Crime Reporting

Every crime should be reported to law enforcement officials as soon as possible. If this is not possible for some reason, the crime should be reported to the Vice President of Administration who will inform the Ozarka College President.

Confidential Crime Reporting is an essential method of reporting. The preferred and primary points of crime reporting should be the local police department and the office of the Vice President of Administration. If you are the victim of a crime and do not want to pursue action within the College discipline system or the criminal justice system, you may consider making a confidential report. If you choose to file a confidential report through the office of the Vice President of Administration, with your permission, the Vice President can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, College personnel can keep an accurate record of the number of incidents involving students, employees, and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime

statistics for the institution. It is the policy of the College to encourage reporting of crimes even if the victim does not wish to file a complaint. The Vice President of Administration is responsible for collecting, reporting, and disseminating the annual crime statistics from the local law enforcement agencies and campus security authorities for inclusion in the Annual Crime Report.

Timely Warnings

Timely warnings are made to the campus community about any occurrences that would pose a threat to the College community through the Office of the Vice President of Administration or the Office of the President. These reports are distributed in various ways depending on the nature of the information.

Among the methods used are e-mail, text messages, desktop notification, social media, warning flyers, campus meetings, and announcements.

Anyone with information warranting a timely warning should report the circumstances to the Vice President of Administration or appropriate campus director as follows:

- Melbourne Campus – Vice President of Administration, Administration Building, 870-368-2058
- Ash Flat Campus – Campus Director, Main Building, 870-994-7273
- Mountain View Campus – Campus Director, Student Center, 870-269-5600
- Mammoth Spring – Campus Director, Main Building, 870-625-0411

Emergency Preparedness, Response, and Notification

The authority to declare a campus state of emergency rests with the President or his designee as follows:

During a time of campus emergency, the employee discovering the emergency shall immediately place into effect the appropriate procedures necessary to meet the emergency, safeguard persons and property, and maintain educational facilities. Said employee shall immediately consult with the president of the college. If the President is unavailable, said employee shall contact the Vice President of Administration. During evening classes, said employee shall contact the night supervisor on campus. The contacted administrator shall determine whether to declare a state of emergency.

Communication is a high priority in an emergency situation and Ozarka College has multiple layers of communications to notify the campus community of emergency situations.

Ozarka College Alert - A text message and email alert system that allows students, faculty, and staff to register a mobile phone number.

Computer Notification System – A notification message is sent to all Ozarka maintained computers.

Ozarka College Email – Emergency notifications are sent to Ozarka College email addresses. All students, faculty and staff are issued an email address.

Web Site – All emergency notifications are posted to the Ozarka College web site home page.

Evacuation

Buildings on campus have an emergency notification system in place. The fire alarm system serves as the evacuation signal. Whenever the alarm system sounds, everyone must leave the building and move to a safe location.

Testing and Evaluation

Ozarka College will test the fire alarm systems and campus notification systems at least once per calendar year. These events will be publicized and the time and date will be documented.

Crime Prevention Activities

Students and employees are encouraged to report all crimes and suspicious activities to the Vice President of Administration at 870-368-2058.

Maintenance of Campus Facilities

Ozarka College physical plant maintains the College buildings with a concern for safety and security. In order to provide a safe environment, please report broken or flickering lights, dimly lit corridors, doors and windows that are broken or do not close or lock properly. Inspections of campus facilities are conducted regularly and repairs are made in a timely manner. All members of the campus community are encouraged to report any safety and security hazards to the office of the Vice President of Administration.

Alcohol and Drug Policy

Ozarka College is committed to maintaining a drug and alcohol free campus for employees and students. This is an essential part of ensuring the safety of employees and students while at work and school, and eliminating poor job performance, inefficient operations, College rule violations, and unethical behavior.

The users of drugs may impair the well-being of all employees and the public at large, as well as result in damage to state property. Therefore, it is the policy of the State of Arkansas that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance in a state agency's workplace is prohibited.

The illegal use of drugs and/or alcohol is strictly prohibited on College property or at College functions. Any student found using, under the influence of, in possession of, or found distributing illegal drugs and/or alcohol is subject to disciplinary action and/or state and/or federal law.

