care environment, and develop strategies for continually seeking new treatment information. Students learn that practical nurses are integral and valuable members of the health care team, functioning under the guidance of a registered nurse and demonstrating ethical, legal, and professional conduct of the highest order in their personal and vocational relationships.

Outcomes

Upon completion of this course of study, the graduate will:

1. Demonstrate knowledge of scientific principles in providing patient care.
2. Attain the necessary skills to perform treatments and administer medications safely.
3. Demonstrate kindness, rapport, and empathy in giving patient care.
4. Recognize deviations from normal health, including specialty areas such as pregnancy and the newborn.
5. Develop skills of observing, recording, and reporting on the condition of the patient.
6. Use effective communication skills while working with patients, families, staff, and peers
7. Display the technical knowledge and skills necessary to move into middle and upper management positions in their field, given the necessary time on the job to build expertise and accumulate experience.

8. Understand that nursing is lifetime learning, critical thinking, and problem solving skills used for patient care through evidence-based practice.
9. Be able to communicate correctly and accurately in speech and writing and to reason mathematically.

➡NOTE: Applicants are admitted into this program only after meeting specific selection criteria. Information about these criteria is available from the Admissions Officer/Recruiter. Students who are selected for the program are expected to attend full-time and take all courses in the prescribed sequence.

Applications for the LPN classes beginning in January (Melbourne campus, Daytime classes only) are accepted September 1 - November 1. For classes starting in August, (all campuses) applications are accepted February 1 - April 1.

Clinical experience will be in a variety of clinical settings within the four county area. May also require travel to an LPN Convention held anywhere in the state. Overnight travel and expenses are the responsibility of the student.

The hours required for the LPN Program meet or exceed the minimum requirements of the Arkansas State Board of Nursing and the Arkansas Department of Higher Education. The Melbourne daytime program requires three regular semesters with no summer classes. Mountain View day classes, Ash Flat day classes, and the Melbourne weekend and evening classes are 11 months from August through June.

All students admitted to the Arkansas Rural Nursing Education Consortium LPN/LVN to RN program must read the Arkansas Nurse Practice Act, ACA §17-87-312, (provided in course syllabi each semester) and submit a signed statement indicating that they understand that graduating from a nursing program in Arkansas does not assure the Arkansas State Board of Nursing's approval to take the licensure examination. Graduates must pass the National Council Licensure Exam (NCLEX-PN) after completing classes to be licensed to

practice. All accepted applicants must undergo a criminal background check and a drug screen.

All students entering the nursing education programs will be required to have a criminal background check. The student must be aware that clinical facilities will not allow them to practice as a student if they have committed certain crimes. Therefore without the clinical experiences, the student will not be able to meet the requirements of the Nursing Programs. Students are encouraged to read the following list carefully and completely. The law states in part:

No person will be eligible to receive or hold a license issued by the board if that person has pleaded guilty or nolo-contendere to, or been found guilty of any of the following offenses by any court in the state of Arkansas, or of any similar offense by a court in another state, or of any similar offense by a federal court:

Capital murder, murder in the first or second degree, manslaughter, negligent homicide, kidnapping, false imprisonment in the first degree, permanent detention or restraint, robbery, aggravated assault, introduction of controlled substance into the body of another person, terroristic threatening in the first degree, rape and carnal abuse in the first degree, sexual abuse in the first or second degree, sexual solicitation of a child, violation of a minor in the first or second degree, incest, offenses against the family, endangering the welfare of incompetent persons in the first degree, endangering the welfare of a minor in the first degree, permitting child abuse, endangering children sexually explicit conduct for use in visual or print media, transportation of minors for prohibited sexual conduct or pandering or possessing visual or print media depicting sexually explicit conduct involving a child, or use of a child or consent to use a child in sexual performance by producing, directing or promoting a sexual performance by a child, felony adult abuse, theft of property, theft by receiving, arson, burglary, felony violation for the uniform controlled substances act, promotion of prostitution in the first degree, stalking, criminal attempt, criminal complicity, criminal solicitation or criminal conspiracy.

If you have any of these offenses on your record, it will be present on your background check. If the facilities will not allow you to participate in the clinical experiences you will be advised to withdraw from the program. There is a possibility that you could complete the nursing program, but be barred from taking boards for licensure.

Technical Certificate Licensed Practical Nursing

Pre-requisite Courses-13 hours (All LPN Programs)

ENGL1103	Technical Writing or higher level English composition courses
NUTR2203	Basic Human Nutrition
NRSG1213	Math for Nurses
BIOL1204	Body Structure and Function

Required Technical Courses for Three Semester Melbourne Daytime Program

LPN1013	Nursing Process I
LPN2402	Nursing Clinical Experience I
LPN1108	Nursing Process II
LPN2404	Nursing Clinical Experience II
LPN1208	Nursing Process III
LPN2504	Nursing Clinical Experience III

Required Technical Courses for All Eleven Month Programs (Ash Flat, Mountain View, and Melbourne weekend/evening).

LPNE1112	Nursing Process I
LPNE1104	Nursing Clinical Experience I
LPNE1211	Nursing Process II
LPNE1204	Nursing Clinical Experience II
LPNE1306	Nursing Process III
LPNE1302	Nursing Clinical Experience III

Total-Nursing Theory.....	576 clock hours
Total-Nursing Clinical	640 clock hours
Total-General Education	96 clock hours

Total Credit Hours Required 52 Credit Hours

Estimated cost of program, excluding web and lab fees, supplies and books: \$5198.00

***Tuition and fees are subject to change per Board of Trustee approval**

Nursing students who wish to transfer to Ozarka College's LPN program from another institution must submit a letter of good standing from that institution. Because all LPN programs are not using a standard curriculum outline, students must take an assessment exam given by the Nursing Department to validate competency in coursework being transferred to allow for proper placement into Ozarka College's LPN program. Transfer students will only be accepted if there is a seat available.

*Students who plan to pursue the LPN-RN AAS Program at Ozarka College may wish to substitute BIOL2214, Anatomy & Physiology I and Lab and BIOL2224 Anatomy & Physiology II (both must be completed), for BIOL1204, Body Structure and Function. These students should also consider taking ENGL1013, English Composition if their COMPASS Scores indicate that placement. If you wish to transfer to another school for RN you may need to take additional courses to meet their general education requirements. The ARNEC-RN Nursing Advisor, located in the Allied Health/Adult Education building, can provide information on requirements for the LPN-RN AAS in nursing program which is offered on the Ozarka College campus or visit on the web at www.arnec.org.

If the student has completed all the pre-requisite courses with a "C or higher" the grades will be awarded points and the student allowed to sit for the Entrance exams.

If the student is currently enrolled in any of these classes at the time of application, the Mid-term grade of "C or higher" will be used to compile the score. If the student does not have a "C or higher" at the time of application, they will not be allowed to take the Entrance Exams. The students must complete the

course in which they are enrolled with a “C” or better, and apply for admission during the next application cycle.

Associate of Applied Science **Health Information Technology**

Philosophy

Successful completion of the requirements of the associate degree program in Health Information Technology will prepare the student for entry-level employment as a health information processor by providing the basic knowledge, understanding, and skills required to work in a variety of healthcare settings, from receptionist to transcription, billing and coding to management. Health Information Technology provides the students with the skills to process data with accuracy, clarity, and timeliness, code diagnosis and procedures of the medical office and hospital setting by applying the principles of professional and ethical conduct thus, becoming a vital link in the healthcare chain of our society. The Health Information Technology program provides lifelong skills for marketable performance.

Outcomes

Program graduates will possess the knowledge and skills needed to:

1. Demonstrate written, verbal and medical usage in all areas of communication.
2. Operate computers and support software relative to job performance and use technology in the preparation/submission of data.
3. Devise a large medical vocabulary and understand human anatomy, physiology, diseases, diagnostic indications, drugs, surgical and other procedures using scientific knowledge and mathematical reasoning.

4. Identify, distinguish, and interpret inconsistencies, discrepancies, and inaccuracies in all medical office procedures and make appropriate corrections.
5. Compile, organize and produce information while maintaining confidentiality.
6. Relate ethical and professional standards for all clients regardless of socio-economic conditions, race, age or cultural beliefs.

The students' practicum experience may be at regional medical centers and/or physician's offices in the four county area under supervision of a facility liaison or designated personnel.

** Courses should be progressive as listed below in the sequence**

Required Technical Courses

Semester I

BUS1133	Keyboarding Essentials
ENGL1013	English Comp I
COMM1313	Communications
MATH1103	Math for Business Applications or higher level math course
HLTH1003	Intro to Health Professions*

Semester II

CPSI1003	Introduction to Computer Applications
ENGL1023	English Comp II
BUS1213	Information Processing
MGMT2643	Human Relations
HIM2213	Legal/Ethical Aspects of Health Care*

Semester III

HIM1203	Medical Terminology I
HIM1803	Medical Coding I
BIOL1204	Body Structure and Function
MDTR2003	Medical Transcription

Semester IV

HIM1213	Medical Terminology II
HIM1504	Pathophysiology with Pharmacology
HIM2264	Clinical Practicum Experience
HIM1813	Medical Coding II

Plus (1) 3-hour Elective Course from the following:

NUTR2203	Basic Human Nutrition
PSYC2003	General Psychology
PSYC2313	Developmental Psychology
SOCI2013	Intro to Sociology

*required technical course

Other upper level coursework may be substituted for the elective requirement with the approval by the Division Chair.

Total Credit Hours Required60 Hours

Estimated cost of program, excluding web and lab fees, supplies and books: \$5440.00

***Tuition and fees are subject to change per Board of Trustee approval**

Associate of Applied Science

Registered Nursing (LPN/LVN to RN Transition)

Note: There is a special application and deadline for this program. Visit www.arnec.org for details.

Mission Statement

The mission of the Arkansas Rural Nursing Education Consortium is to provide its students with a quality, comprehensive, accessible, and affordable registered nursing program to students in rural Arkansas. The educational program and services include: career education, workforce development, university transfer education, general education, adult education, and community services. Through the associate degree program, ARNEC is committed to providing LPN and LVN students a broad range of knowledge, skills, and attitudes necessary for successful entry level into the nursing profession.

Outcomes

The seven program student learning outcomes are:

1. Provide quality, safe, holistic, patient-centered, evidence-based nursing to diverse patient populations across the lifespan guided by a caring attitude.
2. Engage in critical thinking necessary to provide quality patient care.
3. Implement quality improvement measures for diverse patient populations.
4. Participate in collaborative relationships with members of the inter-professional team.
5. Use information management principles, techniques, and systems, and patient care technology to communicate, manage knowledge, mitigate error, and support decision-making.

6. Provide leadership in a variety of healthcare settings for diverse patient populations.
7. Function as a competent nurse assimilating professional, ethical, and legal guidelines in practice as a professional nurse.

Note to All Applicants:

ARNEC faculty reserves the right to alter the curriculum and admission policies whenever change is deemed necessary. For further information on admission, application and requirements visit www.arnec.org.

Theory (nursing lectures) will be scheduled on Tuesday and Thursday evenings from 3:30 – 8:30 PM and clinical time will take place on weekends, but some days may be utilized. This program was designed to meet the needs of working LPNs or LVNs.

All students admitted to the Arkansas Rural Nursing Education Consortium LPN/LVN to RN program must read the Arkansas Nurse Practice Act, ACA §17-87-312, (provided in course syllabi each semester) and submit a signed statement indicating that they understand that graduating from a nursing program in Arkansas does not assure the Arkansas State Board of Nursing's approval to take the licensure examination.

All students entering the nursing education programs will be required to have a criminal background check. The student must be aware that clinical facilities will not allow them to practice as a student if they have committed certain crimes. Therefore without the clinical experiences, the student will not be able to meet the requirements of the Nursing Programs. Students are encouraged to read the following list carefully and completely.

The law states in part:

No person will be eligible to receive or hold a license issued by the board if that person has pleaded guilty or nolo-contendere to, or been found guilty of any of the following offenses by any court in the state of Arkansas, or of any similar offense by a

court in another state, or of any similar offense by a federal court:

Capital murder, murder in the first or second degree, manslaughter, negligent homicide, kidnapping, false imprisonment in the first degree, permanent detention or restraint, robbery, aggravated assault, introduction of controlled substance into the body of another person, terroristic threatening in the first degree, rape and carnal abuse in the first degree, sexual abuse in the first or second degree, sexual solicitation of a child, violation of a minor in the first or second degree, incest, offenses against the family, endangering the welfare of incompetent persons in the first degree, endangering the welfare of a minor in the first degree, permitting child abuse, endangering children sexually explicit conduct for use in visual or print media, transportation of minors for prohibited sexual conduct or pandering or possessing visual or print media depicting sexually explicit conduct involving a child, or use of a child or consent to use a child in sexual performance by producing, directing or promoting a sexual performance by a child, felony adult abuse, theft of property, theft by receiving, arson, burglary, felony violation for the uniform controlled substances act, promotion of prostitution in the first degree, stalking, criminal attempt, criminal complicity, criminal solicitation or criminal conspiracy.

If you have any of these offenses on your record, it will be present on your background check. If the facilities will not allow you to participate in the clinical experiences you will be advised to withdraw from the program. There is a possibility that you could complete the nursing program, but be barred from taking boards for licensure. Completion of the program does not guarantee that you will be granted licensure to practice as a nurse.

