## SEPTEMBER

Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time. ~Thomas A. Edison

### DEGREE AUDIT

A degree audit is a tool that students and advisors use to determine which courses are required for a student to obtain a degree. It will show which courses have been completed (with grade and term) and which courses remain to be completed. This tool is available through my.ozarka.

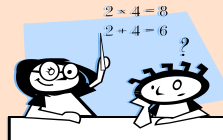

### EARLY ALERT

Early Alerts are “flags” that instructors place on a student’s account when a behavior or event has indicated that a student is having trouble in a certain area or course. A student’s continued absence, poor performance in the course, and missing homework are just a few examples that might prompt an early alert. Once an early alert has been submitted, an email will go to the student, their advisor, and the college success department. This process is designed to catch problems early while there is still time left in the semester to improve.

### TUTORING

Students who are in need of extra help can take advantage of the tutoring services that are provided. TRiO offers peer and professional tutoring.

## Tutor Spotlight

**Congrats Tim for passing your state boards!**

### Tim Davidson

I moved to this area with my two daughters (Haley and Brandi) from Memphis in 1994. I have been employed in various jobs fields throughout my life and did not want to continue down the path that was before me. It was up to me to make a decision that would change my life. My higher education started in July of 2012. I have met many wonderful people along the way. I graduated from Ozarka's LPN program in June of 2014. It has been a long journey, but well worth it. I can say that there has never been a time where I felt that I just could not do it. That being said, it amazes me to look back and see the distance I have traveled since the first day of class.

Come visit Tim in Ash Flat for tutoring help!