Drug and Alcohol Abuse Education

Referrals to drug and alcohol abuse education providers are available from the office of the Vice President of Administration or the office of the Vice President of Student Services.

Sexual Assaults: Reporting a Rape or Sexual Assault

Ozarka College is determined to provide a campus atmosphere free of violence and unwanted sexual conduct for all students, faculty, staff, and visitors. This policy specifically addresses student conduct in cases of domestic and dating violence, sexual assault and stalking. Portions of this policy and its definitions may parallel published laws, but are in no way intended to substitute or supplant those laws. As members of the College community, personnel and students are expected to comply with and abide by the College policies and guidelines, in addition to federal, state, and local laws.

Domestic and dating violence, sexual assault, and stalking are prohibited and will not be tolerated at Ozarka College. As provided under Arkansas law, these acts are crimes and are punishable by fines and/or imprisonment; they may also be subject to civil suit for damages. At Ozarka College, these acts are violations of policy regardless of race, ethnicity or culture, gender, age, sexual orientation, or disability. The use of alcohol and other drugs in conjunction with an incident of domestic or dating violence, sexual assault, or stalking does not mitigate accountability for the commission of these acts nor diminish the seriousness of the offense.

The College holds violation of Orders of Protection to also be a violation of this policy and will initiate disciplinary action without waiting for a court decision, if College officials conclude that a violation has occurred.

Rape and Sexual Assault are criminal acts in which one person knowingly subjects another person to any sexual contact without consent, including use of force, deception, coercion, or if the person is mentally or physically disabled or incarcerated. The trauma of rape and sexual assault tends to result from a person having lost control of his/her own body and possibly fearing death or injury. For legal descriptions, see Arkansas Criminal Code Title 5, Chapter 14, Sub-chapter 1

If you are the victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. It is also strongly encouraged that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. As soon as possible following an incident of rape or sexual assault, a victim should report the incident to the local law enforcement agency. Reporting to law enforcement helps:

1. Protect you and others from future victimization;
2. Apprehend the assailant;
3. Allows options for criminal prosecution, action against the perpetrator, and College disciplinary action.

Reporting a rape or sexual assault and choosing to prosecute are two separate things. When you file a report, you are not obligated to continue with legal proceedings or with College disciplinary action, but you are encouraged to prosecute.

After the report is filed, a rape or sexual assault victim is escorted to a local hospital for a medical examination. The medical examination is necessary to assure that the victim receives the necessary medical treatment and tests; and provides an opportunity for collection of evidence helpful in prosecution. This process also ensures that the victim has access to confidential counseling from counselors specially trained in the area of sexual assault crisis intervention.

If you choose not to report the rape or sexual assault to law enforcement, it should be reported to the Vice President of Administration. This can be done on a confidential basis. While reporting to law enforcement is the best method for dealing with rape and sexual assault, it is essential that it be reported to someone so that support services can be provided to victims.

Changing Classes for Sexual Assault Victims

If you are the victim of sexual assault and have filed charges, you are entitled to changes in academic situations if these changes are reasonably available. To request such changes, contact the Vice President of Student Services.

Sanctions

If investigation of a reported occurrence of sexual harassment reveals that the complaint is without reasonable foundation, both parties will be so informed and will also be informed that no further action is warranted. However, if an individual is found to have violated the College's policy against sexual harassment, disciplinary action appropriate to the severity of the offense will be recommended, including, but not limited to, reprimand, suspension, reassignment of responsibilities, termination of employment, or expulsion from the College. College disciplinary proceedings may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus.

Procedures for On-Campus Disciplinary Action

Students enrolled at Ozarka College are expected to conduct themselves as responsible individuals. Students are subject to the jurisdiction of the College on College matters during their period of enrollment, and the College reserves the right to take disciplinary action against those students who, in the opinion of the College, have not acted in the best interest of the students or the College.

Disciplinary action may consist of verbal reprimand, payment of restitution for damages, restriction of privileges, suspension, or dismissal. Students have the right of due process, if they wish to contest an administrative decision regarding their conduct.

Students or employees who believe that they have been sexually harassed should first seek an informal resolution of this problem as outlined below. If that is not effective, such individuals then should pursue formal resolution of their complaint. All complaints must be made within five (5) days of the occurrence of the alleged harassment.