General Education Requirements:

(33 semester credit hours)

BIOL2214	Anatomy & Physiology I and Lab
BIOL2224	Anatomy & Physiology II and Lab
BIOL2014	Microbiology & Lab

Division of Arts and Humanities

PROGRAMS OFFERED:

Certificate of Proficiency

Entrepreneurship for Artisans
Corrections and Criminal Justice

Associate of Science

Human Services
Criminal Justice and Corrections

The Arts and Humanities Division helps fulfill the college mission statement "Ozarka College... providing life-changing experiences through education" by providing student learning opportunities in anthropology, art, drama, government, history, English composition, literature, music, psychology, religion, and sociology. These disciplines provide freshman and sophomore undergraduate courses in arts and humanities that lead to associates and baccalaureate degrees at four year institutions.

The courses in this division complete general education and elective courses that prepare students for transfer and allow them to sample a variety of courses before choosing a major. The division also offers degrees in Human Services and Criminal Justice and Corrections.

Certificates of Proficiency Corrections and Criminal Justice

Outcomes

Students completing this degree program successfully will be able to:

1. Identify and explain the basic structures and functions of the criminal justice system.
2. Interpret the basic concepts and functions of criminal law.

Corrections and Criminal Justice

General Education Requirements

CRIM1013	Criminal Law
CRIM1023	Introduction to Criminal Justice
CRIM1033	Law Enforcement I
CRIM1043	Law Enforcement II

Total Credit Hours Required 12 Hours

Estimated cost of program, excluding web and lab fees, supplies and books: \$1093.00

***Tuition and fees are subject to change per Board of Trustee approval**

Certificates of Proficiency **Entrepreneurship for Artisans**

Outcomes

Students completing this degree program successfully will be able to:

1. Demonstrate an awareness of craft.

2. Demonstrate preparedness to enter into craft entrepreneurship.

Entrepreneurship for Artisans

General Education Requirements

ART1003	Fine Arts Visual
MGMT2663	Small Business Management
MKTG2633	Principles of Marketing
ACS2103	Craft and Entrepreneurship
ACS2803	Portfolio
ART1023	2D Art Design

Total Credit Hours Require.....18 Hours

Estimates cost of program, excluding web and lab fees, supplies and books: \$1652.00

***Tuition and fees are subject to change per Board of Trustee approval**

Associate of Science Human Services

Philosophy

The Associate of Science in Human Services degree will be awarded to students who successfully complete a planned program of collegiate level work that is transferable towards a baccalaureate degree in social work from Arkansas State University. This two-year degree is designed to introduce students to the profession of social work. The degree is a pre-professional program and does not guarantee admission to the professional program at Arkansas State University.

Outcomes

Students completing this degree program successfully will be able to:

1. Complete a core curriculum of general and specialized education.
2. Develop introductory knowledge in the field of social work.
3. Obtain the first two years of a social work degree from Arkansas State University.
4. Additionally, the graduate will complete the learning outcomes identified within the General Education Component.

Associate of Science

Criminal Justice and Corrections

Philosophy

The Associate of Science in Criminal Justice and Corrections degree will be awarded to students who successfully complete a planned program of collegiate level work that is transferable towards a baccalaureate degree in criminology from Arkansas State University. It also serves individuals already employed in the fields of criminal justice or corrections who want to further their careers by receiving additional education hours in their field.

Outcomes

Students completing this degree program successfully will be able to:

1. Identify and explain the basic structures and functions of the criminal justice system.
2. Interpret the basic concepts and functions of criminal law.
3. Integrate multidisciplinary theories which constitute the basis for understanding criminality and victimization.
4. Apply constitutional principles that protect the rights of individuals and regulate criminal justice practices and procedures.
5. Discuss the importance of social and ethical issues confronting the criminal justice systems.
6. Explain the basic theories and concepts of corrections and the ethical issues involved.
7. Additionally, the graduate will complete the learning outcomes identified within the General Education Component.

Associate of Applied Science Business Technology

Philosophy

The Business Technology faculty believes that every student should graduate with marketable skills and the knowledge necessary to succeed in a business occupation. The curriculum is provided for those individuals who desire to train, retrain, or upgrade their skills for an occupation in a business environment. All students should have the opportunity to develop to their highest potential in the best learning environment possible through guidance and instruction by a well-trained staff and hands-on applications using equipment which duplicates, as nearly as possible, equipment found in business offices.

Outcomes

Students will be able to:

1. Prepare appropriate and accurate personal and business documents in Word, Access and Excel using correct formatting, spelling and grammar.
2. Effectively communicate verbally and in writing using correct language, grammar, spelling, and proofreading.
3. Use computer applications and the Internet safely and ethically.
4. Set up a simple manual accounting system for a small business.
5. Apply and use basic mathematical calculations correctly.
6. Identify rights and duties involving personal, legal, and community legal rights and requirements.
7. Relate well with others in personal and business environment.
8. Demonstrate a keyboarding skill of at least 30 wpm.

9. Obtain employment relevant to training or be able to continue his/her education beyond the two-year degree.

➡**NOTE:** Students may pursue an Associate of Applied Science Degree in Business Technology with a focus proficiency certification in Accounting, Banking and Finance, Business Computer Applications, General Business Management, or Medical Office Administration. Students may earn any or all of the Certificates of Proficiency independently of the AAS degree.

AUTOMOTIVE SERVICE TECHNOLOGY

Students interested in entering the Automotive Service Technology Program must complete preliminary required courses prior to being admitted into the program. Students will be placed on a waiting list and enrolled in the AAS-General Technology degree program to complete the required College Success, English, Math, Computer, and Social Science courses. After the student has completed the required courses, he/she will be admitted into the program based on highest grade point average and earliest date of application. Note: Each AST credit course requires 3 hours in the classroom and 9 hours in the lab per course.

Technical Certificate Automotive Service Technology

To earn a Technical Certificate, a student must complete the General Education Requirements in Mathematics and English and 24 credit hours of Automotive Service Technology courses. Each credit course requires 3 hours in the classroom and 9 hours in the lab per course.

Outcomes

Students will be able to:

1. Demonstrate marketable skills in performing service on automobiles.
2. Demonstrate adequate knowledge of automotive parts and tools.
3. Demonstrate proper safety procedures that will protect him/her, the employer, and equipment on the job.
4. Develop appropriate employee/employer and employee/customer service relationships.

Automotive Service Technology

Philosophy

The Automotive Service Technology program serves the training needs of each student in all areas related to automotive servicing. Each student will be trained in automotive theory, technical training, and manipulative skills. Required general education courses provide valuable information needed to round out the technical skills of the graduate.

In order to remain in the Automotive Service Technology Associate of Science Degree program, students must pass all AST courses with a grade of C or better. If a student fails an AST course in any semester, the student will be allowed to attempt to complete the Technical Certificate in Automotive Service Technology by enrolling in required courses the following semester.

In this program, students will upgrade and update their knowledge so that they may enter the workforce and advance in their chosen occupation.

Outcomes

Students completing the degree program will:

1. Demonstrate marketable skills in performing service on automobiles.
2. Demonstrate adequate knowledge of automotive parts and tools.
3. Demonstrate proper safety procedures that will protect him/her, the employer, and equipment on the job.
4. Describe the importance of employee-employer and employee-employee relationships relating to job security and customer service.

5. Pass all 8 sections of the NATEF tests for automotive technicians.
6. Achieve Automotive Service Excellence certification for automotive technicians.

CULINARY ARTS

Students interested in entering the Culinary Arts Program must complete preliminary required courses prior to being admitted into the program. The required preliminary courses include any required remedial courses, College Success, English Composition I, English Composition II or Technical and Business English, Math with Business Applications, a Computer Elective, and a Social Science elective. Applicants will submit an application for admission to the Culinary Arts Program and interview with program advisors. The application for admission includes a paragraph and recommendation from two references.

After initial application to Ozarka College, students interested in the Culinary Arts Program will be placed on a wait list and enrolled in the Associate of Applied Science General Technology degree plan to complete the required preliminary courses. After students have completed the application and the required preliminary courses, he/she will be admitted into the program based on application score, interview, highest grade point average, and earliest date of application.

Technical Certificate Culinary Arts

Outcomes

Students completing the degree program will:

1. Demonstrate appropriate usage of industry standards in sanitation and safety for food services operations.
2. Demonstrate standards of professionalism, including ethical behavior, communication, and grooming codes, required for the industry.
3. Prepare high quality food products using appropriate ingredients and equipment.

4. Perform dining room customer service and catering functions.
5. Pass the Serve Sav National Exam.

Technical Education Requirements

(24 semester credit hours)

Associate of Applied Science Culinary Arts

Philosophy

The Culinary Arts program is an Associate of Applied Science degree program that will provide foundation and specialized study in the culinary field through academic, laboratory, and field experiences. The program is designed as a one-plus-one program. The freshman studies required for the Technical Certificate in Culinary Arts provide the knowledge and skills necessary for the individual to ensure efficient and quality product preparation and service in the food-service setting. The required general education courses enhance the experience. The sophomore studies expand on culinary knowledge and skills through more advanced culinary studies with additional emphasis placed on management, personnel, ethics, and law in a service setting with preparation of the individual for increasing supervisory responsibility. This program prepares its graduates for careers in restaurants, clubs, hotels, catering operations, and institutional food service.

Outcomes

Upon completion of the Culinary Arts Degree, the graduate will:

1. Demonstrate appropriate usage of industry standards in sanitation and safety for food service operations.
2. Demonstrate standards of professionalism, including ethical behavior, communication, and grooming codes required for the industry.
3. Prepare high quality food products using appropriate ingredients and equipment.
4. Apply nutrition and merchandising principles to menu planning, purchasing, and food production.
5. Perform dining room customer service and catering functions.

6. Communicate correctly and accurately in both written and verbal messages.
7. Pass the Serve Sav National Exam.
8. Pass the NOCTI food service test.

Students gain practical experience in catering and restaurant operation by preparing and serving meals to groups visiting the College. In the course of the program, each student rotates through several positions, from dishwasher to manager. Each of the Food Production and Baking courses meet an average of approximately 10 hours per week. Actual time may vary from week to week depending on the activities in which students participate. Night and weekend work may be required on some occasions. Upon completion of the Sanitation and Safety course, students must pass the National Restaurant Association's food service sanitation certification test in order to stay in the program. Successful completion of the program and additional work experience under a certified chef/baker allow graduates to take the certification examinations of the American Culinary Federation and The Retail Bakers Association.

The Culinary Arts Degree focus is designed to meet current and future needs for training food service managers to assume leadership roles in the industry. The Curriculum offers a wide range of courses, specifically meeting the requirements of hotels, restaurants, and clubs in this field. The program features a heavy emphasis on food preparation, from basic to advanced, combined with courses that offer a background in the managerial aspects.

General Technology

Philosophy

Many graduates of Technical Certificate programs have individual career objectives that cannot be met through completion of any single technology program. Additional general and technical education courses, combined in a coherent program, allow these students to gain lifelong learning skills and additional technical expertise to become more productive and satisfied members of society.

Outcomes

Upon completing the General Technology program, graduates will:

1. Display the technical knowledge and skills necessary to move into entry level positions in their field of study.
2. Demonstrate basic computer usage skills using Word, Excel, and Access.
3. Demonstrate ability to perform basic mathematical functions.
4. Demonstrate correct and accurate communication in speech and writing.

⇒NOTE: Students must consult with the General Technology program advisor before enrolling in any courses. Each student will select courses from two or more different technical disciplines to develop a coherent plan, which must then be approved by the program advisor. An advisory committee will assist in developing any degree plans outside an approved college core as necessary to meet a student's career objective.

This degree option is also open, with the permission of the Vice President for Academic Affairs, to graduates of technical certificate or Associate of Applied Science degree programs in areas not currently offered by Ozarka College.

Associate in Applied Science General Technology

Students must complete at least 33 semester credit hours from technical courses numbered 1000 level and above. The following technical areas are currently available at Ozarka:

- Automotive Service Technology
- Business Technology
- Culinary Arts
- Health Information Technology
- Licensed Practical Nursing

Students who have completed the Certificate of Proficiency in Early Childhood Development may also design a special program leading to the Associate of Applied Science in General Technology. Further information is available from the advisor.

Technical Education Requirements

(33 semester credit hours)

Students must complete at least 24 semester credit hours from 1000 level and above courses in a technical area.

The following majors are currently available at Ozarka:

Automotive Service Technology
Business Technology
Culinary Arts
Health Information Technology
Licensed Practical Nursing

Students must then select one of the following options:

1. Complete at least 9 semester credit hours from 1000 level and above courses in another technical field for a minor.
2. Complete at least 9 semester credit hours from 1000 level and above in related or support courses.

Associate of Science in Business

Philosophy

Every student should graduate with marketable skills and knowledge necessary to succeed in an entry level business occupation. The curriculum is designed for those individuals who desire to transfer to a four-year university to continue their education in business. This degree plan is accepted by most four-year universities in Arkansas.

Outcomes

Students will be able to:

1. Prepare appropriate and accurate personal and business documents in Word, Access, and Excel using correct formatting, spelling, and grammar.
2. Communicate verbally and in writing using correct language, grammar, spelling, and proofreading.
3. Use computer applications and the Internet safely and ethically.
4. Set up a simple manual accounting system for a small business.
5. Apply and use basic mathematical calculations correctly.
6. Identify rights and duties involving personal, legal, and community legal rights and requirements.
7. Transfer to a four-year university to continue their education in business.

Division of Math, Science, and Education

PROGRAMS OFFERED:

Certificates

Certificate of Proficiency in Early Childhood Development
Technical Certificate in Early Childhood Education

Associate of Arts

Associate of Arts (General Education)
Associate of Arts in Teaching

The Division of Math, Science, and Education includes Mathematics, Science, Physical Education, Elementary Education, Early Childhood Development, Developmental Education and College Success. The courses in this division help students complete general education requirements and electives for an Associate of Arts degree and Associate of Arts in Teaching degree.

Early Childhood Development

Philosophy

The Early Childhood Development program serves the training needs of child care providers who wish to meet the educational requirements set by the Early Childhood Commission.

Outcomes

Program graduates will possess the knowledge and skills needed to:

1. Maintain a proper learning environment for young children.
2. Understand stages of physical, cognitive, and socio-emotional development in young children.
3. Relate well to members of each child's family.
4. Function on the job in ways that contribute to effective program operation.

The CDA National Credentialing Program is a major effort to enhance the quality of child-care by defining, evaluating, and recognizing the competence of child-care providers. Satisfactory completion of the Certificate of Proficiency program qualifies a graduate to write the Child Development Associate examination, which is administered by the Council for Early Childhood Professional Recognition.

Students in this program must complete their required practicum experiences at a licensed child care facility located in the Ozarka College service area.

⇒NOTE: Applicants are admitted to this program only after meeting specific health and background criteria. Information is available from the Division Chair for Math, Science and Education.

Also, persons with little or no work experience would benefit from completing basic Child Care Orientation Training, a ten-hour course. Information on availability may be obtained from the Vice President for Academic Affairs or the Division Chair of Math, Science, and Education.

Associate of Arts

Philosophy

The Associate of Arts program provides the first steps into higher education for those students who look forward to completing a baccalaureate degree at a four-year college or university. The program will provide a firm grounding in general education, both through a required group of courses and through general skills and attitudes fostered by the program as a whole.

Outcomes

Students completing the degree program will be able to:

1. Use the skills and abilities named in the College's philosophy of general education so that they may become lifelong learners.
2. Transfer to a four-year institution and successfully complete a baccalaureate degree.

⇒NOTE ABOUT TRANSFERRING: According to Arkansas State Legislation and the terms of a partnership agreement between Ozarka College and most state-supported colleges and universities in Arkansas, students who complete the Associate of Arts degree will be able to transfer all course work directly to the the four-year institution and enter with junior standing. The following conditions apply:

Students may expect that most general education courses will transfer except for those carrying a grade of "D." **It is, however, very important that students know where they expect to finish any baccalaureate degree when they are planning their schedules at Ozarka.** Failure to plan ahead for transfer to the senior institution may result in lost credits or needless repetition of courses. Students should obtain a copy of the catalog of the college or university they plan to attend and then work with their advisor, the counselor, or the registrar to plan an effective schedule. It is also wise to consult with the Registrar's office at the senior institution so that any potential problems in transferring can be solved before they cause unnecessary delays in completing the planned baccalaureate degree.

Associate of Arts in Teaching

Philosophy

The Associate of Arts in Teaching degree will be awarded to students who successfully complete a planned program of collegiate level work that is transferable towards a baccalaureate degree in teacher education. This two-year transfer degree is designed to introduce students to the profession of teaching, to increase the number of teacher candidates, to ease transfer from two- to four-year institutions,

and to maximize the credit hours taken at the two-year institution.

- Early Childhood Education.
- Middle School Mathematics/Science.
- Middle School Language Arts/Social Studies.

In making a decision to enter the teaching profession, students should seriously consider the demands that this choice entails. Among these are scholarship and intellectual curiosity; an interest in children and young people, and an understanding of their interests, problems, and development; and an interest in and understanding of the role of the school in our society. It is important to embrace the National Council for the Accreditation of Teacher Education's philosophy that each child, regardless of gender, race, creed, family background, exceptionality, or socioeconomic status, has a right to be taught by a qualified teacher who can help each child become all he or she can be.

Outcomes

Students completing this degree program successfully will be able to:

1. Demonstrate the skills and abilities named in the College's philosophy of general education so that they may become lifelong learners.
2. Complete a core curriculum of general and specialized education.
3. Develop introductory skills in the art and science of teaching.
4. Observe various instructional and other school settings through clinical field experiences in public schools in the area.
5. Develop an awareness for the critical discussion of the challenges of the profession and relationship between school and society.
6. Demonstrate basic instructional technology skills.

7. Initiate development of a professional portfolio.
8. Transfer to a four-year institution of education and successfully complete a baccalaureate degree in teaching at the level and area of choice.

Admission to the AAT program at Ozarka College, and eventually, the receiving institution is prerequisite to, but separate from, admission to the teacher education program at the receiving institution. See *program faculty advisor for individual articulation agreements*.

The AAT is a two-year transfer degree designed to introduce students to the profession of teaching and to maximize the hours taken at Ozarka College that will lead to a bachelor's degree in the student's desired area of certification. This degree focuses on the foundations of early childhood education, middle school math/science and middle school language arts/social studies.

Phase I

The first phase of an AAT is a pre-professional program and does not guarantee admission to the professional program at a four-year institution. For unconditional admission to the AAT program, all applicants must:

1. Be formally admitted to Ozarka College.
2. Be eligible to enroll in college-level coursework as reflected by ACT, COMPASS, or ASSET scores.

To maintain unconditional program enrollment status, all candidates must:

1. Maintain a grade point average of at least 2.65 of a 4.0 grading scale.
2. Earn a "C" or better in each course required in the program.

3. Demonstrate professional behavior and accountability including good attendance and punctuality.
4. Meet legal requirements.

Phase II

To be provisionally recommended to Phase II, which is a teacher education program in a four-year receiving institution, all candidates must:

1. Meet the above criteria.
2. Complete 30-45 semester credit hours in general education.
3. Submit scores on the Praxis I that meet or exceed the levels established by the Arkansas Department of Education and the receiving institution.

In addition to provisional recommendation criteria, to receive full recommendation to a teacher education program in a four-year receiving institution and to meet graduation requirements for the AAT, candidates must:

1. Complete the required course work for the associate of Arts in Teaching with at least a 2.65 of a 4.0 grading scale on all course work with grades of "C" or better in each required course.
2. Submit a satisfactory professional portfolio.

Students interested in teaching as a career are encouraged to determine the level of teaching and the receiving institution of their choice as early in their academic career as is possible. It is vital to specific course transfer for students to have a specific goal in mind as they pursue as AAT to ensure transferability of coursework. Every effort will be made by Ozarka College to advise the student toward his or her goal with minimum difficulties with our course transfer.

Completing the Associate of Arts in Teaching at Ozarka College does not guarantee admission to teacher education programs in four-year receiving institutions. The student must also meet the specific admissions requirements of the receiving institution.

Arkansas law requires ALL first-time applicants for teacher licensure to undergo a statewide and nationwide criminal background check and a Child Maltreatment Central Registry check.

⇒NOTE: Students who meet graduation requirements for the Associate of Arts degree at Ozarka College, but who do not meet graduation requirements for the Associate of Arts in TEACHING, will be eligible to graduate with the Associate of Arts in General Education.

Associate of Arts in Teaching Degree

Adult Education

Philosophy

The Adult Education Program is founded on the belief that knowledge is the key to improving the quality of life. Education puts students in touch with the world around them, develops self-knowledge, and is necessary for meaningful decision-making. The Adult Education Program will increase student understanding of the value of education in gaining knowledge and developing skills and habits necessary for a successful future.

The purpose of the Adult Education Program is to raise the educational level of adults. The program reflects the real world with emphasis on practical applications of each new learning assignment.

Graduates should possess an improved understanding of their work and academic skills to further the attainment of their personal goals. Students should develop a sense of responsibility, pride, and personal worth as they complete the ABE/GED program.

Program Outcomes

1. To evaluate students as they enroll, to provide them with appropriate learning materials, and to work with them toward improving their reading skills.
2. To evaluate the ability of students to work with numbers, to place students in the appropriate mathematics level, and to work with them until addition, subtraction, multiplication, and division functions can be performed with whole numbers, fractions, decimals and percentages. Students will then show an understanding of these concepts by applying them to reading problems based on everyday life.
3. To evaluate the ability of students to formulate an appropriate response to a prompt. And to work with them so they can effectively express their ideas utilizing standard grammar, mechanics, and word choice.

4. To work with students at their entrance level until they can take and pass the GED Examination.

Program Components

Adult education classes are offered at Ozarka College Melbourne, Ozarka College-Mountain View, Ozarka College-Ash Flat, Ozarka College-Mammoth Spring, and at a number of off-campus locations throughout its service area.

The learning experience includes computer-aided instruction, small group instruction, and one-on-one tutoring. An individualized plan allows every student to begin at an appropriate level and progress at his or her own pace.

The Adult Education Program serves four counties: Fulton, Izard, Sharp, and Stone. Satellite programs that offer small group or individualized instruction meet in the evening in various locations in all four counties. Registration is an ongoing process, so students may enroll at any time during the year.

A special group of satellite classes constitutes the institutional/correctional program. These classes are provided primarily to serve any students who are mandated by the court system to pursue their GED.

Enrollment Procedures

Enrollment in Ozarka College's Adult Education Program is an ongoing process. Anyone 18 years of age or older may enroll in the program at any time during the year. Enrollment involves completion of an application and a release of information form and participation in orientation.

Before a student younger than 18 is admitted into the Adult Education Program, the student must make formal application to the school district for a waiver to enroll in the Adult Education Program. The student must then be administered either a General Education Development Practice Test and score a minimum of 450 on each section PLUS a minimum

composite score of 490 OR shall score 8.5 on all sections of the TABE (Test for Adult Basic Education), Level A, Complete Battery.

In the case of a homeschool minor, a completed, NOTORIZED copy of the Intent to Homeschool form must be provided. Parochial or private school students must provide a letter from the school's director or administrator to verify enrollment and shall score 8.5 grade level or above on the Tests of Adult Basic Education (TABE), Level A, Complete Battery, or a minimum score of 450 on each section and a minimum composite score of 490 on the Official GED Practice Test. Court ordered minors must provide a signed order by the officiating judge. All 16 and 17 year olds shall score 8.5 grade level or above on the Test for Adult Basic or a minimum score of four hundred fifty (450) on each section and a minimum composite score of four hundred ninety (490) on the General Education Development Practice Test.

Attendance requirements for 16 and 17 year olds will be 20 hours per week. A minimum of 10 hours of attendance per week shall be required for any student who is employed 30 hours or more each week.

The Adult Education Program reserves the right to accept or deny entrance based on the attendance and conduct records of any student. An orientation session is held if the student is accepted into the Adult Education Program.

Curriculum

Ozarka College's Adult Education Program offers a curriculum that is consistent with the subject matter on the GED Test. This curriculum includes basic academic courses as well as those designed to enrich and expand the student's ability to adjust in his or her personal life and in the workplace.

Language Arts, Writing

Sentence structure, language usage, spelling, capitalization, punctuation, language usage, and writing mechanics.

Social Studies

Sociology, political science, economics, anthropology, psychology, and geography.

Science

Chemistry, physics, earth science, biology, and physical science.

Language Arts, Reading

Painting, sculpture, film, dance, music, theater, commentary, drama, poetry, fiction, and nonfiction prose.

Mathematics

Addition, subtraction, multiplication, division, number basics, fractions, decimals, percents, ratios, word problems, number relationships, calculator usage, graphs, algebra, geometry, and tables.

Testing

The General Educational Development Test (GED Test) is administered at the Adult Education Center at Ozarka and at satellite locations on a regular basis. Successful completion of the Official GED Practice Test is required before a student may take the GED Test.

Graduation

After passing the GED Test, the graduate is invited to participate in Ozarka College's graduation exercises in May. Ozarka College's Adult Education Program provides graduation caps, gowns, diplomas, and diploma covers at no cost to the GED graduate.

Graduates who need official copies of their GED Test scores may obtain them by contacting the state GED office at Arkansas GED Testing, #3 Capitol Mall, Room 305D, Luther S. Hardin Building, Little Rock, AR 72201, phone 501-682-1978. There is no charge for this service.

Enrollment in Further Education

GED recipients are encouraged to continue their education by enrolling in regular college credit classes at Ozarka College or one of its off-campus sites. Recipients who score 600+ on the GED Test are eligible for the College's New Horizon Scholarship, which covers tuition costs.

University Programs at Ozarka College

Arkansas Tech University

Ozarka College and Arkansas Tech University hold a partnership agreement to provide courses needed to complete selected baccalaureate degree programs on the Ozarka College campus.

Ozarka students who satisfactorily complete all of the junior and senior level course work offered by Arkansas Tech University at Ozarka and who meet all program requirements including minimum grade point average will earn a baccalaureate degree from Arkansas Tech University (ATU).

ATU is committed to making a reasonable attempt to offer baccalaureate programs in such a manner that a student can complete the junior and senior years of the approved curricula on Ozarka College's campus and schedule courses so that a full time student can complete the degree within a two-year period after having previously completed an Associate of Arts degree at Ozarka.

Students can only be classified as a degree-seeking student at one institution of higher education. Once a student is enrolled in a class at ATU, they become a degree seeking student at ATU and non-degree seeking at Ozarka College. However, every attempt will be made to offer an AA degree from Ozarka College to the student upon completion of the AA degree requirements.