Informal Resolution

Employees who believe that they have been subjected to sexual harassment should report the problem promptly to their immediate supervisor, Human Resources, or to a supervisor higher in the chain of command. Students who believe that they have been subjected to sexual harassment should report the problem promptly to the Provost or Vice President of Student Services. The person receiving the complaint shall promptly begin an impartial consideration of the complaint and make a thorough investigation. If a mutually agreeable answer or settlement has not been obtained within fourteen (14) calendar days from the date of the complaint, the complainant may initiate the formal procedure. During all informal attempts to resolve a problem, to the extent practicable, efforts will be made to keep the identity of the complainant confidential.

Formal Resolution

If a problem cannot be resolved through informal attempts at conciliation and if the complainant wishes to pursue the matter further, he or she must file a formal complaint with the Affirmative Action Officer, in accordance with the Grievance Procedure outlined in BPM 2.32. All formal complaints will be given a full, impartial, and timely investigation.

Reporting Requirement

In all cases when a complaint is made, both formal and informal, the incident must be reported to the President.

Sexual Harassment

It is the policy of Ozarka College that sexual harassment (as defined under 29 CFR Ch XIV, subsection 1504.11, Section 703 of Title VII of the Civil Rights Act of 1964, as amended, and Arkansas Act 563 of 1985) unconscionable and will not be tolerated.

Persons who commit or knowingly permit acts of sexual harassment will be subject to disciplinary action up to and including immediate dismissal. No employee or student at the College may attempt in any way to retaliate against a person who makes a claim of sexual harassment.

Definition

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

1. Submission to or toleration of such conduct on or off campus is made a term or condition of instruction, employment, or participation in other College activities.
2. Submission or rejection of such conduct by an individual is used as a basis for evaluation in making employment or academic decisions affecting the individual.
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's academic or employment performance or creating an intimidating, hostile, or offensive college environment.

Stalking and Domestic/Dating Violence

Stalking is a criminal act in which one person purposely and knowingly causes another person substantial emotional distress or reasonable fear of bodily injury or death by repeatedly harassing, threatening, or intimidating the victim. Stalking includes, but is not limited to the following behaviors:

- Repeated following or pursuing;
- Threatening or obscene gestures;
- Non-consensual communication;
- Trespassing;
- Vandalism; and/or
- Non-consensual touching.

Cyberstalking (also known as online harassment or electronic stalking) is offensive, threatening communication through the internet, via e-mail, chat rooms, instant messaging, etc. For the legal description, see Arkansas Criminal Code 5-71-229.

Domestic/Dating Violence is a pattern of behavior in which one partner uses fear and intimidation to establish power and control over a family/household member or intimate partner, often including the threat or use of violence. This form of violence may include, but is not limited to, actions that cause bodily injury through physical, emotional, psychological, economic, or sexual means; and may cause reasonable fear of harm on the part of the victim/survivor, or threaten children or pets. Such violence may be done knowingly or negligently on the part of the perpetrator. Violence in domestic and dating relationships tends to escalate in frequency and intensity over time. The longer it continues, the greater the risk of the victim being seriously injured or killed.

Domestic/dating violence and abuse occur among all races, ages, classes, and religious groups. For legal descriptions, see Arkansas Criminal Code Title 5, Chapter 26, Subchapter 3.

Sex Offender Registration

Section 12-12-906(e) of the Arkansas Code and the federal Campus Sex Crimes Prevention Act requires sex offenders who plan to enroll in college to register with the law enforcement agency having jurisdiction over the campus. The statute states that “local law enforcement agencies having jurisdiction shall disclose, in accordance with guidelines promulgated by the [Arkansas] Sex Offenders Assessment Committee, relevant and necessary information regarding offenders to the public when the disclosure is relevant and necessary for public protection.” The Arkansas Sex Offender Registry is available on-line at <http://www.acic.org/Registration/index.htm>.

Ozarka College Annual Security Report

By October 1 of each year, notification of the new annual disclosure report is provided to current students and employees by electronic mail with hyperlinks to the report on the College web page. A paper copy of the report is available from the Office of the Vice President of Administration. The crime statistics are also submitted to the U.S. Department of Education every year as prescribed by the Department of Education.