Students enrolled at Ozarka College and/or Arkansas Tech University in these designated areas have all student privileges including library services, student services, student activities, etc. of both institutions. Students so enrolled are also governed by, and required to comply with both institutions' catalogs and student handbooks.

Early Childhood Education

Ozarka College provides an Associate of Arts in Teaching degree and has partnered with Arkansas Tech University to apply the course work obtained through the AAT toward a baccalaureate degree in early childhood education.

Arkansas Tech University will pilot the above-mentioned program by offering junior/senior level course work to complete a teaching degree in Early Childhood Education. The Ozarka AAT Program Advisor serves as the liaison for this ATU degree on the Ozarka Campus. For additional information about the AAT degree and the ATU agreement, please see the Associate of Arts in Teaching degree under "Program Requirements" found in the Ozarka College Catalog and the AAT Program Advisor.

Education

Ozarka also hosts various education courses offered at the graduate level by ASU. Qualified instructors from the local area teach these courses for the benefit of public school teachers and administrators who wish to progress in their profession. Most classes are scheduled in the evenings.

Information about enrollment and each semester's schedule is available from ASU's Center for Off-Campus Programs at (870) 972-3052.

Other Areas

Limited numbers of courses in other areas, such as agriculture and vocational education, are available from such sources as Arkansas State University and the University of Arkansas, using the interactive compressed video system. Schedule information is available from the Vice President for Academic Affairs.

Course Descriptions

ACCT1003 Introduction to Accounting. Introduction to basic accounting concepts related to the processing of transactions and preparation of financial statements. Primary emphasis is on developing an understanding of fundamental accounting concepts, with secondary emphasis on procedural mechanics. In addition, students will develop an awareness of the language and environment of American business, appreciation of accounting methodology, and skills in problem solving. This course is strongly recommended as preparation for Accounting I. 3 credits.

ACCT1123 Accounting I. (Equivalent to AIB 1000.) The study of accounting concepts and procedures as they apply to sole proprietorships. Emphasis on the accounting cycle and its implementation. Simulated accounting activities offer decision-making opportunities encountered in the business world. ACCT1003 is strongly recommended for preparation for Accounting I. 3 credits. ACTS - ACCT2003.

ACCT2133 Accounting II. A continuation of the accounting concepts and procedures presented in Accounting I. Partnerships and corporations are covered. **Prerequisite:** ACCT1123 Accounting I. 3 credits. (Spring) ACTS - ACCT2013.

ACCT2143 Computerized Accounting. Introduction to the application of accounting computerized record keeping systems. Emphasizes the recording of transactions and generation of financial reports in a business environment. **Prerequisites:** ACCT1003 Intro to Accounting or ACCT1123 Accounting I. 3 credits. (Spring)

ACCT2153 Payroll Accounting. Introduces students to the major tasks of payroll accounting. Examines employment practices; federal, state, and local government laws and regulations, internal controls, and various payroll accounting forms and records. **Prerequisite:** ACCT1003 Introduction to Accounting or permission of instructor. 3 credits. (Spring)

ACCT2163 Federal Income Tax Accounting. Provides instruction in the basic income tax structure from the standpoint of the individual. **Prerequisite:** ACCT1003 Introduction to Accounting or permission of instructor. 3 credits. (Fall)

ACCT2173 Cost Accounting. Explores principles and methods of accounting for materials, direct labor, the distribution of overhead expenses, cost records, operating reports, and budgetary control. **Prerequisite:** ACCT 1123 Accounting I. 3 credits.

ACCT2283 Managerial Accounting: Use of accounting principles and procedures in management planning, decision making and control, financial statements, statement analysis, flow of funds, cash analysis, accounting concepts, cost accounting, budgets, capital expenditures, and pricing decisions. **Prerequisite:** ACCT1123 Accounting I. 3 credits. (fall)

ACS2103 Craft and Entrepreneurship. This course will provide students an awareness of the artisan crafts and basic entrepreneurship as it relates to crafts. Students will experience various craft areas to develop a knowledge base and appreciation for the art and learn about the business of artisanship. 3 credits.

ACS2803 Entrepreneur Portfolio. This course looks at previous coursework (credit and non-credit) that student has completed and assigns credit based on an assessment from a board of reviewers. Credit is also assigned based on applicable experience (i.e. apprenticeship) and actual craft work. 3 credits.

ANTH2023 Cultural Anthropology. A study of the key concepts, methods, and theories of cultural diversity, social institutions, linguistics, and an examination of people and cultures around the world. 3 credits. ACTS - ANTH2013.

ANTH2033 Introduction to Russian Culture. Students will be introduced to Russia by way of an anthropological approach to the study of Russian culture. Traditional arts, folklore,

literature, religious beliefs, family households, political systems, geography, and ethnicities of Russia will be examined through readings, lectures, discussions, and films. Language is the most essential element of any culture and therefore an acquaintance with the fundamentals of Russian language will help students engage with Russian culture. In a non-competitive manner students will become familiar with the Cyrillic alphabet, be introduced to the grammar of Russian, and acquire a small vocabulary of Russian words and phrases. **Prerequisite:** ANTH2023 Cultural Anthropology 3 credits

ART1103 Introduction to Studio Art. A hands-on approach to the fundamental media, techniques, and concepts of making art. A variety of materials and projects will encourage creative problem solving. Although painting, drawing, and sculptural techniques will be introduced, emphasis will be on exploration and individual creativity. 3 credits.

ART1113 Studio Art. A continuation of Introduction to Studio Art. **Prerequisite:** ART1103 Introduction to Studio Art. 3 credits.

ART1023 2D Art Design. This class is an introduction to basic 2D design principles. 3 credits.

ART1203 Painting for Non-majors. Introductory color and composition for painting, with opportunities for the student to explore personal interests. May be repeated once, with more advanced projects required, for additional credit. 3 credits.

ART1213 Sculpting. Introduction to three-dimensional materials, techniques, and additive and subtractive sculptural processes. 3 credits.

ART1223 Intermediate Painting for Non-majors. Intermediate work in color and composition in the mediums of oil paint and watercolor paint, with opportunities for the student to explore personal interest. More advanced projects for the student who has a grasp of the fundamentals of both media. This course will explore experimental techniques in oil and watercolor media. **Prerequisite:** ART1203 Painting for Non-majors. 3 credits.

ART1303 Drawing I. An introductory drawing course focusing on the creative process of drawing. Drawing ability will be developed through exercised in contour, gesture, value, and modeled drawing. Master artists will be studied. Experimentation with various materials will encourage individual expression including projects in still life portraits, perspective, and figure drawing. May be repeated once, with more advanced projects required for additional credit. 3 credits.

ART1313 Drawing II. A continuation of Drawing I. **Prerequisite:** ART1303 Drawing I. 3 credits.

AST1106 Engine Repair. Provides the student with an introduction to automotive engines, the use and care of hand tools, precision tools, special tools and equipment. Construction and theory of operation with attention to engine components are included. In addition, cooling and lubrication of modern engines as well as preventive maintenance and use of shop and flat rate manuals are covered. Safety is emphasized. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST1206 Electrical Systems. Introduces the student to the fundamentals of electronics, including Ohm's Law, basic electrical circuits, wiring diagrams, and common electrical symbols. Diagnosis and troubleshooting of electrical circuits is emphasized, including familiarization with most common types of testing equipment. Also includes starting systems, charging systems, microprocessors, sensors, actuators, and power distribution networks. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST1306 Suspension and Steering. Introduces the student to the theory and operation of modern suspension and steering systems. This study includes wheels and tires, hubs, bearings, seals, springs, and the vehicle frame. Various designs and construction of each of these components will be covered. Steering and steering systems start with the basic theory of

alignment of both front and rear wheels and includes the construction and operation of various manual and power steering components. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST1406 Engine Performance. Covers two major systems: fuel and ignition systems, and driveability and emissions. An understanding of the operation of these systems is essential to the successful maintenance and repair of most vehicles. Driveability describes the maintenance of a vehicle's performance. The technician must understand the complex network of electronic components that control the driving characteristics of the vehicle. Safety is emphasized. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST2106 Brake Systems. Concentrates on the theory and operation of disc and drum brake systems. Basic hydraulic principles as well as the operation and components of the brake foundation systems are taught. The course includes an in depth study of the various hydro-boost systems and several types of antilock braking systems. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST2206 Automotive Heating and Air Conditioning. Includes a study of the theory of refrigeration, the refrigeration cycle, and the basic components of a typical automotive refrigeration system. The function and construction of compressors, lines, expansion valves, expansion tubes, condensers, evaporators, blower motors, and air distribution systems are covered. Includes the study of automatic temperature control systems, including the latest computer-monitored systems. Heating and ventilation, an important part of the vehicle's climate control system, will also be covered. Service and maintenance procedures as well as basic shop safety are heavily emphasized. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST2306 Automatic Transmissions and Transaxles.

Begins with a review of gear theory and the introduction of the planetary gear set. Continues with a brief review of the basics of hydraulic theory. A study of the basic transmission components common to most automatic transmissions is covered to provide the student an overview of the operation and construction of a typical unit. Specific in-line transmissions and transaxle transmissions common in late model vehicles will be covered in the course. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

AST2406 Manual Drive Train and Axles.

Covers the entire power train on a late model vehicle with a standard transmission. Beginning with the flywheel, the course traces the flow of power from the engine, through the flywheel, to the transmission, through the differential assembly and ending at the wheel hub. Included is operation and repair of manual transmissions, rear axles, and transaxles. Several types of four-wheel drive systems will also be taught. OSHA standards and safety are emphasized. This course requires 3 hours in the classroom and 9 hours in the automotive lab each week. 6 credits.

BIOL1004 General Biology.

An introductory course in General Biology. This course helps students build on their knowledge, replace their misconceptions with scientifically useful concepts, and construct meaning from their learning experiences. It is a study of life with emphasis on the cell and continues through the levels of organization. Major areas of study include cell theory, energy transformation biotechnology, evolution, and ecology. Selected biological systems will be surveyed to compare life forms with emphasis on the human form allowing students to gain a better understanding of their own body and health issues. This course includes a laboratory component covering scientific method, microscope use, cell organization, physical and chemical bases of life, energy processing, cell reproduction, and the study of various tissue structures relating to basic physiological processes. 4 credits. ACTS - BIOL1004.

BIOL1204 Body Structure and Function. A one semester study of the anatomy and physiology of the human body. The major organ systems of the body are discussed. This course provides an essential framework for understanding the interdependency of each system in maintaining homeostasis and positive health as well as understanding deviations from the norm. 4 credits.

BIOL2001 Independent Study in Biology I. An independent study in biology specifically designed for students interested in a career in the biological or environmental sciences. The course will introduce students to experimental design, laboratory and field techniques, data generation, basic statistical analysis, and interpreting primary scientific literature. Experiments will be designed by students and carried out under close supervision of the instructor. 1 credit.

BIOL2002 Independent Study in Biology II. An independent study in biology specifically designed for students interested in a career in the biological or environmental sciences. The course will introduce students to experimental design, laboratory and field techniques, data generation, basic statistical analysis, and interpreting primary scientific literature. Experiments will be designed by students and carried out under close supervision of the instructor. 2 credits.

BIOL2003 Independent Study in Biology III. An independent study in biology specifically designed for students interested in a career in the biological or environmental sciences. The course will introduce students to experimental design, laboratory and field techniques, data generation, basic statistical analysis, and interpreting primary scientific literature. Experiments will be designed by students and carried out under close supervision of the instructor. 3 credits.

BIOL2004 General Ecology and Lab. Ecology is the study of relationships between organisms and their environment. This course will focus on the physical and biological components of ecosystems and includes laboratory activities which will reinforce key concepts through hands-on investigative or experimental activities. Through hands-on laboratory and field

work students will refine critical thinking skills and learn to apply scientific method to ecological studies. Topics covered include natural history, effects of abiotic variables on individuals, population ecology, communities, ecosystems, and large scale ecology. **Prerequisites:** BIOL1004 General Biology and Lab and PCMA0023 Intermediate Algebra or PCMA0033 Foundations of Math.

BIOL2014 Microbiology and Lab. The study of bacteria, viruses, fungi, metazoans, and protozoans, as they affect human health. This course includes a laboratory component covering techniques for the study, identification, and handling of microorganisms. **Prerequisites:** BIOL1004, General Biology and Lab, OR BIOL1204 Body Structure and Function is required. 4 credits. ACTS - BIOL2004.

BIOL2024 Principles of Zoology and Lab. This course covers common life processes of animals from the chemical to systemic levels. Major topics include animal taxonomy, physiology, behavior, evolution, and ecology. Zoology requires students to view animals in different settings and identify many of the animal phyla. This course includes a laboratory component covering laboratory and field techniques. **Prerequisites:** BIOL1004, General Biology and Lab. 4 credits. ACTS - BIOL1054.

BIOL2214 Anatomy and Physiology I and Lab. This course emphasizes the anatomy and physiology of the human organism. Basic chemistry, metabolism, cells, tissues, various body systems and their interactions with the external and internal environments are discussed. This course in the first of a two-semester sequence. Emphasis in this sequence will be on cell biology, histology, integumentary, skeletal, muscular, nervous, and endocrine systems. This course includes a laboratory component emphasizing the above areas of study from a laboratory perspective. **Prerequisites:** BIOL1004 General Biology and Lab, OR BIOL1204 Body Structure and Function is recommended. 4 credits. ACTS - BIOL2404.

BIOL2224 Anatomy and Physiology II and Lab. This course emphasizes the anatomy and physiology of the human organism. Continuation of BIOL2214 Anatomy and Physiology

I involves the second in a two-semester sequence. Emphasis in this sequence will be on the cardiovascular, lymphatic, digestive, respiratory, urinary, reproductive systems and their related fields. This course includes a laboratory component that emphasizes the above areas of study from a laboratory perspective. **Prerequisites:** BIOL2214 Anatomy and Physiology I and Lab. 4 credits. ACTS - BIOL2414.

BIOL2403 Pathophysiological Conditions. Study of disease processes and the effects of inflammation, infection, hemodynamics, neoplasia, and immobilization on different body systems. Medical and surgical management as well as basic pharmacology are also included. **Prerequisite:** Anatomy & Physiology I or Body Structure and Function. 3 credits.

BUS1133 Keyboarding Essentials. Introduces the new keyboarder to the techniques and skills necessary to perform touch keying. Designed for persons with no keyboarding experience. Skill-building is emphasized, and document formats are introduced. 3 credits. ACTS - BUS1103.

BUS1213 Information Processing. Emphasizes development of speed and accuracy. Hands-on training provides students with the opportunity to keyboard basic business correspondence, reports, forms, graphics, and newsletters, and a business simulation on the microcomputer. Applications of word processing functions will be an integral part of the course. The student is encouraged to spend a minimum of two lab hours per week to refine skills and reinforce techniques and applications learned in class. **Prerequisite:** BUS1133 Keyboarding Essentials. 3 credits. (Fall)

BUS2013 Business Communications. (Equivalent to AIB 1870.) Principles of effective oral and written communications in a business environment. Topics include verbal/nonverbal skills, writing skills, reading skills, listening skills, psychological principles, and employment skills involved in effective business communications. **Prerequisites:** ENGL1103 Technical Writing or ENGL1013 English Composition I, BUS1133 Keyboarding Essentials is strongly recommended. 3 credits. (Fall) ACTS - BUS2013.

BUS2613 Business Principles. Introduces students to the world of business and helps them prepare for beneficial interactions with business. Studies include factors that comprise our national economy and concepts needed to deal with and become part of the contemporary business world. 3 credits. (Fall) ACTS - BUS1013.

BUS2663 Legal Environment of Business. Introduction to law as it relates to the business world, including contracts, dealings with goods, commercial paper, debts and creditors, remedies to business disputes, federal regulation, and similar topics. 3 credits. (Spring) ACTS - BLAW2003.

CHEM1003 Introduction to Chemistry. Fundamentals of chemistry and a survey of topics for students with no previous training in chemistry. The purpose of this course is to provide the necessary background to enter CHEM 1014. Lecture three hours per week. **Prerequisite:** MATH 0023 or equivalent.

CHEM1014 General Chemistry I and Lab. Study of the fundamentals of atomic theory, quantum theory, and electronic structure, chemical bonding, reactions, and equations, periodic law, thermochemistry, stoichiometry, and the gaseous state. This course includes a lab component covering an introduction to the equipment and techniques common to the chemistry laboratory. **Prerequisites:** MATH1203, College Algebra. Prior successful completion of PHSC1004, Physical Science and Lab is recommended. 4 credits. ACTS - CHEM1414.

CHEM1024 General Chemistry II and Lab. Continuation of CHEM1014 Chemistry I and Lab. The study of liquids, solids, solutions, acids and bases, electrochemistry, thermodynamics, chemical equilibria and kinetics, and an introduction to biochemistry and carbon and its compounds. **Prerequisite:** CHEM1014, General Chemistry I and Lab. 4 credits. ACTS - CHEM1424.

CHEM1034 Introduction to Organic and Biochemistry and Lab. Lecture intended for nursing students and other areas of study where vigorous treatment of organic chemistry and biochemistry is not required. Topics to be covered are

radioactivity, solutions, acids, bases, body fluids, and organic compounds, including those containing oxygen and nitrogen, carbohydrates, lipids, proteins, enzymes vitamins, hormones, and nucleic acids. This course includes a laboratory component intended for nursing students and other areas of study where vigorous treatment of organic chemistry and biochemistry laboratory is not required. **Prerequisites:** CHEM1014, General Chemistry and Lab.. 4 credits.

CIS1303 Computer Information Systems. Provides a thorough introduction to computer concepts. Topics include introduction to computers, the Internet and World Wide Web, application software, components of the system unit, input, output, storage, operating systems and utility programs, and networks. 3 credits.

CPSI1003 Intro to Computer Applications. Hands-on use of integrated application software for microcomputers. Categories include operating environments, word processing, spreadsheet, database, graphics, and presentation software. Successful completion of BUS1133 Keyboarding Essentials or keyboarding ability is recommended. 3 credits.

CIS 2353 Electronic Spreadsheet. Instruction and hands-on use of electronic spreadsheet software. Students will enter, modify, sort, and extract data. Realistic exercises allow students to design, test, and debug spreadsheet applications. **Prerequisites:** CPSI 1003 Intro to Computer Applications 3 credits. (Fall)

CIS2393 Desktop Publishing. Creation of documents which include document resolution, graphic design, layout, and reader appeal. Documents created may include brochures, newsletters, business cards, flyers, pamphlets, and letterhead stationery. **Prerequisite:** BUS1213 Information Processing. 3 credits. (Spring)

COLL1001 College Success Orientation. This performance-oriented class is required for all new students to enhance their ability to succeed in college. The class includes a brief, intensive orientation to *myOzarka*, advising/registration policies, financial aid information, student services, and library

use. The class also addresses improving study skills (including time management, memory techniques, textbook reading, note taking, test strategies, and research procedures). 1 credit.

COLL2001 College Capstone. The capstone course is an opportunity for students to demonstrate, during the last semester of enrollment, that they have achieved the general education outcomes established by Ozarka College. The course is designed to assess learning in a student-centered and student-directed manner which requires the command, analysis and synthesis of knowledge and skills. The capstone course integrates the application of the general education curriculum to a project which serves as an instrument of evaluation. The course fosters interdisciplinary partnerships among college departments and helps cultivate community, institutional, and workforce alliances and cooperation. 1 credit.

COMM1123 Interpersonal Communication. This class teaches techniques for effective interpersonal communication, including establishing and maintaining productive relationships with family, friends, and colleagues. 3 credits.

COMM1313 Communication. Techniques for effective communication, including verbal communication, nonverbal communication, listening skills, small group communication, organizational communication, multicultural communication, on-line communication, and practice in the preparation and presentation of speeches. 3 credits. ACTS - SPCH1003.

CRIM1013 Criminal Law. Prepares individuals to perform duties of police and correctional officers, including basic law, witness interviewing, evidence collection and management, and basic crime prevention methods. 3 credits.

CRIM1023 Introduction to Criminal Justice. This course is intended to expose the student to the workings of the criminal justice systems, exploring the historical development, current operations, and future trends of criminal justice. Emphasis will be placed on contemporary problems in the definition of law, the enforcement of law, strategies of policing, judicial systems, sentencing strategies, and correctional practices. Content

includes not only practices in the United States but also other cultures and their systems of justice. 3 credits.

CRIM1033 Law Enforcement I. Prepares individuals to perform duties of police and correctional officers, including investigating criminal justice careers, defining crimes, response to emergencies, traffic control, patrolling, and public relations. 3 credits.

CRIM1043 Law Enforcement II. Prepares individuals to perform the duties of police and correctional officers, including investigating crimes, search and seizure, maintaining custody of prisoners, and defining crimes. 3 credits.

CRIM1053 Corrections. This course introduces basic concepts, theories, principles and a historical overview of the corrections system as it pertains to the institutional control and supervision of offenders. 3 credits.

CRIM2001 Overview of Criminal Justice System. A comprehensive overview of the criminal justice curriculum with a focus on contemporary issues.

CRIM 2253 Criminal Investigation. An examination of the fundamentals and theory of an investigation. **Prerequisite:** Successful completion of Introduction to Criminal Justice. 3 credits.

CRIM 2263 Evidence & Procedure. An introduction to the rules of evidence and procedure. **Prerequisite:** Successful completion of Introduction to Criminal Justice. 3 credits.

CUL1103 Sanitation and Safety. Covers the control of bacteria and knowledge necessary to practice safe food handling techniques, from receiving through production and service of food to the public. Includes care and cleaning of commercial food preparation equipment, personal hygiene, and first aid. 3 credits

CUL1203 Dining Room Service and Catering - Emphasis is placed on the importance and principles of proper service,

guest check writing and computing, set up, banquet services, and selling. 3 credits

CUL1305 Food Production I - Laboratory course in which students learn basic knife skills and practice a variety of cooking methods and techniques using commercial food production equipment. Sanitation and safety principles are reinforced. Food is prepared and served to the public, allowing realistic opportunities to learn kitchen organization. 5 credits

CUL1503 Basic Food Science and Nutrition - Basic concepts of nutrition, including factors that impact nutritional practices. Principles underlying the selection and preparation of foods. Study of food components, market standards for products, grades, and labeling. Special attention is given to age-related nutritional needs. 3 credits

CUL1605 Baking I - Emphasis on restaurant production of pies, cakes, fillings, variety breads, sweet dough, sponge dough, and specialty items. All items will be produced from "scratch" method. Cake decorating included. Use of various types of bakery equipment. 5 credits

CUL1705 Food Production II - Continuation of CUL1305 Food Production I. Activities involve more complex food preparation for all categories of foods served in commercial establishments. Catered events provide learning opportunities related to menu planning, purchasing, and cost controls. Prerequisite – CUL1103 Safety & Sanitation and pass Serve Sav National Exam. 3 credits.

CUL2203 Advanced Culinary Arts I - Laboratory course designed to enhance basic skills and techniques. Students practice special sauces, create upscale or classic haute cuisine menu offerings, theme room and table settings, and blend culinary techniques to create fusion cuisine dishes. Students develop a greater understanding of the history, evolution, and trends of the restaurant business. 3 credits

CUL2405 Baking II - Continuation of CUL1605 Baking I with focus on a larger variety of baked goods and more complex preparations & plate presentation of baked goods & specialty

pastries. Prerequisite – CUL1103 Safety & Sanitation and pass Serve Sav National Exam. 5 credits

CUL2503 Catering Management - Exposes culinary students to the essential ingredients for successful catering. Discussion will include the segments of the catering industry. Emphasis will be placed on the activity tasks of planning, organizing, and controlling. Students develop function sheet requests, calendar of events, and production and employee schedules. Development of a business plan/establishment, planning for its growth, as well as equipment and employee needs will be assessed through class projects. Fundamentals of standard buffet operating procedures will be implemented through scheduled functions. 3 credits

CUL2603 Menu Plan/Quantity Purchase - Developing an appropriate menu is the first step in achieving profitability in any foodservice operation. Students will be required to develop a menu using all aspects of menu development and marketing. Fundamentals and knowledge of how much product to purchase for specific needs are the backbone of this course. Methods to determine the quantity and quality to purchase are practiced during functions & daily classroom activities. 3 credits

CUL2703 Advanced Culinary Arts II - Continuation of CUL 2203 Advanced Culinary Arts I designed to further enhance student skills and techniques. 3 credits

CUL2713 Advanced Culinary Arts III – Laboratory course designed to enhance basic skills and techniques. Students practice special sauces, create upscale or classic haute cuisine, menu offerings, theme rooms, and table setting, and blend culinary techniques to create fusion cuisine dishes. Students develop a greater understanding of the history, evolution and trends of the restaurant business. Prerequisites: CUL1605, CUL2405, CUL2203 and CUL2703. 3 credits.

CUL2803 Garde Manger - Designed to provide both hands-on techniques and the academic understanding of the practical application of cold and hot food presentation. Students are instructed in the combined elements of artistry, creativity, and

cooking sensitivity. Specialized tools for the garde manger will be displayed, discussed, and explained then practiced in the laboratory setting. Materials covered will relate to lectures, demonstrations, and actual work experiences for aspiring Culinarians that will serve as a building block for growth in the specialty area of the kitchen. Prerequisite – CUL1103 Safety & Sanitation and pass Serve Sav National Exam. 3 credits.

CUL2813 Advanced Culinary Arts IV – The continuation of CUL2405 Baking II with a focus on a larger variety of baked goods and more complex preparations & plate presentation of baked goods & specialty pastries. Emphasis placed on bakery orders and itemized costing of products for resale. Prerequisites: CUL2405, CUL2203 and CUL2703. 3 credits.

ECD1003 Foundations of Early Childhood Education. Introduction to the early childhood profession, including issues pertinent to the professional such as family relations and effective program operation. **Co-requisites:** ECD 1103, ECD1203, ECD1303 and ECD1403. 3 credits.

ECD1103 Child Development. Focusing on ages birth to six years, the course covers all aspects of a child's physical and cognitive growth and socio-emotional development. Requires observation of children and planning for activities to promote optimal development. **Co-requisites:** ECD1003, ECD1203, ECD1303, and ECD1403. 3 credits.

ECD1203 Health, Safe Learning Environment. Designed to teach skills necessary for maintaining a proper environment for young children, including nutrition and first aid/CPR. Techniques for setting up an environment conducive to learning are also included. **Co-requisites:** ECD1003, ECD1103, ECD1303, and ECD1403. 3 credits.

ECD1303 Practicum I. Students must be employed or volunteer for 240 hours in a licensed childcare facility to apply previously-learned skills. Instructors observe student work and evaluate student skills following CDA standards. Students must show competence in 13 functional areas. Certain professional resource files and all CDA requirements must be

completed. **Co-requisites:** ECD1003, ECD1103, ECD1203, and ECD1403. 3 credits.

ECD1403 Practicum II. Continuation of ECD1303 Practicum I. Observations and evaluations continue to be based on CDA guidelines but reflect more advanced skills acquisition. All professional resource files and all CDA requirements must be completed before student is eligible for CDA assessment. **Co-requisites:** ECD1003, ECD1103, ECD1203 and ECD1303. 3 credits.

ECON2113 Introduction to Business Statistics. Statistical methods used in studying business and economic data, averages and dispersions, probability, sampling, statistical inference, estimation, tests of hypotheses, index numbers, linear regression and correlation. **Prerequisites:** MATH 1023, College Algebra, and CIS 1333, Microcomputer Applications. 3 credits. (Fall)

ECON2313 Introduction to Microeconomics. Introduction to modern economic theory, economic decision making, demand and supply analysis, consumer choice and utility, production and cost in the firm, market structure and pricing, and resource markets. 3 credits. (Fall) ACTS - ECON2203.

ECON2323 Introduction to Macroeconomics. Introduction to Macroeconomics will discuss the basic operations of the U.S. economy, focusing on supply and demand analysis to explain real-world economic issues. Both the Keynesian model and the Aggregate Demand/Aggregate Supply (*AD/AS*) model of Macroeconomics will be addressed. Topics include gross domestic product, unemployment, inflation, fiscal policy, and monetary policy. Prerequisite: None. 3 credits. (Spring)

EDU2003 Introduction to Education. This course is designed to help students to explore their motivation for teaching; provide an overview of teaching as a profession through observation of the educational process in four settings—elementary, middle school, secondary, and at least one other school setting. In addition, the course is a forum for discussion of teaching and learning, best practices, and current issues. Students will be required to submit a criminal background

check to complete the observation portion of this course. 3 credits.

EDU2013 Introduction to K-12 Technology. This course is designed for current and future educators to develop a solid understanding of educational technology, including how to use computers, how to access information on the World Wide Web, and how to integrate computers and educational technology into classroom curriculum. 3 credits.

EDU2023 Child Growth and Development. Child Growth and Development studies the nature and development of children from pre-birth to the middle school years of childhood. Includes physical, cognitive, and psychosocial development. Prepares students to understand the complex, dynamic process of child development and helps students understand when departures from normal childhood behavior are significant. 3 credits.

EMT1107 Basic Emergency Medical Technology. An introduction to the study of emergency medical services and the basic principles, procedures, and techniques of emergency care. 7 credits.

ENGL1003 Introduction to Film. This course introduces students to contemporary film as a form of literature by concentrating on the creative elements common to both. Students will learn basic film/literary terminology; the common film/literary structures and elements; and the basics of film/literary analysis and criticism. Student will demonstrate their mastery of course materials and communication skills (oral and written) through a series of worksheets, projects, essays, and discussion board postings. **Prerequisites:** A grade of "C" or better in PCEN0003, Beginning writing, or placement scores of 17-18 on the Writing portion of the ACT or a 32 -- 74 on the writing portion of the COMPASS.

ENGL1013 English Composition I. Emphasizes the writing of a variety of well-organized and well-developed essays which show a command of grammar, mechanics, and diction. Must make a grade of "C" or better to progress to English Composition II. **Prerequisite:** a grade of "C" or better in

PCEN0013, Practical Writing, or placement scores of 19 on the writing portion of ACT or a 80 on the writing portion of the COMPASS and an 82 on the reading portion of the COMPASS. See English placement policies. 3 credits. ACTS - ENGL1013.

ENGL1023 English Composition II. A continuation of ENGL1013, with emphasis on skills such as paraphrasing, analyzing, summarizing, and synthesizing the writing of others and using these skills in developing a formal documented research paper and argumentative research essays. Mastery of grammar, mechanics, and diction is stressed. Must make a grade of "C" or better to complete the English requirement. **Prerequisite:** a grade of "C" or better in ENGL1013, English Composition I. See English placement policies. 3 credits. ACTS - ENGL1023.

ENGL1103 Technical Writing. This course promotes effective communication in writing at work or in the classroom, along with enhancement of reading skills. Basic mechanics, usage, and organization will be reviewed in conjunction with writing exercises, including business letters, memorandums, reports, and instruction formats. This course will help the student develop writing proficiency and library skills. **This course will only fulfill the English Requirement for Technical Certificate Programs.** **Prerequisites:** See English placement policies. 3 credits.

ENGL1133 Technical and Business English. Prepares students to demonstrate effective writing in the areas of Brief Communications, Informative Reports, Analytical and Persuasive Reports, and Researched Reports. This course will address the responsible use of research material. The student will review the usage of punctuation, spelling, capitalization, number and abbreviation styles, word division, grammar, and proofreading. Skills are applied in composition of a variety of business and technical reports and/or essays. Meets part of the English requirement for some students in Associate of Applied Science programs. See specific program requirements. Must make a grade of "C" or better to complete the English requirement. May be taken for elective credit by students on other programs. **Prerequisite:** a grade of "C" or

better in ENGL1013 English Composition I. Keyboarding is strongly recommended. See English placement policies. 3 credits. ACTS - ENGL2023.

ENGL2023 Mythology. This course provides an overview of world mythology and its relationship to ancient and current cultures. This course covers the purposes and types of myths; the development of myths and mythological characters, the common elements of mythology structures, the predominant characteristics of deities and heroes in myths and the obstacles/dangers that these archetypes encounter, the impact myths have had on our literary and artistic traditions, how myths affect our personal and social lives, where these ancient archetypes are found in contemporary society and how attitudes and behaviors are influenced by mythological literature. 3 credits.

ENGL2103 Creative Writing. Instruction and practice in writing poetry and fiction. **Prerequisite:** Successful completion of ENGL1013, English Composition I, or permission of instructor. 3 credits. ACTS - ENGL2013

ENGL2213 World Literature I. Analysis and interpretation of masterpieces of western and non-western literature in translation. Covers the ancient, medieval, and Renaissance periods. **Prerequisite:** Successful completion of ENGL1013, English Composition I, or permission of instructor. 3 credits. ACTS - ENGL2113.

ENGL2223 World Literature II. Analysis and interpretation of masterpieces of western and non-western literature in translation. Covers works written since the Renaissance. **Prerequisite:** Successful completion of ENGL1013, English Composition I, or permission of instructor. ENGL2213, World Literature I, is **not** a prerequisite. 3 credits. ACTS - ENGL2123.

ENGL2313 American Literature I. Survey of American literature from the colonial period through the romantic period (1600s-1880s). Acquaints students with the recognized works of America's greatest authors of the time period and the philosophies represented in their works. Promotes

understanding of theories and ideas presented in more advanced literature courses and social science courses. **Prerequisite:** Successful completion of ENGL1013, English Composition I. 3 credits. ACTS - ENGL2653.

ENGL2323 American Literature II. Continuation of ENGL 2313, American Literature I, covering realism to modern fiction (1880s-present). **Prerequisite:** Successful completion of ENGL1013, English Composition I. ENGL2313, American Literature I, is **not** a prerequisite. 3 credits. ACTS - ENGL2663.

FAMU1003 Fine Arts Music. Survey of music history, focusing on the development of critical listening skills. Includes focusing of major composers, instruments of the orchestra, elements of music, forms, and terminology. 3 credits. ACTS - MUSC1003.

FATH1003 Fine Arts Theater. General survey of theater arts, including various types of plays, acting and directing, basic production, and technical requirements. 3 credits. ACTS - DRAM1003.

FAVI1003 Fine Arts Visual. Introduction to visual arts. Understanding and enjoying art through the analysis of drawing, painting, sculpture, and architecture. 3 credits. ACTS - ARTA1003.

GEOG2013 Introduction to Geography. A course that explores present world populations and cultures in relation to their physical environment. 3 credits. ACTS - GEOG1103.

GEOL1004 Essentials of Earth Science and Lab. An introduction to the fundamental topics of earth science including physical and historic geology, oceanography, and meteorology. This course includes a laboratory component that covers the study of minerals, rocks, fossils, topographic and geologic maps, oceanography and meteorological phenomena. Laboratory will stress the use of the scientific method of problem solving. 4 credits. ACTS - PHSC1104.

HIM1203 Medical Terminology I. Basic language of medical science and the health professions. Word analysis, construction, spelling, and definition. 3 credits.

HIM1213 Medical Terminology II. Allows the student to become proficient in medical language pertaining to body systems and related pharmacology. **Prerequisite:** HIM1203, Medical Terminology I. 3 credits.

HIM1504 Pathophysiology with Pharmacology. Study of disease processes and the effects on each body system, and the relationship of illness among body systems. A study of pharmaceuticals, including commonly used drugs in the treatment of the illnesses, usual dosages, and side effects. **Prerequisite:** BIOL1204 Body Structure and Function. 4 credits.

HIM1803 Medical Coding I. Medical Coding I will give the student an overview of the ICD-9CM classification system, processing medical insurance and hands-on practice of these skills. The course will introduce the prospective payment system, grouper software and Diagnosis Related Groups. **Prerequisite:** BIOL1204 Body Structure and Function and HIM1203 Medical Terminology I, or permission of the instructor. 3 credits.

HIM1813 Medical Coding II. Value and utilization of nomenclature and classification systems for classifying and recording disease information in order to study patterns of illness and injuries for clinical, financial, and administrative purposes. Emphasis on CPT/HCPCS & K09 basic classification principles. **Prerequisite:** HIM1803 Medical Coding I. 3 credits.

HIM2213 Legal/Ethical Aspects of Healthcare. Surveys the history of health records, professional ethics, the functions of a health information department, retention of records, medical forms, and health information practices. Includes instruction on confidentiality issues, authorization for release of patient information, subpoenas, fraud and abuse, and the health care record as a legal document. 3 credits.

HIM2264 Clinical HIM Practicum. This course will provide the opportunity for students to correlate didactic experience with on-site learning experiences. Off-site facilities may include hospitals, physicians' offices, and nursing homes. This course is recommended for students in their last semester. 4 credits.

HIST1003 World Civilization I. Study of world civilizations in the early modern period. 3 credits. ACTS - HIST1113.

HIST1013 World Civilization II. Study of world civilizations since the early modern period. HIST1003, World Civilization I, is **not** a prerequisite. 3 credits. ACTS - HIST1123.

HIST1023 History of World Religions. This course introduces students to the historical study of great religions of the world—Hinduism, Buddhism, Islam, Judaism, Christianity and others—by examining their history, beliefs, basic tenets, rituals, and practices. It will examine the historical patterns of world religions in terms of their historic, social, cultural, and political impacts. Combines lecture and discussion. 3 credits.

HIST2003 American History I. Survey of United States history through the Civil War era. 3 credits. ACTS - HIST2113.

HIST2013 American History II. Survey of the United States history since the Civil War era. HIST2003, American History I is **not** a prerequisite. 3 credits. ACTS - HIST2123.

HIST2023 Arkansas History. The political, social, and economic development of Arkansas from the time of European exploration to the present. 3 credits.

HIST 2033 History of Women in Western Civilization. This course examines the roles played by women during selected stages in the development of Western Civilization and the contributions of both "average" and exceptional women to western culture. The course will cover a variety of topics related to women's history such as gender roles, patriarchy, sexism, and marriage as well as the drive for political, social, economic, and sexual equality. **Prerequisite:** A grade of "C" or

better in English Comp. I; or be currently enrolled in English Comp. I or a placement score of 19 or better on the English portion of the ACT or a comparable score on the writing portion of the COMPASS.

HLTH1003 Introduction to Health Professions. Delineation of roles in the health care system. Ethical and legal practice, professional socialization, oral and written communication skills, diversity, medical terminology, holistic approach to health care delivery, and personal responsibility for learning. 3 credits.

HLTH1013 Personal Health and Wellness. This course is designed to motivate the student toward an individual responsibility for their health status and an improved quality of life. An introspective study of personal lifestyle behavior is encouraged. The interrelationship of the multi-casual factors which directly affect health status and the various dimensions of personal health are emphasized. 3 credits. ACTS - HEAL1003.

HLTH1023 Basic Health Skills I. Course and clinical work content shall include, but not be limited to, bathing, ambulation and exercise, personal grooming, principles of nutrition and meal preparation, health conditions, developmental stages and mental status, household services essential to health care at home, assistance with medication, safety in the home, completion of appropriate records and reporting changes to appropriate supervisor. **Co-requisite:** this course is to be enrolled concurrently with HLTH1033 Basic Health Skills II. 3 credits.

HLTH1033 Basic Health Skills II. This course of study provides instruction on utilizing a humanistic approach to provide basic care to people in a variety of health care settings. Students will understand how health care systems operate and will learn the skills necessary to function safely and efficiently in a health care setting. Students will learn the information and practical skills necessary for taking and passing the certification exam required by the state. **Co-requisite:** Basic Health Skills I. Hepatitis B vaccination is recommended. 3 credits.

IST1213 Introduction to Computer Programming.

Introduction of object-oriented technology and how objects are used in a business setting. The student is introduced to programming fundamentals; data types and operators; program control statements; classes, objects, and methods; inheritance; and packages. 3 credits.

IST1223 Introduction to Visual Basic.

This course is an introduction to object-oriented programming using an IDE with emphasis on understanding and using graphical user interface technology. 3 credits.

IST1403 Networking Essentials 1. (Networking Basics).

Instruction includes, but is not limited to: safety, networking, network terminology and protocols, network standards, local-area networks (LAN), wide area networks (WAN), open system interconnection (OSI) models, cabling, cabling tools, routers, router programming, ethernet, internet protocol (IP) addressing, and network standards. 3 credits.

IST1503 Internet Technologies.

Introduces HTML and client-server programming with multi-media web pages. Includes HTML editors and web authoring tools. Also addresses client-pull and server-push technology, control structures, functions, arrays, and objects. 3 credits.

IST2713 Computer Ethics and Security.

Overview of ethical theory and moral reasoning, case-based approach emphasizing ethical issues in business and technology. Will include discussion of privacy, security, ownership, protection, and law. 3 credits.

IST2803 Introduction to Database Concepts.

Principles and practical applications of records management and database management software for microcomputers. The course explores principles, procedures, and systems of filing and records control and provides an overview of database management techniques including file organization and structure. Prerequisite: CPSI 1003 Intro to Computer Applications. 3 credits. (Spring)

LPNE1104 Nursing Clinical Experience I. Provides the student an opportunity to develop basic nursing skills and attitudes and adapt them safely to various situations with the comfort of the patient as a priority. The development of the ability to make, report, and record observations is also included. Clinical time is spent in the Geriatric setting as well as the hospital. **Prerequisites:** Admission to LPN Program, NUTR2203, NRSG1213, BIOL1204 and ENGL1103. **Co-requisite:** LPNE1112. 4 credits.

LPNE1112 Nursing Process I. The first semester course is designed to provide introductory studies to the entry level nursing student with an introduction to Medical Surgical processes. Incorporated are the necessary skills, knowledge, and behaviors needed to become an asset in the profession of nursing. The curriculum includes fundamentals in nursing practice, beginning medical-surgical care, lab values and correlations, basic concepts of pharmacology, geriatrics, legal and ethical aspects of the professional nurse, the ideas of holistic care and teamwork, to benefit all patients are discussed. **Pre-requisites:** Admission to LPN Program, NUTR 23,NRSG1213, BIOL1204 and ENGL1103. **Co-requisite:** LPNE1104. 12 credits.

LPNE1204 Nursing Clinical Experience II. Includes care of the Med/Surg. patient with close correlation with pharmacological treatments, nursing interventions and prioritization. Normal findings in disease processes and change are studied to allow the student to put the theoretical knowledge gained together with the clinical experiences seen. **Pre-requisites:** LPNE1104 and LPNE1112. **Co-requisites:** LPNE1211. 4 credits.

LPNE1211 Nursing Process II. The second semester course is designed to provide intermediate level nursing courses to the second semester student. The curriculum includes a continuation of adult medical-surgical studies to include specific diseases and the pharmacological, medical, surgical, and nursing treatment options of each. The correlation between theoretical situation in classroom and the experiences received in the clinical settings are discussed. Mental Health disorders are also covered with pharmacological

considerations along with abuse and other issues. **Pre-requisites:** LPNE1104 and LPNE1112. **Co-requisites:** LPNE1204. 11 credits.

LPNE1302 Nursing Clinical Experience III. Includes specialty areas of nursing such as OB/PEDS, ER, Delegation and Management. Students will experience the newborn and pediatric clients in multiple areas. The student will rotate to non-traditional day shifts as scheduled. **Pre-requisites:** LPNE1204 and LPNE1211. **Co-requisites:** LPNE1306. 2 credits.

LPNE1306 Nursing Process III. The final and third semester is designed to provide specialty area courses to the nursing student. Specialty areas such as pediatrics and obstetrics are studied acquiring knowledge of normal growth and development along with disorders. **Pre-requisites:** LPNE1204 and LPNE1211. **Co-requisites:** LPNE1302. 6 credits.

LPN1013 Nursing Process I. The first semester course is designed to provide introductory studies to the entry level nursing student. Incorporated are the necessary skills, knowledge, and behaviors needed to become an asset in the profession of nursing. The curriculum includes fundamentals in nursing practice, beginning medical-surgical care, lab values and correlations, basic concepts of pharmacology, geriatrics, legal and ethical aspects of the professional nurse, the ideas of holistic care and teamwork, to benefit all patients are discussed. **Prerequisites:** Admission to LPN program, NUTR2203, NRSG1213, BIOL1204 and ENGL1103. **Co-requisite** LPN2402. 13 credits.

LPN1108 Nursing Process II. The second semester course is designed to provide intermediate level nursing courses to the second semester student. The curriculum includes a continuation of adult medical-surgical studies to include specific diseases and the pharmacological, medical, surgical and nursing treatment options of each. The correlation between theoretical situation in classroom and the experiences received in the clinical settings are discussed. **Prerequisites:** LPN1013 Nursing Process I and LPN2402 Nursing Clinical Experience I. **Co-requisite** LPN2404. 8 credits.

LPN1208 Nursing Process III. The final and third semester is designed to provide specialty area courses to the nursing student. Specialty areas such as pediatrics, obstetrics, mental health disorders, Preceptorship, management with delegation are studied. And the pulling together of all aspects of Nursing into the final semester with critical thinking skills. **Prerequisites:** LPN1106, Nursing Process II and LPN2406 Nursing Clinical Experience II. **Co-requisite** LPN2504. 8 credits.

LPN2402 Nursing Clinical Experience I. Provides the student an opportunity to develop basic nursing skills and attitudes and adapt them safely to various situations with the comfort of the patient as a priority. The development of the ability to make, report, and record observations is also included. **Prerequisites:** Admission to LPN program. NUTR 2203, NRS1213, BIO1204 and ENGL1103. **Co-requisite:** LPN1013. 2 credits.

LPN2404 Nursing Clinical Experience II. Includes care of the geriatric patient in a long-term care facility; nursing of mothers and infants; nursing of children, with experience observing in well-child clinics, kindergartens, and grade schools as well as in the hospital setting; and the medical-surgical aspects of pharmacology, home health, and advanced geriatrics. **Prerequisite:** LPN2402, Nursing Clinical Experience I. **Co-requisite** LPN 1108. 4 credits.

LPN2504 Nursing Clinical Experience III. Includes medical nursing, surgical nursing, and operating/recovery room nursing in an acute care setting. The student will rotate to non-traditional day shifts as scheduled. **Prerequisite:** LPN2404, Nursing Clinical Experience II. **Co-requisite:** LPN 1208. 4 credits.

MATH1054 Precalculus. This course is designed to prepare a student for Calculus. The student who successfully completes this course will need to have a strong algebra background and should have at least introductory concepts of Trigonometry. Topics to be covered include rational functions, matrices, sequences, trigonometric functions, exponential and

logarithmic functions, and conic sections. Prerequisites: Successful completion of MATH1203 College Algebra OR High School Algebra II and a minimum of 22 of the math portion of the ACT or at least 600 on the SAT. See catalog for mathematics placement policies. 4 credits.

MATH1103 Mathematics with Business Applications.

Provides instruction in problem-solving related to business situations and financial management. Topics include percentages, payroll, commission, whole numbers, fractions, decimals, solving for the unknown, interest, and insurance.

Prerequisite: PCMA0003, Fundamentals of Arithmetic, or 16+ on the ACT or Pre-Algebra scores of 36+ on the COMPASS. See catalog for mathematics placement policies. 3 credits.

MATH1203 College Algebra. Linear and quadratic equations and inequalities, relations, functions and graphs, conic sections, synthetic division, polynomial functions, matrices, and exponential and logarithmic functions. **Prerequisite:**

PCMA0023, Intermediate Algebra, or score of 20+ on the math portion of the ACT or 41 on the algebra portion of the COMPASS. See catalog for mathematics placement policies. 3 credits. ACTS - MATH1103.

MATH1303 Trigonometry. The study of angles, right triangles, identities, oblique triangles, graphs, equations, inverse functions, polar coordinates, and complex numbers.

Prerequisite: Two years of high school algebra, permission of instructor, or MATH1203, College Algebra. 3 credits. ACTS-MATH1203.

MATH2003 Statistical Methods. A study of methods for organizing and interpreting quantitative data, with emphasis on methods commonly used in any situation requiring the analysis of information recorded in numerical form. A survey of statistical description, including measures of central tendency, dispersion, and correlation; an introduction to methods of hypothesis testing. **Prerequisite:** At least one math class at the 1000 level or higher with a grade of C or better or a Compass algebra score of 41 or higher (Asset, ACT, SAT equivalent acceptable). 3 credits.

MATH2013 Survey of Calculus. Introduction to the basic concepts of differential and integral calculus and their applications to algebraic, exponential, and logarithmic functions that occur in economics and marketing situations. This course is designed for students in majors other than the natural sciences, especially business and economics. It does not satisfy degree requirements for mathematics, science, or engineering majors, nor does it satisfy the prerequisite for Calculus II. **Prerequisite:** successful completion of MATH1203, College Algebra. 3 credits. ACTS - MATH2203.

MATH2143 Business Calculus. This course is designed for students who plan to major in the Associate of Science in Business Degree. Topics include differential calculus with business applications, multivariable calculus including optimization techniques and applications, and an introduction to integral calculus. **Prerequisites:** Math1023, College Algebra. 3 credits.

MATH2033 Mathematical Concepts I. This course is a study of problem solving, elementary set theory, numeration systems, elementary number theory, and the real system. This course is for elementary and middle school education majors and may not be used to satisfy the mathematics requirements for an Associate of Arts degree. **Prerequisite or Corequisite:** Math1203 College Algebra. 3 credits.

MATH2043 Mathematical Concepts II. This course is a study of rational numbers, elementary concepts of statistics and probability, introductory algebra, and informal algebra. This course is for elementary and middle school education majors and may not be used to satisfy the mathematics requirement for an Associate of Arts degree. **Prerequisite or Corequisite:** Math1203 College Algebra. 3 credits.

MDTR2003 Fundamentals of Medical Transcription. Overview of the professional medical transcription environment and introduction to various forms and techniques which are used in health care reports. Accuracy and timeliness as well as proofing is a necessity. **Prerequisite:** HIM1203 Medical Terminology I, HIM1213 Medical Terminology II, LPN11204

Body Structure and Function or permission of instructor. 3 credits.

MGMT2603 Financial Planning (Same as AIB 2413.) Perspectives, principles, and practices of financial planning with emphasis on personal financial planning and strategies to achieve personal financial objectives. Includes personal planning for budgets, investments, retirement, insurance, taxes, etc. 3 credits (Spring)

MGMT2623 Management. (Same as AIB 4140.) Comprehensive introduction to modern management theory, practices, and applications. Covers characteristics and rationality of managerial decisions, practical methods of management planning and strategy, relationship of current management issues to social responsibility and ethics, implications for international competitiveness, and principles of organization, delegation, motivation, group management, organizational control, operations management, and managing change. 3 credits. (Fall)

MGMT2643 Human Relations. (Same as AIB 4310.) Draws on the disciplines of psychology and sociology to provide a basic understanding of the relationships between people. Business and interpersonal skills necessary for ethical conduct, supervision, and leadership. 3 credits. (Fall)

MGMT2663 Small Business Management. Strong emphasis on entrepreneurship. Topics discussed will cover the nature of small businesses, starting a small business, and successfully operating a small business. 3 credits. (Spring)

MGMT2403 Records Management. Business Records Management is an overview of manual records and file management and computer file management and organization. Organization skills, office dynamics and communications will also be an integral part of this course. 3 credits. (Fall)

MKTG2633 Principles of Marketing. Provides an introduction to marketing concepts and processes. Topics covered include marketing philosophies, strategic planning, the marketing

environment, global marketing, consumer decision making, business marketing, market segmentation, marketing research, product concepts, product development, channels of distribution, retailing, advertising, public relations, sales promotions, personal selling, and pricing concepts. 3 credits. (Spring)

NRSG1213 Math for Nurses. Provides instruction in dosage calculation using ratio to proportion as well as other means of calculation related to medication. Topics include: interpretation of drug labels, syringe types, conversions, roman numerals, reconstruction and apothecaries, mixing medications, IV flow rates, drip rates, interpretation of physician orders and transcribing to Medication Administration Records, dispensing, and proper documentation of medications as well as the Six Rights of Med Administration and military time. **Prerequisite:** Placement score of pre-algebra 36 or higher on the COMPASS test with an algebra score of 14+. 3 credits.

NUTR2203 Basic Human Nutrition. Introductory course in which the chemical basis of nutrition will be explored. Discussion of social, economic, and emotional aspects that impact individual nutritional practices. Evaluation of unique nutritional needs of different periods throughout the life cycle. 3 credits.

PCEN0003 Beginning Writing. Basic writing, reviewing grammar and sentence structure as applied to student writing and related exercises. Enrollment is required of students with ACT English scores of 0-16 or COMPASS writing scores of 0-50. Successful completion allows students to enroll in PCEN0013, Practical Writing. See catalog for English placement policies. No credit.

PCEN0013 Practical Writing. Promotes effective communication in writing at work or in the classroom, along with enhancement of reading skills. Basic mechanics, usage, and organization will be reviewed in conjunction with writing exercises that develop writing proficiency and require rudimentary library skills. Successful completion with a grade of "C" or better allows the students to enroll in ENG1013, English Composition I. **Prerequisite:** Successful completion of

PCEN0003, Beginning Writing, or placement scores of 17-18 on the English portion of ACT or 51-79 on the writing portion of COMPASS. See catalog for English placement policies. No credit.

PCMA0003 Fundamentals of Arithmetic. Basic work in general mathematics for students whose computational skills need improvement to do accurate work with fractions, decimal fractions, percent, ratio and proportions, and measurement in both the English and metric systems. All work will be completed without the use of a calculator. Enrollment in the course is required of students with ACT math scores of 0-15 or Pre-Algebra score of 0-35 on the COMPASS. Successful completion qualifies a student to take PCMA0013, Fundamentals of Algebra or PCMA0033 Foundations of Math. See catalog for mathematics placement policies. No credit.

PCMA0013 Fundamentals of Algebra. Designed for students who have not had algebra in high school or who need a review of basic algebraic concepts. Topics covered include number properties, integers and rational numbers, solving equations, polynomials, factoring polynomials, graphs, and fractional expressions. Successful completion qualifies a student to take PCMA0023, Intermediate Algebra. **Prerequisite:** successful completion of PCMA0003, Fundamentals of Arithmetic or PCMA0033 Foundations of Math, or ACT math scores of 16-17 or Pre-Algebra scores of 36 or Algebra scores of 21-30 on the COMPASS test. See catalog for mathematics placement policies. No credit.

PCMA0023 Intermediate Algebra. Builds upon previous preparation in algebra to provide skills needed in further study of mathematics, science, or related fields. Topics include the study of the properties of the real numbers, polynomials, rational expressions, first-degree equations and inequalities, exponents and radicals, quadratic equations, graph functions, and systems of linear equations. Successful completion qualifies a student to take MATH1203, College Algebra. See mathematics placement policies. **Prerequisite:** successful completion of PCMA0013, Fundamentals of Algebra, or placement scores of 18-19 on the math portion of ACT or 31-

40 on the Algebra portion of the COMPASS. See catalog for mathematics placement policies. No credit.

PCMA0033 Foundations of Math. This course will use a combination of lecture, software, and a mastery learning approach in a computer laboratory environment to allow the student to learn and demonstrate competencies for all the outcomes which are expected in the traditional lecture course sections known as *Fundamentals of Arithmetic*, *Fundamentals of Algebra*, and *Intermediate Algebra*. This course consists of three individual modules. The first module is representatively equivalent to *Fundamentals of Arithmetic*, the second module is representatively equivalent to *Fundamentals of Algebra*, and the third module is representatively equivalent to *Intermediate Algebra*. The successful completion of the third module and the achievement of a post-compass score will permit student enrollment in *College Algebra*. See catalog for additional mathematics placement policies. Success in this course requires that the student complete a minimum of one module during the semester, but the completion of multiple modules is both possible and encouraged. See catalog for mathematics placement policies. No credit.

PCRE0003 Reading Improvement. Improving reading skills and comprehension through vocabulary building, using the dictionary, and reading for the main idea, for information, and for inference. Required of any student with an ACT reading score below 19 or COMPASS reading score below 82. See catalog for reading placement policy. No credit.

PHED1002 Concepts of Physical Activity. Knowledge and appreciation of the importance of physical activity in relation to the quality of life and health. Provides opportunities through supervised activities for psychomotor development. 2 credits.

PHED1011 Yoga I. Physical activity discipline connecting body, mind, and spirit. Sessions include centering/meditation, breathwork, warm-ups, yoga postures, and relaxation. Emphasis in on participation at the individual's level of ability. Modifications make all postures accessible to every student. Grades are based on attendance, participation, and knowledge

of the basic principles of yoga. Students will be required to sign an informed consent to participate in this course. 1 credit.

PHED1031 Yoga II. A continuation of Yoga I. Students will be required to sign an informed consent to participate in this course. Grades are based on attendance, participation, and knowledge of the basic principles of yoga. Students will be required to sign an informed consent to participate in this course. **Prerequisite:** PHED1011, Yoga I. 1 credit.

PHED1101 Fitness Center I. Introduction to the concepts to an individualized fitness program. Emphasis will be placed on strength training and cardiovascular exercise, and how these components are related to physical fitness. Students will be required to sign an informed consent to participate in this course. 1 credit.

PHED1121 Aerobics I. Lectures in basic anatomy and physiology of aerobic exercise and cardiovascular conditioning. Applications will include training preparation (stretching, warm-up, and injury prevention), conditioning and low impact aerobics. Grades are based on attendance, participation, and knowledge of the basic principles of aerobics. Students will be required to sign an informed consent to participate in this course. 1 credit.

PHED1202 Active Living Every Day. A course designed to educate sedentary adults to adopt and maintain physically active lifestyles through dissemination of realistic, practical and research-proven methods. This course focuses on behavior change strategies for the general adult audience. 2 credits

PHED1212 Healthy Eating Every Day. A course designed to educate sedentary adults to adopt and maintain a healthy approach to eating through dissemination of realistic, practical and research-proven methods. This course focuses on behavior change strategies for the general adult audience. 2 credits

PHED2023 First Aid. This course is designed to provide the knowledge and practical skills necessary to correctly assess and provide first aid care. In this course, the students will

develop skills to recognize the signs and symptoms of various illnesses and injuries. Within a laboratory setting, the student is given the opportunity to utilize selected skills to provide proper treatment for specific incidents. 3 credits.

PHED2101 Fitness Center II. A continuation of Fitness Center I. Students will be required to sign an informed consent to participate in this course. **Prerequisite:** PHED1101 Fitness Center I. 1 credit.

PHED2201 Lifetime Fitness. A continuation of Fitness Center II. Students will be required to sign an informed consent to participate in this course. **Prerequisites:** PHED1101 Fitness Center I and PHED2101 Fitness Center II. 1 credit.

PHSC1004 Physical Science and Lab. Basic concepts of matter and energy as seen in chemistry, physics, geology, meteorology, and astronomy. This course includes a laboratory component that covers basic laboratory experiences in chemistry, physics, geology, meteorology, and astronomy. **Prerequisite:** Successful completion of PCMA0023, Intermediate Algebra or PCMA0033 Foundations of Math, or score of 19 on the math portion of ACT or 41+ on the Algebra section of the COMPASS. 4 credits. ACTS - PHSC1004.

PLSC2003 American National Government. The introduction to the principles, structure, processes and functions of the United States federal government and other related political activities. 3 credits. ACTS - PLSC2003.

PSYC2003 General Psychology. This course is an overview of major topics in modern psychology, the scientific study of behavior and mental processes. As a first course in the discipline of psychology, it introduces some of the fundamental concepts, principles, and theories with a consideration for the complexity of human behavior. 3 credits. ACTS - PSYC1103.

PSYC2313 Developmental Psychology. A survey course covering the processes and domains of human development from conception through the whole lifespan. **Prerequisite:** PSYC2003 General Psychology. 3 credits. ACTS - PSYC2103.

PSYC2513 Abnormal Psychology. Explores the complex causes, manifestations, and treatment of common behavior disorders. The course introduces abnormal behavior along a continuum from functional to dysfunctional, including origins and characteristics of various mental disorders. **Prerequisite:** PSYC2003 General Psychology. 3 credits.

RNSG2119 Nursing Process I. This course provides the foundational theory for LPNs/LPTNs to transition to the responsibilities and roles of RNs. The student is introduced to ARNEC's goals, philosophy, and learning objectives. These objectives will build on the concepts of holism, human need, nursing process, communications, safety, and wellness-illness across the life span. The student's fundamental knowledge base will evolve by introducing knowledge, assessment and clinical skills, behaviors, and critical thinking skills that are required to function in the role as a Registered Nurse. This course also explores the legal, ethical, and social issues related to the Registered Nursing role. Basic pharmacology and fundamental nursing theory, skills, and medical math will be reviewed to prepare students for subsequent semesters. The second part of this course provides principles and concepts of mental health, psychopathology, and treatment modalities related to the nursing care of clients and their families. The focus of this course is on the psychosocial impact of wellness-illness problems of the adolescent, adult, and geriatric populations and the management and adaptation process. The course objectives will incorporate holism, human needs, growth and development, communications, safety, and wellness-illness across the life span for clients in these areas. **Prerequisite:** Admission to the ARNEC program. **Co-requisite:** RNSG2123 9 credits.

RNSG2123 Nursing Practicum I. This clinical lab course enables the student to practice the knowledge, skills, and behaviors that are acquired in RNSG2119. Students will have opportunity to learn new clinical skills along with sharpening previously learned skills. Practicum hours will include general clinical skills, medication administration, pediatric client care, and medical/surgical client care. Students are introduced to the role of the Registered Nurse by applying new skills in the assessment, planning, intervention, and evaluation of their

clients. Curriculum concepts and comprehension are carried out per clinical application. **Prerequisite:** Admission to the ARNEC program. **Co-requisite:** RNSG2119. 3 credits.

RNSG2216 Nursing Process II. This first part of this course utilizes an integrated approach to further emphasize the skills, knowledge, and behaviors needed to care for clients in the areas of the child-bearing family, newborn, and women's health. Topics will include normal and high-risk client care in the areas of the prenatal period, labor and delivery, postpartum, and the newborn period. The emerging field of genetics, major genetic diseases, and the role nurses play is also incorporated. Lecture content also includes human reproduction, reproductive health, family planning, female cancers, and general women's health care. This course also provides lecture content for the age group involving the newborn through adolescence (pediatrics). The student will be provided a longitudinal view of the child as an individual or a continuum of developmental changes and as a member of a family unit. There will be discussion of social, cultural, and religious influences on child development and health promotion. Students will receive instruction on pediatric assessment, including interviewing skills, physical and behavioral observations, developmental levels, and preventive health care guidelines. Instruction will also include care of the child with cognitive and sensory impairment, chronic illness, serious body system diseases, and pain. Care of the hospitalized child, including pediatric clinical procedures, and home care guidelines are incorporated into the content. **Prerequisites:** RNSG2119 and RNSG2123. **Co-requisite:** RNSG2223. 6 credits.

RNSG2223 Nursing Practicum II. This clinical experience allows the student to synthesize new knowledge, apply previous knowledge, and gain experience in the care of the child-bearing family, newborn and women's health. Students also use their skills in assessing and caring for children and adults with genetic abnormalities. This course also provides students with the opportunity to provide nursing care to adolescent, adult, and geriatric clients with mental illness. Students will observe and participate in treatment modalities for common mental illnesses, including therapeutic

communication and safety planning. Students will engage in the clinical application of concepts covered in RNSG2216, demonstrating progressive mastery and independence in Registered Nursing practice. **Prerequisites:** RNSG2119 and RNSG2123.

RNSG2311 NCLEX-RN Preparation. This course offers the student a review of material covered throughout the program. Students will receive test-taking strategies and an opportunity to practice NCLEX-style questions. The focus of this course is to review the student on what is needed to prepare for the NCLEX-RN and to begin their role as an entry-level Registered Nurse. **Prerequisites:** RNSG2116, RNSG2223. **Co-requisites:** RNSG2318 and RNSG2323. 1 credit.

RNSG2318 Nursing Process III. This course builds upon the previous instruction and incorporates higher level nursing care, critical thinking, and clinical decision making. Management and leadership are strongly incorporated throughout this course. The student will learn to function in higher level situations by utilizing the nursing process as a framework for caring for clients with complex healthcare needs related to all body systems. The student will learn basic care methodology for clients in emergency (including bioterrorism preparedness), critical care, surgical care, acute care, and long-term care settings. Advanced pharmacological concepts are also integrated into this course. Concepts of holism, human needs, growth and development, communications, safety, and wellness-illness across the life span are incorporated. **Prerequisites:** RNSG2216, RNSG2223. **Co-requisites:** RNSG2311, RNSG2323. 8 credits.

RNSG2323 Nursing Practicum III. This clinical experience continues to build upon previous instruction and allows the student to deliver higher level nursing care, perform higher level clinical decision making, and demonstrate management and leadership skills. Team leading and care of critically-ill clients are major components of this course. Students will engage in the clinical application of concepts covered in RNSG2318, demonstrating independence and mastery of the role of an entry level Registered Nurse. **Prerequisites:**

RNSG2216 and RNSG 223. **Co-requisites:** RNSG2318 and RNSG2311. 3 credits.

SOCI2013 Introduction to Sociology. An introduction to the theories, concepts, and basic principles used in the study of group life, social institutions, and social processes. 3 credits. ACTS - SOCI1013.

SOCI2023 Introduction to Social Work. The purpose of this course is to help students develop general knowledge of the development and current state of the profession of social work. This includes a historical perspective of social work, the knowledge base, skills and values as well as current issues relevant to the profession. 3 credits.

SOCI2203 Social Problems. The application of sociological principles to the investigation of major social problems currently faced by societies. 3 credits.

SPAN1013 Elementary Spanish I. A systematic study of basic grammar through aural-oral practice, dictation, reading, and writing. 3 credits. ACTS - SPAN1013.

SPAN1023 Elementary Spanish II. A continuation of Elementary Spanish I. **Prerequisite:** SPAN 1013, Elementary Spanish I. 3 credits. ACTS - SPAN1023.

SPAN2013 Elementary Spanish III. A continuation of Elementary Spanish I and Elementary Spanish II. **Prerequisites:** SPAN1013, SPAN1023.
